## **Peace Officer Basic Training FAQ**

### **Who can run a peace officer basic training academy?**

An institution which is part of a state, county, municipal corporation, public school district, technical college district, or the Department of Natural Resources that is approved by the Executive Director can conduct Peace Officer Basic Training.

### **What is the difference between an open enrollment student and an appointed student?**

Appointed students are students with a peace officer commission from an agency prior to completing their academy and becoming certified. These students are issued an Ohio Peace Officer Basic Training certificate once they pass the State Certification Exam.

Open enrollment students are enrolled in an academy but are not affiliated with an agency. If they complete Peace Officer Basic Training, they receive a letter of completion. Once they are appointed by an agency, they are issued a training certificate (subject to any additional required training that has been mandated in the interim).

If an open enrollment student obtains an appointment after one year of passing the State Certification Exam, the student must take Peace Officer Refresher Training and pass an exam before gaining certification. If an open enrollment student does not get an appointment within two years of passing the State Certification Exam, the student must repeat Peace Officer Basic Training if they want to become a peace officer.

If a student's appointment status changes during the academy, you must notify the Compliance Officer and complete the accompanying paperwork.

### **What is a curriculum code and where do I find it?**

The curriculum code indicates which curriculum an academy must use. It is based on the start date of the academy and relates to both lesson plans and the state certification exam. It can be found on the opening letter.

**What audits and oversight can I expect during an academy?**

Compliance Officers will conduct an opening audit to review the application and supporting documentation needed to run an academy at least 21 days prior to the start of it. They will also conduct an enrollment audit on the third day of your academy, as well as a closing audit at the end of the academy. The closing audit ensures all students have met Commission requirements and are eligible to sit for the State Certification Exam.

Compliance Officers will also make regular visits to the academy to observe instruction and review paperwork.

**What are SPOs?**

Student performance objectives (SPOs) are concepts and physical skills within the curriculum upon which students are tested, during the academy and/or during the State Certification Exam.

## Section 1

### Pre-Opening Organization

This section explains the requirements for Commanders, Teaching Facilities, Instructors, and Students.

#### 1.1 Commanders

- 1.1.1 A person desiring to become a Commander for any OPOTC-approved training program must submit an application to the OPOTC for approval. The Commander's application must be filed and approved by the OPOTC before any other action may be taken.
- 1.1.2 A person applying to become a Commander must be associated with an existing or proposed school. A letter from the CEO of the school attesting to the institution's desire for the person to become a Commander must accompany the application.
- 1.1.3 The minimum qualifications for a Peace Officer Basic Training Commander are established by [OAC 109:2-1-05\(A\)](#)
- 1.1.4 After the application is provisionally approved, the applicant must register for the OPOTC Commander Course. Within 30 days of successful completion of the OPOTC Commander Course, the applicant must meet with their Compliance Officer and, if needed, complete an on-site inspection. Once completed, their Commander certificate will be issued. This certification process must be completed before any other action may be taken.
- 1.1.5 Only OPOTC-certified Commanders may conduct OPOTC-approved training programs. A Commanders' OPOTC certificate must be current and shall not expire prior to or during the dates a Peace Officer Basic Training School is scheduled. For information regarding commander certification renewal, please refer to [OAC 109:2-1-05\(C\)](#)
- 1.1.6 Commanders approved for a particular school may not permit any other person to function as the Commander. If the Commander of record will be absent for an extended period of time (e.g., vacation, illness, etc.), during the school, an OPOTC-certified Peace Officer Basic Training Commander must be designated in writing and such notice must be submitted to the Compliance Officer and Certification Officer prior to the occurrence.
- 1.1.7 Commanders may not enroll in any part of a Peace Officer Basic Training School for which they are the Commander.
- 1.1.8 If a Commander intends to conduct two different schools during the same timeframe at different locations, the Commander must obtain written approval from the Executive Director prior to conducting the schools.

**1.1.9** If at any time the Commander learns of criminal charges, disciplinary actions, or official complaints regarding any Student, Instructor or Commander, whether made in reference to their position as an Instructor or Commander or otherwise, the Commander must inform the Compliance Officer.

## **1.2 Teaching Facilities**

**1.2.1** The Ohio Administrative Code requires that, at a minimum, all Peace Officer Basic Training Academies shall have the following facilities and equipment:

- a. A classroom with adequate heating, lighting, ventilation, and restroom facilities;
- b. A chalkboard and chalk, or equivalent;
- c. Tables and chairs suitable for writing or seats with an arm for writing;
- d. Audio-visual equipment;
- e. A lectern, stand, or table for the Instructor's use;
- f. A gymnasium or large indoor area for teaching defensive tactics and other physical skills topics supplied with appropriate training and safety equipment;
- g. Access to an OPOTC-approved firearms range;
- h. Access to an OPOTC-approved driving track;
- i. Any other equipment, facilities, program or software as required by the OPOTC Executive Director. [OAC 109:2-1-08](#)

**1.2.2** All facilities utilized by Peace Officer Basic Training Academies must have access to restrooms.

**1.2.3** All classrooms must meet applicable building and fire codes.

**1.2.4** At least three business days prior to using any non-classroom training areas that are shared by others, such as running tracks, the Commander must verify that the training area is available for academy use.

**1.2.5** If an on-site inspection is needed, the Commander shall arrange for such inspections on or before the opening audit. The OPOTC Compliance Officer assigned to a training academy must conduct an on-site inspection and approve the teaching facilities at the following times:

- a. When a new facility is proposed;
- b. When a previously inspected training site is changed;
- c. At any time upon request by OPOTC staff;
- d. Every three (3) years.

### **1.3 Instructors**

- 1.3.1** Only OPOTC-certified Instructors may teach OPOTC topics during OPOTC-approved training programs. The Commander is responsible for ensuring that each Instructor is properly certified on the date and time scheduled to teach in a Peace Officer Basic Training program.
- 1.3.2** To become an OPOTC-certified Peace Officer Basic Training Instructor, a person must apply to the OPOTC for certification. Instructor applications must be signed by a current OPOTC-certified Peace Officer Basic Training Commander.
- 1.3.3** The minimum qualifications for a Unit Instructor in the Peace Officer Basic Training program are established by [OAC 109:2-1-06\(A\)](#)
- 1.3.4** To become an OPOTC-certified Special Subject Instructor, a person must apply to the OPOTC for certification. Instructor applications must be signed by a current OPOTC-certified Peace Officer Basic Training Commander.
- 1.3.5** The minimum qualifications for a Special Subject Instructor in the Peace Officer Basic Training program are established by [OAC 109:2-1-06\(B\)](#)
- 1.3.6** An Instructor's OPOTC certification shall be current and shall not expire prior to the date on which the Instructor is scheduled to teach during a training academy. Instructors who teach a course that requires a non-OPOTC certification, such as First Aid/CPR/AED must also be currently certified as an Instructor through the credentialing agency and shall not expire prior to the date on which the Instructor is scheduled to teach. Instructors may only teach topics and/or units for which they have been certified. If any OPOTC topics or units are taught by an expired or non-certified Instructor, the class may not be allowed to take the State Certification Examination until these discrepancies have been corrected.
- 1.3.7** Peace Officer Basic Training courses must be taught with a minimum of 10 OPOTC-approved Instructors. Some topics require a minimum instructor-to-student ratio. The Commander is responsible for ensuring that the minimum number of Instructors is met when preparing the school calendar and when the topics are actually taught. Commanders must verify Instructor credentials, certified topics, certification numbers and expiration dates.
- 1.3.8** Prior to the opening audit, the Commander must communicate with each Instructor scheduled, to verify their availability for the scheduled topics, dates, and times.
- 1.3.9** Commanders must maintain a copy of the current OPOTC Instructor certificate for each Instructor who teaches at their academy. This file must be available for inspection at any time upon request by OPOTC staff
- 1.3.10** For each OPOTC Instructor approved for courses which require an additional certificate, such as First Aid/CPR/AED, etc., Commanders must maintain a copy of the current Instructor certification from the credentialing agency, and consult with the Instructors to

verify that their accrediting agency has not required any updates. If any updates have been required, the Commander will inform the Compliance Officer, will present documentation that these updates have occurred, and will add that documentation to the certificate file. This file will serve as a guide for Commanders during schedule preparation and for substitution purposes. The file must be available for inspection at any time upon request by OPOTC staff.

- 1.3.11** The Commander and Instructor are responsible for ensuring that the most current version of the curriculum is used.
- 1.3.12** If a guest speaker is invited to teach certain topic areas, an OPOTC-certified Instructor, in the specific topic, must be present in the classroom at all times. All SPOs must be taught by OPOTC-certified Instructors.
- 1.3.13** Instructors may not enroll as a student in any class in which they are a scheduled Instructor.
- 1.3.14** For information regarding Instructor Certification renewal, please refer to [OAC 109:2-1-06\(C\)](#)

#### **1.4 Students**

The Commander must inform each prospective student of the following:

- 1.4.1** No person having any of the following situations may attend basic training (and if these matters include occurrences that are sealed or expunged, they must be reported to OPOTC for review).
  - a. Any felony conviction;
  - b. Any person currently registering as a sex offender, child-victim offender, or arson offender;
  - c. Any person under indictment or otherwise charged with an offense under ORC Chapter 2925, Drug Offenses; Chapter 3719, Controlled Substances, or Chapter 4729, Dangerous Drugs, that involves the illegal possession, use, sale, administration, or distribution of or trafficking in a drug of abuse – if they are convicted of that offense, they are disqualified for a three year period;
  - d. Any person under indictment or otherwise charged with a misdemeanor offense of violence – if they are convicted of that offense, they are disqualified for a three year period;
  - e. Any person under indictment or otherwise charged with a violation of ORC 2903.14, Negligent Assault;
  - f. Any person with a conviction of guilty to an offense under ORC Chapter 2913, Theft and Fraud, or a municipal ordinance that is substantially similar is disqualified for a three year period.

- 1.4.2** As part of the enrollment process, a BCI and FBI criminal record check will be conducted. Records that have been expunged or sealed by court order will be opened and reviewed for purposes of attendance in Peace Officer Basic Training and for purposes of appointment as a peace officer.
- 1.4.3** If the criminal record check reveals a disqualifying arrest or conviction, the OPOTC will notify the student. The student must then submit a certified copy of the final journal entry showing the level of conviction and disposition of the case. The student must submit the certified copy of the journal entry to the OPOTC Executive Director, who then will consider the matter and issue a letter of determination of eligibility to the student and Commander.
- 1.4.4** Prospective students subject to a state or federal weapons disability, or who are unsure if they are subject to such a disability, **may not participate in any portion of firearms training, or any classroom training that involves the handling of a firearm**, unless and until relieved of the disability and unless and until the OPOTC Executive Director notifies both the student and the Commander that the potential weapons disability issue has been favorably resolved. (See ORC 2923.13, Appendix A, and USC Title 18 USC 921). This matter shall be strictly interpreted, and, as a violation could lead to criminal or civil liability for the prospective student, the instructor, and/or the commander, such a violation shall be considered a serious commander certification violation.
- 1.4.5** Pursuant to Ohio Revised Code Section 2923.21, no person under the age of eighteen may participate in any portion of firearms training.
- 1.4.6** Commanders must take reasonable measures to ensure students possess a valid driver's license with operational privileges to participate in any practical portion of driving training. Commanders and Instructors are responsible for enforcing this rule. Commanders also must maintain documents evidencing their efforts, which must be available for review by OPOTC staff upon request.
- 1.4.7** Students may not instruct in any part of the Peace Officer Basic Training School in which they are enrolled.

## **1.5 Credit for Prior Equivalent Training or Education**

- 1.5.1** As provided in OAC 109:2-1-12 (B), students who have been appointed as peace officers and have completed a training program other than under the auspices of the OPOTC may, prior to enrollment in a Peace Officer Basic Training program, request credit for topics in which they may have received similar prior training. The student shall make such request by completing a SF410bas Request for Prior Equivalent Training Analysis form. The Student must be appointed to an Ohio agency before requesting this process.
- 1.5.2** The OPOTC Certification Officer will review the request and supporting documentation to determine the topics and amount of hours of training for which credit may be given. The Certification Officer then will send the student and the appointing agency a letter of

determination indicating the topics and number of hours which the student did not receive credit and which must be completed.

- 1.5.3** After receiving the letter of determination, the student must present the letter to the Commander and may enroll in a Peace Officer Basic Training program as a prior equivalent student. The student will be required only to attend the topics and hours assigned by the OPOTC letter of determination and must complete all of the training with the same school. Like any other appointed student, prior equivalent students must enroll by the third day of class in which OPOTC topics are taught.
- 1.5.4** After satisfactorily completing the Peace Officer Basic Training hours assigned by the OPOTC, the student must successfully pass the comprehensive State Certification Examination covering all areas of the basic training program. If the student fails on the first attempt, a second attempt will be scheduled. If the student fails on the second attempt, the student must then take the entire basic training course and the State Certification Examination.
- 1.5.5** Open enrollment students are not eligible to receive a prior equivalent training analysis.
- 1.5.6** Students who are released from their appointment before the academy is completed may continue through the academy, assessments, and State Certification Examinations steps, at the sole discretion of the Commander. Additional paperwork is required to update any change in appointment status.

## Section 2

### Opening Audit

This section will explain the second phase of the Peace Officer Basic Training program process consisting of an opening audit conducted by the Compliance Officer at least 21 days prior to the first day OPOTC topics are taught. Included in each section are related requirements, procedures, policies and explanations for proper completion and sequence of the required OPOTC forms for Peace Officer Basic Training. All OPOTC forms are available on the Ohio Attorney General website, [www.OhioAttorneyGeneral.gov/OPOTA](http://www.OhioAttorneyGeneral.gov/OPOTA).

**Note: No school shall be approved at the opening audit with less than 10 full-time students, unless approved by the Executive Director.**

#### Submission of the Application

At the opening audit, the Commander will present to the Compliance Officer all the necessary paperwork, in the order listed below. During the opening audit, the Compliance Officer will review these forms to ensure compliance with OPOTC requirements.

#### 2.1 School Application (Form SF100unv)

- 2.1.1** This form must be computer-generated or typed and completed in its entirety. Incomplete applications will be returned to the Commander for completion. Each School Application must contain the following:
- a. Type of school (Peace Officer Basic Training);
  - b. Number of firing points on firearms range;
  - c. The name of the requesting organization (ORC 109.73 (A)(1));
  - d. The school name (no abbreviations, use same name throughout the form);
  - e. The Commander's name and 4-digit basic training Commander certificate number and expiration date (e.g., John A. Doe, BTC 0999, 01/11/2023);
  - f. The proposed dates of the school, total hours, and number of students;
  - g. The days of the week and times classes are to be held;
  - h. The facility address;
  - i. The firearms range address;
  - j. Mailing address;
  - k. Telephone numbers for the Commander and the facility, including fax, and/or cell phones;
  - l. Email address for the Commander and academy;

**2.1.2** The Commander must sign the application. Original or electronic signatures are acceptable.

## **2.2 School Calendar (Form SF105unv)**

**2.2.1** The Commander must complete the school calendar using the provided form, SF105unv. The calendar shall contain the topic headings as they appear on the Peace Officer Basic Training Curriculum. Only OPOTC topics are to be listed on the calendar. All schools shall adhere to the order of topics listed on the Peace Officer Basic Training Order of Topics listed on the OPOTC website.

**2.2.2** The training blocks on the school calendar must include:

- a. Date of instruction (e.g., 03/15/18);
- b. Day of instruction (e.g., M, T, or W);
- c. Number of hours of instruction (e.g., 4);
- d. Time (e.g. 6:00 p.m. to 10:00 p.m. or 1800 to 2200);
- e. OPOTC topic number (e.g., Topic 8-5);
- f. OPOTC topic title (e.g., Stops & Approaches);
- g. For skill or ratio areas, indicate if training is practicable;
- h. If the school utilizes more than one classroom or range, indicate the building name and classroom number;
- i. The Instructor's last name, first name, middle initial and OPOTC 5-digit BAS Instructor certificate number and expiration date. (e.g., Doe, John A., BAS 29999, 01/01/2022); do not use rank or title.
- j. For each Instructor scheduled to teach a course requiring certification from an outside agency, such as First Aid/CPR/AED, etc., the Commander must submit current Instructor certification from the credentialing agency with the school application and verification that they have taken any updates that their specific credentialing agency may require.

**2.2.3** The OPOTC requires a minimum number of mandatory training hours. Commanders are encouraged to exceed this minimum amount. Any additional hours a Commander adds to a topic will also be considered OPOTC mandatory hours as well.

**2.2.4** Training that is scheduled for more than five hours per training day must have at least a 30-minute break period. This break period must be evident on the school calendar and should be scheduled approximately in the middle of the training day. If training exceeds ten hours in a given day, an additional 30-minute break period must be scheduled so that no one block of training time exceeds five consecutive hours without a 30-minute break.

**2.2.5** Classes from separate schools may not be joined together for the same training session. For example, if a school has both a daytime program and a concurrent nighttime program,

they may not be joined together to share the same classroom and set of Instructors. Should a day class and a night class have training at the same facility at the same time (e.g., on a Saturday), they must be scheduled to be in separate classrooms with their own Instructor(s).

- 2.2.6** When scheduling firearms training (both classroom and range), Commanders should allow sufficient time for criminal records checks to be completed prior to the onset of firearms training. Should a Commander or student receive notification of a potential disqualifying criminal conviction or weapons disability, the Commander shall not permit the student to participate in any practical portion of firearms training or classroom training that involves the student handling a firearm unless and until the problem has been resolved and the OPOTC Executive Director has notified the student and Commander that the student is cleared for firearms training.

**Note:** A student subject to state or federal weapons disability who participates in firearms training may be in violation of state and federal law, punishable as a felony offense. A Commander who knowingly allows a student with a weapons disability to participate in firearms training also may be criminally liable.

- 2.2.7** Unit 4, Firearms must consist of a minimum of 46 hours live-fire training which may include demonstration, drill, and practice. This must be conducted at the firing range with the one Instructor per five student ratio in place.

The remainder of the OPOTC minimum 60 hours of firearms training may be conducted in the classroom. Lecture instruction in classrooms set up at the firing range will be counted as classroom training. However, any time practical (e.g., hands-on, inert, simulation, laser, FATS) training is taking place, even if such activities are held in the classroom or in other non-range areas, the “1 to 5” ratio will be required to ensure consistent instruction and safety.

- 2.2.8** Topic 12-1, Physical Fitness and Conditioning, must be scheduled in blocks not to exceed two hours on any given day.

- 2.2.9** The final Physical Fitness Assessment and re-test must be scheduled within the last 80 hours of training. Students who do not pass the final assessment will be given the opportunity for one re-test. The Physical Fitness Pre-entrance Assessment, final assessment, and re-test will not count towards the Topic 12-1 forty (40) hour minimum requirement. The forty (40) hour minimum requirement must be met prior to the final assessment. The date and time of the final assessment, and re-test must be listed on the school calendar. Do not enter the number of hours for the final assessment, and re-test.

Any Physical Fitness Assessments extended for medical issues will be conducted at the OPOTA in London, Ohio.

**Note:** The final Physical Fitness Assessment re-test may not be the only classes scheduled on the last day OPOTC topics are taught.

- 2.2.10** The two live drinking sessions in Topic 10-8, National Highway Traffic Safety Administration Standardized Field Sobriety Testing (NHTSA SFST) must be held on separate calendar days.
- 2.2.11** No Peace Officer Basic Training School may last more than one year without the prior written approval of the OPOTC Executive Director.
- 2.2.12** The Commander must ensure that the minimum instructor-to-student ratios are met for the practical portions of all skills areas and topics that require certain ratios. The minimum ratios are as follows:
- a. Unit 4, Firearms
- A certified Firearms Instructor must be present for all other students not on the firing line. An in-service firearms requalification Instructor can be considered a “Firearms Instructor” for the purpose of these ratios, to maintain order and safety for the students not on the line, but cannot instruct. Only a Peace Officer Basic Training firearms Instructor can do so.
  - No more than two students per firing point may be present at the range during the practical live fire portion of the training. For example, a 10-point range may only have 20 students, (i.e. two relays of ten students each). A class of 40 students would be split into two squads of 20 students, with each 20 student squad receiving a total of 60 hours of training. **5.5.1** Make-ups must be completed within 14 OPOTC topic days of the date that the student returns to class, unless excused by way of a medical extension or a military extension. If the make-ups do not occur within this time frame, the student cannot attend other academy courses until all make-ups have been completed.

Whenever it becomes necessary for a student to make-up training, the Commander shall notify the Compliance Officer at least 24 hours in advance of the make-up session. This notification will be made by using form SF122unv. This form must contain:

- a. School name and number;
- b. Student's name (last name, first name, middle initial);

- j. Location of make-up session;

**5.5.3** Commanders shall maintain the SF122unv, Notification of Make-up Hours Form and present it to the Compliance Officer at the closing audit, along with a separate form SF120unv, Student Attendance Roster (list topic numbers on the last line) and a separate SF121unv, Student Sign-in sheet for those students required to make-up hours.

**5.5.4** If a student arrives late to class and is 15 minutes or less late, the time and missed material may be made up at the end of the class day with the original Instructor, if the Instructor is willing to do so.

In this case, the make-up may be noted at the bottom of the Student Sign-In Sheet, SF121unv, and signed by the Instructor. No entry is required on the Notification of Make-up Hours, SF122unv. These make-ups may not be done on class breaks. For example, class time is 1800-2200 hours. Student Jones arrives late and signs in at 1812. The student may stay over with the Instructor and sign out 12 minutes after class ends. If absence is not made up at end of class day it will be counted as a half hour absence.

- 5.5.5** If the student is more than 15 minutes late, then the time must be made up in a minimum of one-half hour increments by the original Instructor. It can also be made up by another Instructor after being advised by the original Instructor in writing of class progress, provided the Commander contacts the Compliance Officer and sends copies of applicable certificates. Any make-up, whether by the original Instructor or another certified Instructor, must be documented on the Notification of Make-up, SF122unv and accompanying Student Attendance Roster, SF120unv.
- 5.5.6** If make-up hours result in training that is scheduled for more than five hours per training day, there must be a break of at least a 30-minute period. Similar to regular training that exceeds five hours per training day, the break period must be documented and should be scheduled approximately in the middle of the training day. If make-up hours result in training exceeding 10 hours in a given day, an additional 30-minute break period must be scheduled so that no one block of training time exceeds five consecutive hours without a 30-minute break.
- 5.5.7** If hours are to be made-up on the same day they were missed, the Commander shall notify the Compliance Officer in advance and then submit the SF122unv to the Compliance Officer as soon as possible.
- 5.5.8** Students who must complete make-ups may not be combined with other students who missed different content in the same topic.
- 5.5.9** If the student is unable to make-up the topics in the original school, they may make-up hours by attending a different OPOTC-approved school. In these instances, the student must attend the entire block of instruction in the second school regardless of how many hours of instruction were missed in the original school. The original Commander shall notify the Compliance Officer in advance and shall complete the Notification of Make-up, SF122unv and Make-up Student Attendance Roster, SF120unv. The second Commander will ensure that a Student Sign-In Sheet, SF121unv is completed and returned to the original Commander where it will be maintained and made available for inspection by OPOTC staff upon request.
- 5.5.10** If, at the time of the last day of an OPOTC topic, the student has missed any portion of a topic and failed to make it up, the Commander must:
- a. Submit a request to the Executive Director to allow a student to make-up hours. No make-up hours may be completed without at least the verbal approval of the Executive Director or the Executive Director's designee, followed by a written request. As provided in OAC 109:2-1-09 (A), the student will not be permitted to take the State Certification Examination until the make-up hours are completed and the student has fully complied with the OPOTC attendance policy;
  - b. The written request should specify the proposed date of the make-up session, the topic and hours to be taught, and the names of the Instructor(s) and student(s) who will complete the make-up session;

- c. The SF122unv must be completed and submitted to the Compliance Officer prior to the approved make-up session; and
- d. Upon completion of the make-up session, the Commander shall present the SF122unv, Notification of Make-up, the SF120unv, Student Attendance Roster, and the SF121unv, Student Sign-in Sheet, to the Compliance Officer.

**5.5.11** If, due to the size of a make-up class, a Commander feels the Instructor-to-Student ratio should be modified, the Commander must get approval from the Compliance Officer prior to the make-up.

#### **8.2 Certification Criteria**

- 8.2.1** Ohio Administrative Code Section 109:2-1-07 establishes the criteria for the Executive Director to issue a certificate of completion. Commanders must inform all open enrollment students of the following provisions:
  - a. If an open enrollment student is appointed as a peace officer in Ohio less than one year after the date the student passed the SCE, the student must complete any additional training requirements mandated since completion of basic training. This must occur before a certificate of completion will be awarded. The student may not perform the functions of a peace officer until the certificate is awarded;
  - b. If an open enrollment student is appointed as a peace officer in Ohio after one year but less than two years from the date of the SCE, the student will be required to complete the Peace Officer Refresher Training course and any additional training requirements mandated, before the student may perform the functions of a peace officer. Upon successful completion of the Refresher training, a Peace Officer Certificate of Completion will be awarded. ## Section 9

### Refresher Training

If a Commander chooses to add hours to a Refresher topic, the student must attend all of the hours of the Refresher topic. At the conclusion of the Refresher school, the student must complete the SCE for Peace Officer Refresher Training. Officers required to complete Refresher Training may not enroll in a Refresher school until their appointing authority has received the OPOTC Refresher Training determination letter and have submitted it to the Commander. In addition, officers must complete all Refresher topics within the same school. All topics and hours are mandatory.

#### 9.1 Opening Audit/Submission of the Application

The application for a Refresher school must be sent directly to the Certification Officer in London and received at least 21 days prior to the first day of training. The Certification Officer will review this form to ensure compliance with OPOTC requirements.

##### 9.1.1 School Application (Form SF100unv)

This form shall be computer-generated or typed and completed. Incomplete applications will be returned to the Commander. The application must contain the following information:

- a. Type of school (Refresher);
- b. Name of requesting organization (ORC 109.73 (A)(1));
- c. The school name (no abbreviations, use same name throughout the form);
- d. The Commander's name and 4-digit basic training Commander certificate number and expiration date (e.g., John A. Doe, BTC 0999, 01/01/2023);
- e. The proposed dates of the school, total hours, and number of students;
- f. The days of the week and times classes are to be held;
- g. The facility address;
- h. Telephone numbers for the Commander and facility, including fax and/or cell phones;
- i. E-mail address for the Commander and academy;
- j. The Commander must sign the application. Original or electronic signatures are acceptable.

##### 9.1.2 School Calendar (Form SF105unv)

The Commander must complete the SF105unv School Calendar. It shall contain the topic headings as they appear on the Peace Officer Refresher Training. Only OPOTC topics are to be listed on the calendar.

The training blocks on the school calendar must include:

- a. School name and number (no abbreviations, use same name throughout the form);
- b. Date of instruction (e.g., 03/15/18);
- c. Day of instruction (e.g., M, T, or W);
- d. Number of hours of instruction;
- e. Time (e.g., 6:00, p.m. to 10:00 p.m. or 1800 to 2200);
- f. OPOTC topic number (e.g.; Topic 8-5);
- g. OPOTC topic title (e.g., Stops & Approaches);
- h. The Instructor's last name, first name, middle initial and 5-digit OPOTC Instructor certificate number and expiration date (e.g., Doe, John A., BAS29999, 01/01/2022); do not use rank or title; and
- i. If the school utilizes more than one classroom, indicate the building name and classroom number.

- 9.1.3** The Commander shall consult with the Instructors the Commander intends to schedule, to ensure their availability on proposed dates and to minimize the need for changes to the school calendar.
- 9.1.4** No Peace Officer Refresher Training school may last more than two weeks, unless prior approval has been granted by the Executive Director.
- 9.1.5** All hours in Peace Officer Refresher Training schools are mandatory. Commanders are encouraged to exceed the minimum amount. Any additional hours a Commander adds to a topic shall be considered OPOTC mandatory hours as well.
- 9.1.6** Training that is scheduled for more than five hours per training day must have at least a 30-minute break period. This break must be evident on the school calendar and should be scheduled approximately in the middle of the training day. If training exceeds 10 hours in a given day, an additional 30-minute break period must be scheduled so that no one block of training time exceeds five consecutive hours without a 30-minute break.
- 9.1.7** Classes from separate schools may not be joined together for the same training session. For example, if a school has both a daytime program and a concurrent nighttime program, they may not be joined together to share the same classroom and set of instructors. If a day class and a night class have training at the same facility at the same time (e.g., on a Saturday), they must be scheduled in separate classrooms with their own Instructor(s).

**9.1.8** Topic 8-5, Stops & Approaches in Refresher Training is intended as a review. The student will demonstrate basic principles for conducting vehicle stops in situations of varying risk; however, there are no mandatory skill SPOs in this topic. The practical exercises may be tested individually, or combined so that the student performs one practical exercise after the other as part of a comprehensive review. During each practical exercise, the instructor-to-student ratio is one OPOTC-certified Stops & Approaches Instructor for every 10 students, with two vehicles for every five students, one designated as a suspect vehicle and one designated as a cruiser, when conducting Unknown-Risk vehicle stops. There shall be three vehicles for every five students, one designated as a suspect vehicle and two designated as cruisers, when conducting High-Risk vehicle stops.

If, due to the size of a make-up class, a Commander feels the ratio should be modified, the Commander must get approval from the Compliance Officer prior to the make-up.

**9.1.9** Review by Certification Officer and Initial Testing Coordinator Contacts

If approved, the Certification Officer will issue a distinctive school number and appropriate curriculum code detailed on an opening letter to the Commander. The opening letter will indicate that the school has been approved and may proceed according to the school calendar. Upon receipt of the opening letter, the Commander shall contact the Testing Coordinator to schedule the SCE and to report the number of students to be tested. No school may begin classes unless and until an OPOTC school number has been issued. The OPOTC will not recognize any training class, or portion thereof, conducted prior to the issuance of the opening letter and school number.

At the conclusion of the first day of class, the Commander will contact the Testing Coordinator to confirm the testing date and the number of students testing.

**9.1.10** If a Commander does not receive written approval at least five days prior to the first scheduled day of training, the Commander should contact the Certification Officer to inquire as to the status of the application.

**9.1.11** If the start date for the school changes for any reason, the assigned school number shall immediately become void, and the Commander must re-apply for a new school number and the application must be received at least 21 days prior to the new start date.

**9.1.12** If the application is denied, the Commander will be notified of the denial and the reason(s) for it, along with suggested corrective measures. No application will be approved until all errors have been corrected.

## **9.2 On-going Procedures**

### **9.2.1 Notification of Changes in School Schedule (Form SF185unv)**

The Commander shall notify the Compliance Officer, by way of the SF185, at least 24 hours in advance of any changes to the school calendar.

For same day changes, the Commander shall contact the Compliance Officer by telephone or by leaving a voice message indicating that a change in the school calendar must occur that day and stating the reason for the change. The Commander then will prepare and send the SF185unv form to the Compliance Officer.

**9.2.2** The Commander shall maintain an accurate sign-in sheet (SF121unv) for each day OPOTC topics are scheduled. Sign-in sheets shall be submitted to the Certification Officer at the time of the closing audit.

### **9.2.3 Notification of Make-up Hours (Form SF122unv)**

Whenever it becomes necessary for a student to make-up training, the Commander shall notify the Compliance Officer at least 24 hours in advance of the make-up session. This notification will be made by using form SF122unv. This form must contain:

- a. Student's name (last name, first name, middle initial);
- b. Date original class missed;
- c. Proposed date of make-up class;
- d. Number of hours to be made up;
- e. Time of make-up session;

**9.2.4** The SF122unv is a continuing form. When the next student requires make-up hours, the Commander will follow the same process and complete the next line on the form.

**9.2.5** Commanders shall maintain the Form SF122unv, Notification of Make-up Hours, and submit it at the closing audit, along with a separate Form SF120unv, Student Attendance Roster, and a separate Form SF121unv, Student Sign-in Sheet, for those students required to make-up hours.

- 9.2.6** If a student arrives late to class and is 15 minutes or less late, the time and missed material may be made up at the end of the class day with the original Instructor, if the Instructor is willing to do so. If not, the absence will be counted as a half hour.

In this case, the make-up may be noted at the bottom of the Student Sign-In Sheet, SF121unv, and signed by the Instructor. No entry is required on the Notification of Make-up Hours, SF122unv. These make-ups may not be done on class breaks.

Example, class time is 1800-2200 hours. Student Jones arrives late and signs in at 1812 hours. The student may stay over with the Instructor and sign out 12 minutes after class dismissal.

- 9.2.7** If the student is more than 15 minutes late, then the time must be made up in a minimum of one-half hour increments at a later time by the original Instructor. It can also be made up by another Instructor, provided that first the Commander must contact the Compliance Officer and receives confirmation that the other Instructor is OPOTC-certified in that topic. Any make-up, whether by the original Instructor or another certified Instructor, must be documented on the Notification of Make-up, SF122unv and accompanying Student Attendance Roster, SF120unv.
- 9.2.8** If hours are to be made-up on the same day they were missed, the Commander shall notify the Compliance Officer by telephone or voice message in advance and then send the SF122unv to the Compliance Officer as soon as possible.
- 9.2.9** All make-up hours must be completed by the last day OPOTC topics are taught in a school.
- 9.2.10** If, at the time of the closing audit, the Commander is willing to accommodate a student who has missed any portion of training, the Commander must:
- Submit a request to the Executive Director to allow a student to make-up hours. No make-up hours may be completed without at least the verbal approval of the Executive Director or the Executive Director's designee, followed by a written request. The student will not be permitted to take the SCE until the make-up hours are completed and the student has fully complied with the OPOTC attendance policy;
  - The written request should specify the proposed date of the make-up session, the topic and hours to be taught, and the names of the Instructor(s) and student(s) who will complete the make-up session;
  - The SF122unv must be completed and submitted to the Compliance Officer prior to the approved make-up session;
  - Upon completion of the make-up session, the Commander shall present the Form SF122unv, Notification of Make-up, Form SF120unv, Student Attendance Roster, and Form SF121unv, Student Sign-in Sheet, to the Certification Officer.

### **9.3 Closing Audit Procedures**

**9.3.1** The following paperwork shall be submitted to the Certification Officer no later than five days after the last day of OPOTC topics. All closing documents submitted shall be original and either computer-generated or typed.
