CLERK OF COURTS

JOURNAL ENTRY

Case No. 10CV739

Judge David E. Henderson

The case is an Unemployment Compensation appeal. Appellant did not include the Director, ODJFS, as a party in her Notice of Appeal. The requirement to include all interested parties in the Notice of Appeal is mandatory pursuant to ORC§4141.281(D) in order to invoke the jurisdiction of the Court; therefore, this Court has no jurisdiction over this matter. In addition, claimant failed to file a request for review within 21 days after the issuance of the Hearing Officer's February 24, 2011, decision as permitted by ORC§4141.281(C)(3). There was no final administrative decision issued from which claimant could properly take this appeal at the time the supplemental appeal was filed on March 7, 2011.

WHEREFORE, the Director's Motion to Dismiss is therefore well taken. This matter shall be and is hereby DISMISSED.

Judge David E. Henderson
