REVIEW OF VIDEO RECORDING 13441 EUCLID AVENUE

Summary

On January 02, 2013 S/A Brenda McNeely reviewed a video recording titled “Shell Station 13441 Euclid Ave (CC-12-03-0116)” from S/A Rick Warner #135. The recording is dated 11-29-12 and is marked CCU evidence item #6 (Exhibit #95). This video previously appeared to be in an incompatible format requiring an unknown authorization code to access the video. A request was sent to the company for a temporary authorization code by Computer Forensic Specialist Allan Buxton. The authorization code or the “codec” instructions were sent from GeoVision technical support, permitting the viewing of the video.

Details

The video recording possibly begins at approximately 22:42:10 hours; however, the time stamp is not clear. The video reflects the roadway of Euclid Avenue and an obstructed view of Superior Avenue at the corner where the two streets intersect. Traveling from southeast to northwest, a vehicle can be seen entering the camera’s viewing area that is consistent with the vehicle driven by Timothy Russell. It is being pursued by approximately 40 police units with emergency equipment activated, with 17 of them directly behind the vehicle and the remaining 23 units straggling by throughout the remaining time on the video.

Simultaneously, there are approximately 14 police units with emergency lights activated traveling west to east on Superior Avenue, turning northwest (left) onto Euclid Avenue behind the other police units for a total of 54 police units.
