## Ohio Victims of Crime Compensation Fund

The Ohio Victims of Crime Compensation Fund was established in 1976 to help innocent victims of violent crime by easing the financial burden they face as a result of victimization. For more than 20 years, the Court of Claims of Ohio managed the fund; the Ohio Attorney General's Office made recommendations to the court regarding reparations, and the court rendered decisions. In 2000, the Ohio Attorney General's Office took over management of the fund through what is now the CVAP section. Since then, additional benefits and responsibilities have been added through legislation.

Following are details on the annual activity of the fund for fiscal 2009.

### Applications and awards

The Crime Victims Compensation Program received 8,027 original and supplemental applications in fiscal 2009 (Fig. 1). Of those, 4,320 claims, or 53 percent, were approved. The average award totaled \$2,678. The 2009 figure was up slightly from the 7,969 claims submitted the year before, but short of the record 8,309 claims filed in fiscal 2007.

Victims of assault received a higher number of awards than victims of any other crime (Fig. 2). Domestic violence, sexual assault and robbery victims followed in terms of frequency of awards.

### Sexual Assault Forensic Examination Program

The Ohio Crime Victims Reparations Fund reimburses hospitals' costs for forensic exams performed after a suspected sexual assault. The Sexual Assault Forensic Examination (SAFE) program ensures that victims of sexual assault are not held responsible for medical costs that accompany this traumatic event and that evidence to be used in prosecutions of offenders is collected properly. In 2009, the reparations fund paid out \$3,561,740 to cover the cost of 6,695 examinations.

### Subrogation

The Attorney General's Office has a statutory duty to subrogate and hold offenders financially accountable for their crimes. Subrogation is the act of substituting one creditor for another. In the case of crime victim compensation, it is the attempt to collect any money due a victim by an offender or other source. The subrogation unit's collection efforts against offenders, insurance companies and other liable parties allow for the Crime Victims Reparations Fund to be reimbursed for funds already expended on behalf of the victim. The accompanying graph (Fig. 4) shows the results of the subrogation unit's efforts in recent years.

The amount of subrogation funds collected in fiscal 2009 rose 21 percent from the year before, increasing from \$460,032 in fiscal 2008 to \$583,104. The largest portion (\$314,151.50) was obtained through settlements.

**FIG. 4. SUBROGATION BY YEAR**

### Attorney fees

Attorney fees may be compensated by two separate means under the Crime Victims Compensation Statute.

First, applicants who wish to seek the assistance of an attorney in filing for compensation or in appealing a decision of the Attorney General's Office may do so. However, attorneys who work with applicants are not permitted to bill them for services. Rather, attorneys must submit their bills to the Attorney General's Office for payment at a rate of \$60 per hour. This payment does not reduce any award granted to the victim. The attorney fees paid out for fiscal 2009 were \$197,192.41 (Fig. 5).

**FIG. 5. ATTORNEY FEES FOR ASSISTANCE WITH COMPENSATION APPLICATIONS**

Second, an attorney who assists a claimant with successfully obtaining a restraining order, custody order or other order to physically separate the victim from the offender could receive up to \$150 per hour in fiscal 2009, not to exceed a total of \$2,500, for assisting with such an order. This payment does not reduce any award granted to the victim.

As the figures and graph show (Fig. 6), the amount the Ohio Crime Victims Reparations Fund has paid attorneys who assist with such orders have increased greatly over the past five years.

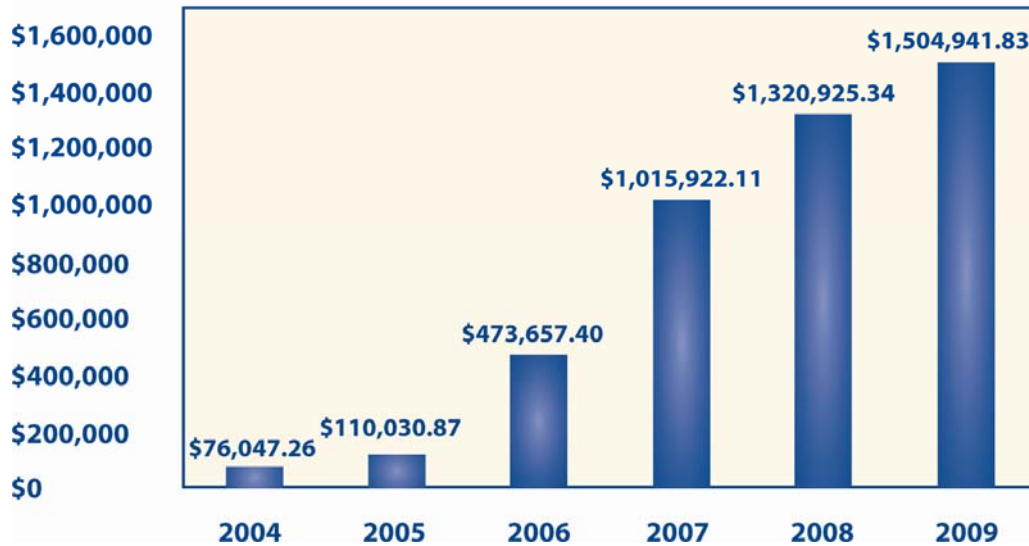

Changes to the law governing attorney fee reimbursement took effect Oct. 16, 2009, and reduce the per-hour compensation for work by attorneys on civil protection order cases to \$60 per hour and \$30 per hour for travel. Individual attorneys and law firms are limited to \$30,000 in such reimbursements per year.

## **Overview**

The Ohio Attorney General's Crime Victims Assistance and Prevention (CVAP) section was founded in January 2009 by combining the former Crime Victims Compensation and Criminal Justice Initiatives sections. The section manages the Ohio Victims of Crime Compensation Fund, administers grants to victim service agencies, and provides assistance and education to law enforcement, victims and victim support organizations across the state.

This report summarizes the section's accomplishments for fiscal 2009, from July 1, 2008, to June 30, 2009.

**FIG. 6. ATTORNEY FEES FOR ASSISTANCE WITH PROTECTION ORDERS**

**Application guidelines**

The Ohio Revised Code, Chapter 2743, governs the compensation program and provides that applicants may be reimbursed up to \$50,000 for economic losses they incur as a result of a violent crime. The following is a list of some types of economic loss that may be recovered:

- Medical and related expenses
- Funeral and burial expenses (up to \$7,500)
- Dependents' economic losses resulting from the death of a victim
- Counseling expenses for family members of victims of domestic violence, sexual assault, homicide or a crime that has resulted in a severe and permanent incapacitating injury such as paraplegia (up to \$2,500 per family member)
- Crime scene cleanup expenses (up to \$750)
- Compensation for property held as evidence (up to \$750)

One cannot receive compensation for pain and suffering or for stolen, damaged or lost property. Also, the program is a payer of last resort and will not compensate for economic losses that can be recovered from another source such as insurance or restitution by the offender.

In order to participate in the program:

- The application must have been filed with the Attorney General's Office within two years of the date of the crime (for claims resulting from the victimization of minors, the application must, in almost all cases, have been filed by the minor's 20<sup>th</sup> birthday)
- The crime that gave rise to the claim must have been reported to law enforcement within 72 hours of its occurrence (unless good cause can be shown for the delay)
- The victim and/or applicant must have cooperated with law enforcement
- The victim must not have engaged in any conduct that substantially contributed to the injuries sustained

Except for dependents' economic loss or family counseling for minor children, no compensation may be paid on claims in cases in which the victim was convicted of a felony offense or engaged in an offense of violence or drug trafficking within 10 years of the crime that gave rise to the claim or during the pendency of the claim.

Also, in cases in which the applicant was convicted of a felony, domestic violence, child endangering offense, engaged in an offense of violence or drug trafficking, compensation will be denied. Further, no compensation will be paid on a claim based upon the victimization of an adult person incarcerated and serving a sentence at the time of the incident. Finally, compensation is paid on claims arising from motor vehicle incidents only in five limited circumstances: (1) the offending driver was driving in violation of OMVI laws; (2) the offending driver acted intentionally; (3) the offending driver was immediately fleeing the commission of a felony; (4) the offending driver drove in a manner constituting vehicular assault or aggravated vehicular assault; or (5) the offending driver left the scene *and* caused serious physical harm.

The refund collections were the only financial activity reported for this program in fiscal year 2009. Personnel and maintenance disbursements reported under the "Other" column represent administrative costs of the Child and Elder Protection and Special Prosecutions sections.

<sup>(2)</sup> In July 2009, the Ohio Office of Budget and Management (OBM) transferred \$1,442,182 from the Reparations Fund (4020) to the Court of Claims' Victims of Crime Fund (5K20), in accordance with Section 2743.531, Ohio Revised Code. Subsequently in April 2009, OBM transferred \$47,106.93 from Fund 5K20.

During fiscal year 2009, the Court of Claims paid the following administrative costs from moneys originally transferred from Fund 4020.

<i>Compensation for:</i>

## **Victim advocacy and education programs**

### **Victim support**

The *Victim Information and Notification Everyday (VINE)* program allows crime victims and the public to track the status of an offender in the criminal justice system through a free and anonymous service. The automated system provides the public with information on changes in an offender's status, an upcoming transfer or release, or the escape or death of an inmate. VINE links county sheriffs and correctional facilities statewide to make this information available 24 hours a day.

During fiscal 2009:

- 4,500 people received training on how to use VINE.
- 20,000 subscribers were enrolled for offender status change updates.
- 33,000 phone and e-mail notifications regarding offender status changes were sent.
- 600,000 queries were made to the VINE database for offender information.

*Identity theft* is among the fastest-growing crimes in America. Ohio was among the first states in the nation to create an *Identity Theft Verification Passport program*, an important tool in helping victims cope with the aftermath of identity theft, and the first state to provide it in an electronic format to expedite the recovery process. Created in 2004, the program provides participants with a wallet-sized card that verifies their status as a victim to law enforcement, financial institutions, creditors and others, helping them to resolve problems more quickly. To view the full annual report for this program, visit [www.OhioAttorneyGeneral.gov/reports](http://www.OhioAttorneyGeneral.gov/reports).

### **Elder protection**

*Triad* is a collaborative initiative that links senior citizens, law enforcement and community groups to reduce crime against seniors and the fear of crime that many older Ohioans often feel. The Ohio Attorney General's Office is leading an Ohio Triad collaboration among the Buckeye State Sheriffs' Association, the Ohio Association of Chiefs of Police and the Ohio Crime Prevention Association.

The *Ohio Elder Abuse Commission*, whose members include representatives of the Governor's Office, the Ohio Supreme Court, the Buckeye State Sheriffs' Association, county prosecutors and AARP meets monthly to discuss issues facing older Ohioans and ways to address them. Just as a Summit on Children has resulted in improved collaboration and better service delivery throughout the state, a *Summit on Aging* planned for fall 2010 seeks to build collaborative relationships among community partners that serve older adults and to share best practices statewide. Through the summit and other initiatives, the Ohio Elder Abuse Commission is working to improve and standardize policies, practices, collaboration and services to older Ohioans around the state.

### **Child Protection**

CVAP works to help keep Ohio children safe through initiatives such as i-SAFE and the Ohio Missing Children Clearinghouse.

The Internet has become an important tool for students to research and learn more about the world. However, there also is a more sinister side to this online classroom. To help children safely navigate the Web, CVAP teaches students, parents and school administrators how to be good digital citizens and what to do when they come across people or sites that make them uncomfortable. Using the *i-SAFE* curriculum, CVAP has made more than 60 trips across the state, reaching thousands of educators, students and parents. Presentation topics include online intimidation, cyberbullying, avoiding online predators and wise ways to use technology.

Created in 1993, the *Ohio Missing Children Clearinghouse* acts as a central repository of information about children missing in Ohio and distributes information to law enforcement and other interested parties. The clearinghouse also assists with searches for missing children, creates public awareness and develops and disseminates educational information about missing and abducted children through press releases, training, child abuse prevention safety fairs and child safety lesson plans in collaboration with the Ohio Department of Education. In recent years, the Ohio Missing Children Clearinghouse also has worked to address problems such as human trafficking, missing adults and the identification of unidentified human remains. Clearinghouse staffers assist law enforcement and parents in the search for missing children by issuing alerts, using technology (including social websites, public records and law enforcement databases) to help locate children and providing investigative guidance and assistance. To view the full annual report for the Ohio Missing Children Clearinghouse visit [www.OhioAttorneyGeneral.gov/reports](http://www.OhioAttorneyGeneral.gov/reports).

### **Professional training**

The 2009 *Two Days in May* conference on victim assistance was held in Dayton, Ohio, and drew more than 500 attendees. The conference theme, "Faces of Victimization," focused content for workshops and general sessions on such topics as Shaken Baby Syndrome and elder abuse.

*Finding Words* trains prosecutors on methods for interviewing children who have been abused. The curriculum is designed to protect children while also helping prosecutors elicit accurate and comprehensive testimony to obtain convictions. In fiscal 2009, CVAP trained 60 prosecutors.

*ADVANCE Academy*, a training program for professionals who assist crime victims -- including victim-witness advocates, law enforcement and prosecutors -- graduated 23 advocates from 15 Ohio counties. The training is designed to encourage coordination and communication among these professionals and to raise awareness of the services and resources available.

The CVAP section provided victim advocacy training to 65 members of the *faith-based community* in fiscal 2009. Upcoming workshop topics include elder abuse and the role of the advocate.

*Law enforcement training* on elder abuse was facilitated through the Ohio Peace Officer Training Academy to help officers learn skills to effectively recognize and investigate elder abuse cases. Attendees were eligible to receive Continuing Professional Training (CPT) credit.

**Grant administration**

The CVAP section administers more than \$15 million in grant funding annually to Ohio victim services agencies. Recipients include victim advocacy groups, rape crisis centers, domestic violence shelters and legal support groups. Each year, these agencies support hundreds of thousands of Ohio crime victims in every corner of the state. For more information on grant recipients, see the report appendix.
