Welcome New School Resource Officer!

Our new School Resource Officer at Barberton Middle School is
Officer

A Barberton Police Officer since 2016, he will
not only keep the building and students safe, but also form meaningful connections with students! We always hope to build a bridge between the community and our police force when we place an SRO in the school.

Fun fact: Officer was born and raised in Barberton – he even graduated from BHS! When he's not working, you might find him spending time outside or playing basketball, golf, or football.

Be a Mentor, Make a Difference

The iCare Mentoring program provides meaningful relationships to Barberton students who need a caring, consistent adult role model in their lives. Want to make a difference? Become an iCare mentor for a local student. All it takes is one hour each week with a student, for at least one school year.

What is Your Student Doing Online?

Although the Internet is a great tool, researchers have proven that social media sites can be detrimental to teenager's mental health. BHS is partnering with Red Oak Behavioral Health to show films that investigate this topic to educate both parents and students. In November, Principal Henry Muren will be showing Like, a film that explores the damaging effects social media has on young minds.

Dear Lieutenant White,

Thank you once again for the excellent service Officer Greene provided during our concert on Sunday, August 8th. His presence along with our parking lot men provided a very calm non-eventful evening as we had a crowd of close to 300 people on our property. Your commitment and the commitment of the entire Barberton Police Force is greatly appreciated. Also, congratulations on the arrest of the man who slammed into the southside of our building last fall. A special thanks to Officer and his hardwork in the apprehension of this suspect. A special thanks also to Officer Russell who helped with the initial planning for our concert and the maintenance of our parking lot.

Thank you for all you and the other Officers do in keeping us safe.

Sergeants,

and Jon Gibbs heard a call go out of an old lady who fell at Al's.

The call is attached.

The lady was concerned about her husband who was in the car and doesn't drive anymore.

With her being transported by Rescue, they made sure that the husband got home safely to Bath.

drove him and Jon followed.

They also made sure that a relative was notified and that a trusted neighbor knew.

They only left when it was safe to do so and motored on back the Magic City.

Even though they are "just light duty", they showed that you can still bring value and positive police action to situations.

I've attached the thank you letters from the adult child of the couple took the time to write them a note.

I wanted you to be aware so you can give them some positive reinforcement also.

In this noted instance they showed the caring and concern that makes us all proud of them and BPD.

Thanks for taking care of the Two Hole.

Chief

COMMENDATION

Dear Officers,

On the early evening of December 28, 2020 at approximately 1900 hours a call came into dispatch to check on the welfare of a person looking to jump off the 6th floor balcony of the Hilltop House. The caller was a Crystal Thomas and she was calling about her adult son named Romir Cody. All of you were dispatched to the call and responded with a sense of urgency and began investigating what was going on. The man was observed laying on the balcony railing six floors up with half his body dangling over the edge. The peril was palpable and the jeopardy extremely real. Officer Palko began to engage Cody from below. Cody was very upset and had made multiple threats about ending his life and that he was going to jump and die.

After making sure the landing zone scene was safe, Officers Palko and Dalessandro all made their way to the sixth floor and outside balcony. Tactical discussion about how to approach was discussed as you rode the elevator up. You quickly recognized the gravity of situation and that this was no mere cry for help when you saw him up close, astride the balcony. As Cody was engaged by Officer Palko from below and not looking in their direction, Officers Sconiers and backed-up by Officer Dalessandro were able to grab Cody and remove him from the balcony to safety. Cody was found to be visibly intoxicated and in distress. It was also learned that he had purposely crashed his mother's vehicle earlier in the day. You then made sure he was able to receive the mental health care he needed by transporting him to Summa Barberton Citizens Hospital.

I was made aware of the situation and watched the body cam footage of your exceptional actions on this call. Because of your lifesaving actions a man was given the opportunity to live another day. My assessment is that you all did an excellent job. Your ability to put your training and skills to use in a high pressure and stressful situation shows the kind of officers and men that you are. To have the opportunity to save a life and do it is one of the greatest moments in our profession. What you did is an excellent example and model about what a Barberton Police Officer should be. You put the needs of a man in distress first and foremost. Your character and commitment shined through. Because of your collective actions, a man has another shot at life.

Your life-saving actions in this incident both further and exemplify the mission, goals and motto of the Barberton Police Department. We are all very proud of you and have our sincerest thanks and gratitude.

Most Sincerely,

Chief Vincent Morber

Officers,

I received a letter of appreciation from a call that you collectively handled.

The letter is attached.

I can't say it much better than the letter does.

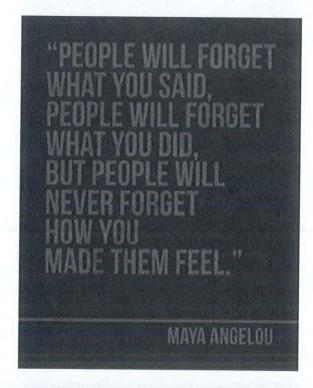

You each represented our Department and City in an exemplary fashion.

When I tell others about how good a department we are; it because of actions like this and officers like you.

Lots of cops can arrest the bad guys day after day; at a certain point that's easy.

To me- this is just as important or better than a felony arrest.

THIS type of call is where we show our character and who we really are as officers and a department.

 $\mbox{\sc l'm}$ proud to work with each of you and sincerely thank you for your excellent actions. Thank you all.

Truly,

Chief

Dear Chief Morber:

Our family would like to recognize and send a heartfelt Thank You to Officers Palko, and Huish that answered the call for a wellness check on our cousin, Marc Allen, on August 28, 2020. Officers Palko and were the first to arrive and unfortunately found him deceased.

Their immediate compassion to the family members that were at the home is greatly appreciated. This compassion and respect continued as other family members, along with Marc's father, arrived. Staying with all of us through this unbelievable time, as everything was taken care of, meant so very much to us.

Please share with these officers the sincere gratitude we all have for them.

May God keep them safe,

The Heitic families

We remember a fourth officer and have found out his name is Officer Mc Call. Please extend our sincere gratitude to him as well.

Vince Morber [EXT] Thank you

Good morning Chief,

I just wanted to reach out to let you know how thankful I am that the privilege of working for such a fine organization. When he was injured at work, the officers rallied around him with support unlike I have ever seen. The officers on shift, and even one who was off duty, stopped into the ER to check on him. He received countless phone calls and text messages. All of this was over a small laceration. I cannot imagine the support these brothers would have shown for a serious injury.

You have an amazing group of guys working for you. I'm thankful to be part of the family.

Yours.

Call Type SUSPICIOUS PERSON Albert Brasiel has several felony warrants out of Summit County Sheriffs Office. During patrol, I was following a vehicle, when a white male jumped out of the passenger seat and began to run away at 2 ST SW and Wooster Rd W. I turned on my lights and sirens, but the male continued to run away from me. I could see that the male was Albert. While calling it out over the radio, I lost Albert somewhere behind Key Bank. An anonymous person called in and stated they saw Albert behind the Post Office. Officers attempted to stop Albert, but he continued to flee and did not comply with commands to stop. Ptl. was able to stop Albert, as he was running, and took him to the ground. Several officers attempted to get Albert into handcuffs, but he continued to resist by refusing to put his hands behind his back. After a few seconds, officers were able to get Albert into handcuffs. During the arrest, Ptl. botained a laceration and swelling above his left eye which required stitches. Ptl. was transported by Barberton Fire to BCH. Albert was transported to the Barberton Jail where he was checked out, after complaining of chest pains and a headache, and cleared by BFD. Albert had a scratch on his wrist. Photographs were taken of Albert. Albert was charged with obstructing official business and resisting arrest. Albert was then transported to the Burberton Jail where he was

Barberton police officers replaced a 2-year-old's Christmas decoration after her parents reported it stolen.

On Dec. 6, policemen Nathan Samples and responded to the call.

"We got a call that a person wanted to report their projector was stolen and while we were en route, dispatch gave us a heads up that the dad called and said his daughter had leukemia and was heartbroken over

it being stolen," explained Samples.

Before Samples and Velo got to the resident's house. they were already doing research to see where they could buy a replacement for the stolen Mickey Mouse projector.

He said as soon as they learned about the child's cancer, they wanted to do something to make the family feel better.

They went home and gathered the information needed to make the report.

Chief suspension sustained

Barberton Fire Chief Kim Baldwin

The Barberton Civil Service Commission has confirmed the suspension of Fire Chief Baldwin.

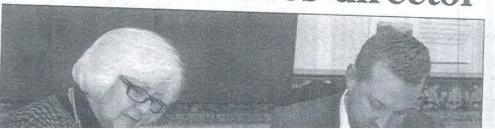

At a special Dec. 12 commission meeting Safety and Human Resources Director Elizabeth Daugherty stated Baldwin was notified by email of the meeting and he replied that whatever decision was rendered he would abide by. Baldwin also thanked the commission for their time.

Daugherty said Baldwin hasalreadyservedatwo-week unpaid suspension after she determined he retaliated against a captain who bypassed the chief in taking a harassment complaint to human resources.

Christmas shopping was especially exciting for a group of children when the Norton Police Department's Shop with a Cop descended on the Wadsworth Target store.

The Dec. 15 event allowed a select group of children from Norton schools to be escorted by safety forces, other city employees and families to assist, plus generous contributions from the community. Children were selected based on economic and other factors.

The day began with breakfast at Grace Church with the help of Dee's Diner, followed by a police escort with plenty of lights and sirens. After shopping, the procession returned to the church for gift wrapping and lunch.

"I'm thrilled with the collective impact model," stated Chairman of the Board Michael Chisnell, "because it challenges our

organization and challenges the community to have focused volunteerism and focused partnerships to develop and blossom."

Chisnell said the BCF board, city and community have a lot to learn about collective impact. "You don't just press a button and everything is in place." He anticipates six to 12 months of formulating, identifying and doing the homework before fully deploying collective impact in 2019.

In the search for an executive director, 64 applicants were received by search organization Finding Leaders. From those five finalist selected for interviews with board members.

In other board action, Dennis Liddle was approved for a three-year board of directors term. Liddle was also selected to be chairman of the board, both effective at the end of the annual meeting, Jan 17.

Debra Shreiner was named to a three-year term on the board, approved by the Foundation and subject to the approval of Barberton City Council.

"We talked with the gentleman and he was the nicest man in the world," said Samples.

"It was a crappy situation

and we knew going into it that we're going to make this a better day for them." said Samples.

After Samples and got permission from their sergeant, they drove to the Lowe's in Wadsworth and bought the last one off the shelf.

The officers said the stars were aligned for them when they went to the store because it was the last one and the employees were helpful and moved them to the front of the line at the cash register. When they made it back to the house the father helped them set up the projector.

"We made a bad situation better," said Samples.

H&R Block Incident September 28, 2018

On Friday September 28, we (the BPD Admin Office) were wrapping up for the week. Jackie took a call from some lady (later ID'd as Tiffany Edwards) who was complaining about an incident that had occurred. I heard Jackie try and explain the complaint process to her and it seemed as though the woman would have none of it or wasn't comprehending. After she got off the phone, she told Lt. White about it.

I went over the Lake Cinema 8 to check on the set up for the Walk of Fame as I was working security for the event. At one point, I walked back into my office to get some equipment and passed by Sgt. Casey talking in the hallway to a black female. There was no conflict in their conversation. I later found out that he was talking to Tiffany Edwards.

I went back to the Walk of Fame and talked to Service Director Vinay who said some lady (Tiffany Edwards) had been making the rounds through the City Building to complain. I explained what little I knew about it at this time and we enjoyed the ceremony.

Later that night, while at dinner at the Green Diamond, I received (2) phone calls from former City/current County Councilman Soyars. As I was eating with my family and mid-bite on my savory steak, I did not answer either call. I then received a text from him at 1950 hours, "Chief call me". I excused myself and gave him a call. He informed me that Tiffany Edwards had called him and made all kinds of accusations against BPD and the officers. I told him what little I knew but that not to worry about it because our officers are professionals and I've no doubt they acted appropriately. He said thanks and just wanted to let me know because she was definitely trying to stir something up. I told him that there was a process for complaints and he said that he tried to tell her that but didn't feel that she'd follow it. I thanked him for the heads up and went back to dinner.

On Saturday 9/29/18 @ 1505 hours, I received the email from Councilwoman Fry. Tiffany Edwards had gotten ahold of her and she took her complaint and memorialized it in the email which was then sent to 5 others besides me. It is attached in this packet.

On Monday morning 10/1/18 at 0819 hours I received a transferred call at my desk from Council Clerk Fox. It was Tiffany Edwards. She started to go into the whole situation and I told her that I understood she wasn't happy. I explained our complaint process and why we have it; that more often than not, it is a misunderstanding/communication issue about where both sides are coming

from and what it known to each at the time. Therefore we work from the lowest level up and go from there. I explained the process and where she could obtain official complaint forms both online and in person. I also told her that if she didn't want to do that, then she could email me directly and gave her both my work email and the city police email. She asked me why she hadn't met me before. I said I didn't know. She made it point to tell me that I must not have been at the Democratic Dinner that had been just held or the event that she organized and brought in Senator Kamala Harris and some other Democratic political event. I told her that she wouldn't ever see me at those as because I represent the Barberton Police Department, we are apolitical. We show no favoritism and are unbiased in matters of politics, race, gender, sex or creed. She said that she didn't believe that. I told her that we and my department are professionals who uphold the Constitution and laws and that we just want folks to be safe and secure above all. She said that she would be filling out the complaint forms and making sure that everyone knew. I told her OK and that I felt that she had obviously made others know in the last 48 hours and that when her complaint came in, it would be investigated in a fair, honest and unbiased manner. She said ok and the conversation ended.

Obviously, she didn't get the answers or acquiescence she wanted from me because she later talked to you. Your conversation and follow up emails regarding your conversation with her are included in this packet.

That morning I spoke with Lt. White and told him to start an investigation as Edwards indicated that she would be filing a formal complaint. He said that he knew what was coming based on Councilwoman Fry's email and had already taken steps in that regard. I told him thanks. Lt. White did an excellent and thorough investigation and turned it in on Thursday, October 4th.

I went through the packet and statements. I watched all the video and listened to the phone call. After a complete and thorough review of everything, I believe that the officers involved and the Barberton Police Department acted in accordance with department policy and procedure, without bias and in an appropriate manner throughout their dealings with Tiffany Edwards. This complaint is ruled **UNFOUNDED**.

I will additionally add that I am concerned and more than a bit disturbed that some public officials would seek to pander and rush to judgment in this matter. Equal protection and representation under the law should be applied to both sides in any incident and I don't feel that it occurred in this incident. It is as though because a Democratic black woman complained that BPD had to prove itself innocent. It is clear to me and to others who spoke to her for more than 5 minutes that Tiffany Edwards had an agenda and was willing to use race, bias, children, gender, political connections, changing story line and anything else she could conjure up in an attempt to get her way. Just because she says it happens, doesn't make it true. That is the very reason we have a complaint process; one that works and should be adhered to and followed, especially for these types of incidents. I would like to see it more clearly followed and adhered to. I would

like to say that I am very proud of all the officers involved in this incident. They were true professionals and did not go down that proverbial "rabbit hole" (as Lt. White so eloquently stated) with Edwards and her race baiting argument. The Barberton Police Department is a professional department that treats individuals fairly, with respect and without bias. Let me repeat that; The Barberton Police Department is a professional department that treats individuals fairly, with respect and without bias. I will never tire of telling the citizens and officials of Barberton that. I do pray that someday they actually truly believe it.

My wife and I and our youngest daughter are citizens of Cuyahoga Falls and our oldest daughter is a citizen of Barberton. On the evening of June 4, 2017 our daughters were out together in your city driving and happen to break down near 1252 Robinson Avenue. The alternator on her car went bad. Our daughters called us like we have always told them to do in any situation. They wanted us to come and rescue them. While we were on our way they stated that a really nice police officer by the name of Simmons had pulled up behind them and asked if they were ok. They told him that their parents were on their way and he waited for us to arrive. It was getting dark and their car was hard to see sitting on the side of the road, so he stayed behind them with his lights on to make sure they did not get hit. Upon our arrival, Officer Simmons stated he had another call to go on and waited for us to position our car behind our daughters before he left.

We got the car to start and made it to Robinson and S. Van Buren where her car quit working again. Another fine Police Officer by the name of Vello stopped behind us and waited for us to try to get her car started again. Unfortunately, her car would not start. Officer Vello blocked the intersection so we could push her car safely into Davis Printing's parking lot.

We, as parents, would like to thank these two Police Officers for being so kind and helpful in our daughter's times of need. Our daughters were laughing and making the best of the situation mainly because your Officers were making them feel comfortable and not nervous.

Thank you to the City of Barberton for hiring such caring Officers and thank you to the Barberton Police Department for a job well done!

Police responded to an accident with injuries where the driver of one of the vehicles was intoxicated. The accident occurred near Fifth Street and E. Huston May 6, at around 9 p.m.

When officers arrived, Miracle D. Harkness was sitting on the curb with her 1-year-old child. Two open containers were seen inside the car driven by Harkness, one in the cup holder and one on the passenger floor. Police could smell alcohol on her breath.

Harkness admitted to slamming into a vehicle after it stopped in front of her. Officers placed Harkness under arrest for suspicion of operating a vehicle under the influence. She was taken to the station for a breathalyzer test after failing the field sobriety tests given at the scene. The breathalyzer test reported a .198 blood alcohol content.

Harkness was charged with operating a vehicle under the influence of alcohol and child endangering.

POLICE PATROL OFFICER

Classification title: Shift Patrol Officer

Position Title: Police Officer
Civil Service Status: Classified
Employment Status: Full-time

Bargaining Unit Status: OPBA Blue Unit

Department: Safety

Reports to: Patrol Supervisors

Qualifications: High School Diploma or Equivalent; Must have attained the age of (21) years; Certified as a Peace Officer by the Ohio Peace Officer Training Council; have a valid Ohio Driver's license.

Major responsibilities of a Police Officer require consistent attention and commitment to this agency's mission. All assigned duties and tasks are expected to be performed in an effective, efficient, and safe manner. The jobholder must accept the responsibility to support and promote this organization's mission and goals and comply with its directives. Personal conduct and behavior (on duty as well as off duty) must be such that it does not bring disrepute or unnecessarily endanger the public's trust or confidence in the agency or its members. This position requires a high level of problem-solving ability, self-initiative, and the ability and willingness to work a majority of time without direct supervision. Successful performers are those who are capable and willing to make decisions that are consistently in line with the agency's mission, goals, and objectives. The incumbent must maintain a high level of job knowledge and competency.

Major duties of a Police Officer involve taking calls for service, patrolling to deter and detect crime, investigating complaints, citing and/or arresting law violators, following up of pending reports and cases, protecting persons and property, and securing and protecting prisoners. When not responding to calls for service, the incumbent is expected to use self-directed work time in an efficient manner by self-initiating work on those tasks identified by supervisory personnel as priorities for this job position. The police officer may be required to perform other functions necessary for the safe, efficient, and effective operation of the department.

Work conditions vary by shift. The majority of tasks are performed outside while working from a police cruiser. Few tasks require heavy lifting, pushing, pulling, or carrying heavy loads. Flexibility is important because of the frequent need to enter and exit vehicle and buildings, climb over and around obstacles, move suddenly out of the way of dangers, etc. Mental alertness is very important because of the need to make fine discriminations and decisions based on subtle cues of impending danger and the need to discover inconsistencies in witnesses or suspects testimonies, etc. However, physical and mental demands can

change dramatically within a few seconds, taxing the maximum of human endurance. Therefore, incumbents must maintain a physical and mental state of fitness and readiness that enables them to handle (with minimal force and often without assistance) recurrent contacts and involvement with dangerous and potentially dangerous people, animals, and equipment.

Removal can be with or without fault of the jobholder or the agency. Economic conditions that cause reduction in work force, the member's inability to attend regularly to work, chronic illness, and a failure to perform competently on any of the critical tasks of the position or consistently fail to perform competently on regular tasks are among the major reasons for job removal without fault. Failures to support the agency's mission and goals, uphold the oath of office, behave in a manner that supports the Code of Ethics, conform to the rules and regulations continually comply with preconditions for original employment, display due regard for civil liberties of any persons accruing atypical amounts of dysfunctional work time, requiring atypical amounts of supervisory counseling or remedial training will lead to removal with or without fault.
