Title: The Ohio Cannabis Rights Amendment

SUMMARY

To amend Article XV of the Ohio Constitution by adding a Section 12 to provide for the medical, therapeutic and industrial use and regulation of Cannabis in the State of Ohio.

- In accordance with Article 1: Bill of Rights, Section 1 of the Constitution of the State of Ohio, allows eligible Ohio residents, who have attained the age of majority and are diagnosed with a debilitating medical condition, to use, possess, produce and acquire the genus Cannabis, also known as medical marihuana or medical marijuana, for therapeutic use in amounts sufficient to meet their therapeutic needs and alleviate their suffering. Ohio residents under the age of majority, who are diagnosed with a debilitating medical condition, may be eligible with prior written consent of a parent or guardian.
- Protects eligible residents from discrimination, interference by the State, invasion of privacy and breach of confidentiality regarding their therapeutic use of Cannabis, and protects the confidentiality of records kept by the State pertaining to such use. Protects eligible residents, providers, farmers and others who provide legal access to Cannabis from arrest and prosecution, and permits medical necessity as an affirmative defense in a court of law for persons who are not eligible residents.
- Allows eligible residents to access goods and services to enable their therapeutic use of Cannabis. Permits eligible individuals or organizations to grow, process, distribute, transport, purchase or sell therapeutic Cannabis in its various forms to eligible residents according to rules and regulations as established by an Ohio Commission of Cannabis Control (Commission). Permits commercial production, distribution and taxation of therapeutic Cannabis. State-licensed providers will operate under the regulatory control of the Commission.
- Allows Ohio residents deemed eligible by the Ohio Department of Agriculture (ODA) to produce and sell non-psychoactive Cannabis, also known as hemp, for industrial uses such as paper, fuel, foods, building materials and clothing. Under the regulatory control of the ODA, permits commercial production, distribution and taxation of hemp in a manner similar to other agriculture commodities. Removes hemp from any schedule or classification system in Ohio where it is listed as a drug.
- Mandates that the rights enumerated in the Amendment not be abridged, and that the State of Ohio support, uphold and defend these rights in accordance with the health and safety of Ohioans and the Ninth and Tenth Amendments to the Constitution of the United States of America.
- Does not require the therapeutic or industrial uses of Cannabis and does not invalidate existing bans against smoking in public places or places of employment.
- Does not authorize individuals to operate a motorized conveyance (vehicle) while under the influence of Cannabis; does not prohibit civil or criminal penalties for undertaking a task while under the influence of Cannabis that would constitute negligence or professional malpractice. Bases impairment from the therapeutic use of Cannabis and the testing to determine such impairment on scientific evidence of impairment. Being under the influence would not be determined solely by the presence of metabolites of Cannabis in an eligible resident's urine, blood, tissue, hair or skin.
- Lists debilitating medical conditions, including glaucoma, HIV/AIDS, cancer and Crohn's disease. Includes chronic conditions that produce symptoms such as severe or chronic pain or nausea. Allows the Commission or the General Assembly to further designate qualifying debilitating medical conditions.
- Permits research and educational institutions to study the therapeutic and industrial properties of Cannabis.

- Creates an Ohio Commission of Cannabis Control which supports and upholds the rights of eligible residents; licenses, regulates and controls Cannabis for therapeutic use in Ohio; serves the public interest; and ensures statewide compliance with this Amendment.
- Establishes a nine-member Board of the Ohio Commission of Cannabis Control consisting of two eligible residents who are Ohio voters, two Ohio farmers, a licensed medical practitioner, a licensed mental health professional, a law enforcement officer, a representative of the ODA and a representative the Ohio Civil Rights Commission (OCRC). No more than four members shall be of the same political party. Initial appointments of the two Ohio voters, the two Ohio farmers, the medical practitioner and the mental health professional shall be selected by the Committee to Represent the Petitioners for this Amendment. Initial appointments of the law enforcement officer, the ODA representative and OCRC representative shall be selected by the governor within 60 days of an affirmative vote by the electors of the State, or thereafter, by the Committee. Initial terms for the Commission board are three members each for respective four, three and two year terms. Succeeding terms are three years, with members selected by the Governor and approved by the Senate. Vacant positions on the Commission board will not prevent the remaining Commissioners from exercising the powers of the Commission.
 - Mandates that the Board of the Commission conduct its first official meeting within 90 days of an affirmative vote by the electors of the State and that the implementation of regulations and licensing and permitting systems take place within 180 days of an affirmative vote.
 - Provides for open meetings of the Commission, limitations on compensation of Commission board members and disclosure of their corporate affiliations. Requires the Commission to submit an annual report to the Ohio General Assembly.
- Gives Commissioners the authority to make regulations, recommendations or findings as they pertain to Cannabis for therapeutic use in accordance with this Amendment and the Ohio Administrative Procedure Act. Requires the Commission to license or authorize other personnel to regulate the therapeutic and industrial use of Cannabis within the State.
- Authorizes the Commission to delegate the enactment and amendment of regulations, recommendations or findings pertaining to Cannabis for industrial use to the ODA, which shall implement them according to the same time table as the Commission.
- Allows the Commission to set fees, and issue licenses, permits and fines for therapeutic Cannabis use, and for the ODA to set fees, and issue licenses, permits and fines for industrial Cannabis use.
 - The operating costs and expenses of the Commission, the ODA and their staff are to be funded by the reasonable fees and fines based on necessary operations and not cost prohibitive for eligible residents, farmers or providers.
- Requires that the regulations uphold the Rights enumerated in Section 1 of the Amendment.
- The General Assembly is mandated to provide adequate funds to cover the costs of implementing this Amendment.
- If any section of the Amendment is found to be invalid, that section cannot affect any other section that can be given full effect without it.

Residents of the State of Ohio, who are under the age of majority and who are diagnosed with a debilitating medical condition, may be eligible residents with the prior written consent of a parent or guardian.

(C) Eligible residents shall have the right to be free of discrimination and interference from the State of Ohio with regard to their therapeutic use of Cannabis. Persons who are not eligible residents may use medical necessity as an affirmative defense in a court of law.

(D) Eligible residents shall have the right to privacy and confidentiality with respect to their therapeutic use of Cannabis, including, but not limited to, any records kept by the State pertaining to such use.

With this right, Cannabis for industrial use is hereby removed from any schedule or classification system in the State of Ohio wherein it is listed as a drug.

(I) These rights shall not be abridged, and the State of Ohio shall support, uphold and defend these rights in accordance with the health and safety of Ohioans and the Ninth and Tenth Amendments of the Constitution of the United States of America.

Section 2. Limitations.

(A) Nothing in this Amendment requires the therapeutic use of Cannabis or the industrial use of Cannabis; nor does this Amendment invalidate existing bans against smoking in public places or places of employment.

(F) Nothing in this Amendment authorizes any person to engage in, nor prohibits the imposition of civil, criminal or other penalties for undertaking any task under the influence of Cannabis, when doing so would constitute negligence or professional malpractice; or to operate, navigate or be in actual physical control of any motorized conveyance while under the influence of Cannabis.

(G) An eligible resident shall not be considered to be under the influence of Cannabis for therapeutic use solely because of the presence of active or inactive metabolites of Cannabis in the eligible resident's urine, blood, tissue, hair or skin or as detectable by any other measure of body chemistry. The legal definition of impairment as a result of the therapeutic use of Cannabis and the applicable testing to determine such impairment shall be based on scientific evidence of impairment.
