This case is an unemployment compensation administrative appeal. Appellant did not name his former employer or the Director as a party-appellee in his notice of appeal. He also did not identify the administrative decision being appealed. Because R.C. 4141.282(D)'s requirement to include all interested parties in the notice of appeal is mandatory to invoke the jurisdiction of the Court, as is R.C. 4141.282(C)'s requirement that the administrative decision being appealed be identified in the notice of appeal, this Court has no jurisdiction over this matter.

The motion to dismiss filed by appellee Director, Ohio Department of Job and Family Services is therefore well taken. This matter is DISMISSED with prejudice.
