Investigative Activity: Interview with Witness
Date of Activity: 06/21/2022
Activity Location: – Second and Taft, Lima, OH 45805, Allen County
Author: SA Tiffany Vollmer, #49

Narrative:

On 6/21/2022, Special Agent (SA) Tiffany Vollmer (Vollmer) met with Lima Police Department (LPD) Officer Logan Patton (Patton) at the area of Second Street and Taft Street in Lima, Ohio, to ascertain what information he had relative to the case. SA Vollmer had received information that LPD police officers had come to the area of the shooting (Sugar and Second) after hearing an Allen County Sheriff's deputy radioing he was shot. The following is a summary of the interview which was recorded and attached to the case file:

Officer Patton said he was on a pedestrian check, approximately four blocks away, when dispatch told him there was an officer-involved shooting at Second and Sugar. When he reached the area, he observed the deputy's patrol lights on behind houses in the 1100 block of Second Street. Officer Patton had a rookie with him and went to the location of the deputy's patrol car, where they located him lying next to his car in the alley. No one else was around.

He said he observed someone laying in a yard, south of where the deputy was. Officer Patton went over to where the body was with his gun drawn to check the status of the subject and to make sure he wasn't still a threat. The subject had a handgun lying on his chest. Officer Patton described the subject as having a death stare. He said he his eyes and mouth were wide open and his body parts were limp. The subject's chest was not rising and the man clearly looked deceased. Officer Patton said he and Patrolman Winkler were the first ones to arrive on the scene.

No civilians were in the area when he got there and no one approached him saying they witnessed the event. Officer Patton observed a casing laying near the body of the deputy. He advised he never spoke to the deputy after the incident. Lima Fire Department arrived on scene to tend to the deputy.

Officer Patton typically works third shift (11:00 pm–7:00 am).
