Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this agency is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner.

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques and Conducted Energy Device policies.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or very serious injury.

Feasible - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the deputy or another person.

Force - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

Imminent - Ready to take place; impending. Note that imminent does not mean immediate or instantaneous.

Totality of the circumstances - All facts and circumstances known to the deputy at the time, taken as a whole, including the conduct of the deputy and the subject leading up to the use of force.

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Deputies are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Deputies must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Medina County Sheriff's Office recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting deputies with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation, and a careful balancing of all interests.

Medina County Sheriff's Office

Policy Manual

Use of Force

300.2.1 DUTY TO INTERCEDE AND REPORT

Any deputy present and observing another law enforcement officer or a member using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force.

Any deputy who observes another law enforcement officer or a member use force that is potentially beyond that which is objectively reasonable under the circumstances should report these observations to a supervisor.

300.2.2 PERSPECTIVE

When observing or reporting force used by a law enforcement officer, each deputy should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject.

300.3 USE OF FORCE

Deputies shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the deputy at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable deputy on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that deputies are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

Given that no policy can realistically predict every possible situation a deputy might encounter, deputies are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which deputies reasonably believe that it would be impractical or ineffective to use any of the tools, weapons or methods provided by this agency. Deputies may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires a deputy to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST

Any deputy who has reasonable cause to believe that the person to be arrested has committed a crime or public offense may use reasonable force to effect the arrest, to prevent escape or to overcome resistance. A deputy who makes or attempts to make an arrest need not retreat or desist from his/her efforts by reason of resistance or threatened resistance on the part of the person

Medina County Sheriff's Office

Policy Manual

Use of Force

being arrested, nor shall a deputy be deemed the aggressor or lose his/her right to self-defense by the use of reasonable force to effect the arrest, prevent escape or to overcome resistance.

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether a deputy has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include but are not limited to:

- (a) Immediacy and severity of the threat to deputies or others.
- (b) The conduct of the individual being confronted, as reasonably perceived by the deputy at the time.
- (c) Deputy/subject factors (e.g., age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of deputies available vs. subjects).
- (d) The effects of suspected drug or alcohol use.
- (e) The individual's mental state or capacity.
- (f) The individual's ability to understand and comply with deputy commands.
- (g) Proximity of weapons or dangerous improvised devices.
- (h) The degree to which the individual has been effectively restrained and the individual's ability to resist despite being restrained.
- (i) The availability of other reasonable and feasible options and their possible effectiveness.
- (j) Seriousness of the suspected offense or reason for contact with the individual.
- (k) Training and experience of the deputy.
- (l) Potential for injury to deputies, suspects, and others.
- (m) Whether the individual appears to be resisting, attempting to evade arrest by flight, or is attacking the deputy.
- (n) The risk and reasonably foreseeable consequences of escape.
- (o) The apparent need for immediate control of the individual or a prompt resolution of the situation.
- (p) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the deputy or others.
- (q) Prior contacts with the individual or awareness of any propensity for violence.
- (r) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Deputies may only apply those pain compliance techniques for which they have successfully completed agency-approved training. Deputies utilizing any pain compliance technique should consider:

Medina County Sheriff's Office

Policy Manual

Use of Force

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the individual can comply with the direction or orders of the deputy.
- (c) Whether the individual has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the deputy determines that compliance has been achieved.

300.3.4 CAROTID CONTROL HOLD

A carotid control hold is a technique designed to control an individual by temporarily restricting blood flow through the application of pressure to the side of the neck and, unlike a chokehold, does not restrict the airway. The proper application of the carotid control hold may be effective in restraining a violent or combative individual. However, due to the potential for injury, the use of the carotid control hold is limited to those circumstances where deadly force is authorized and is subject to the following:

- (a) At all times during the application of the carotid control hold, the response of the individual should be monitored. The carotid control hold should be discontinued when circumstances indicate that the application no longer reasonably appears necessary.
- (b) Any individual who has had the carotid control hold applied, regardless of whether he/she was rendered unconscious, shall be promptly examined by paramedics or other qualified medical personnel and should be monitored until such examination occurs.
- (c) The deputy shall inform any person receiving custody, or any person placed in a position of providing care, that the individual has been subjected to the carotid control hold and whether the individual lost consciousness as a result.
- (d) Any deputy attempting or applying the carotid control hold shall promptly notify a supervisor of the use or attempted use of such hold.
- (e) The use or attempted use of the carotid control hold shall be thoroughly documented by the deputy in any related reports.

300.3.5 USE OF FORCE TO SEIZE EVIDENCE

In general, deputies may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, deputies are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, deputies should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Deputies are encouraged to use techniques and methods taught by the Medina County Sheriff's Office for this specific purpose.

300.3.6 ALTERNATIVE TACTICS - DE-ESCALATION

When circumstances reasonably permit, deputies should use non-violent strategies and techniques to decrease the intensity of a situation, improve decision-making, improve

Medina County Sheriff's Office

Policy Manual

Use of Force

communication, reduce the need for force, and increase voluntary compliance (e.g., summoning additional resources, formulating a plan, attempting verbal persuasion).

300.3.7 RESPIRATORY RESTRAINTS

The use of a respiratory restraint, also known as a chokehold, is limited to circumstances where deadly force is authorized and if applied, is subject to the same guidelines and requirements as a carotid control hold.

300.4 DEADLY FORCE APPLICATIONS

When reasonable, the deputy shall, prior to the use of deadly force, make efforts to identify him/herself as a peace officer and to warn that deadly force may be used, unless the deputy has objectively reasonable grounds to believe the person is aware of those facts.

Use of deadly force is justified in the following circumstances involving imminent threat or imminent risk:

- (a) A deputy may use deadly force to protect him/herself or others from what he/she reasonably believes is an imminent threat of death or serious bodily injury.
- (b) A deputy may use deadly force to stop a fleeing subject when the deputy has probable cause to believe that the individual has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the deputy reasonably believes that there is an imminent risk of serious bodily injury or death to any other person if the individual is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if a deputy reasonably believes that the individual has a weapon or is attempting to access one and intends to use it against the deputy or another person. An imminent danger may also exist if the individual is capable of causing serious bodily injury or death without a weapon, and the deputy believes the individual intends to do so.

300.4.1 MOVING VEHICLES

Shots fired at or from a moving vehicle involve additional considerations and risks, and are rarely effective.

When feasible, deputies should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants.

A deputy should only discharge a firearm at a moving vehicle or its occupants when the deputy reasonably believes there are no other reasonable means available to avert the imminent threat of the vehicle, or if deadly force other than the vehicle is directed at the deputy or others.

Deputies should not shoot at any part of a vehicle in an attempt to disable the vehicle.

Medina County Sheriff's Office

Policy Manual

Use of Force

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this agency shall be documented promptly, completely, and accurately in an appropriate report, depending on the nature of the incident. The deputy should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances.

To collect data for purposes of training, resource allocation, analysis, and related purposes, the Agency may require the completion of additional report forms, as specified in agency policy, procedure, or law. See the Report Preparation Policy for additional circumstances that may require documentation.

300.5.1 NOTIFICATIONS TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable deputy to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of the conducted energy device or control device.
- (f) Any application of a restraint device other than handcuffs, shackles, or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An individual alleges unreasonable force was used or that any of the above has occurred.

300.6 MEDICAL CONSIDERATIONS

Once it is reasonably safe to do so, medical assistance shall be obtained for any person who exhibits signs of physical distress, has sustained visible injury, expresses a complaint of injury or continuing pain, or was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until the individual can be medically assessed. Individuals should not be placed on their stomachs for an extended period, as this could impair their ability to breathe.

Based upon the deputy's initial assessment of the nature and extent of the individual's injuries, medical assistance may consist of examination by an emergency medical services provider or medical personnel, at a hospital or jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another deputy and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

Medina County Sheriff's Office

Policy Manual

Use of Force

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling deputy shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the deputy reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Individuals who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain, or who require a protracted physical encounter with multiple deputies to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Deputies who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away.

See the Medical Aid and Response Policy for additional guidelines.

300.7 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to a reported application of force resulting in visible injury, if reasonably available. When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

- (a) Obtain the basic facts from the involved deputies. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the individual upon whom force was applied. If this interview is conducted without the individual having voluntarily waived their *Miranda* rights, the following shall apply:
 1. The content of the interview should not be summarized or included in any related criminal charges.
 2. The fact that a recorded interview was conducted should be documented in a property or other report.
 3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas.
 1. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.
- (f) Review and approve all related reports for policy compliance.
- (g) Determine if there is any indication that the individual may pursue civil litigation.

Medina County Sheriff's Office

Policy Manual

Use of Force

1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy noncompliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1 SHIFT SUPERVISOR RESPONSIBILITY

The Shift Supervisor shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

300.8 TRAINING

Deputies will receive annual training on this policy and demonstrate their knowledge and understanding, including use of deadly force, use of force and use of deadly force reporting, and use of force and use of deadly force reviews/investigations.

Subject to available resources, deputies should receive periodic training on:

- (a) Guidelines regarding vulnerable populations, including but not limited to children, elderly, pregnant persons, and individuals with physical, mental, or intellectual disabilities.
- (b) De-escalation tactics, including alternatives to force.

300.8.1 POLICY ACKNOWLEDGEMENT AND TESTING

Annually, applicable agency members will read, sign, and be tested on this policy.

300.9 WARNING SHOTS

Under No circumstances will a deputy discharge warning shots.

300.10 USE OF FORCE ANALYSIS

At least annually, the Field Operations Division Commander should prepare an analysis report on use of force incidents. The report should be submitted to the Sheriff. The report should not contain the names of deputies, suspects or case numbers, and should include:

- (a) The identification of any trends in the use of force by members.
- (b) Training needs recommendations.
- (c) Equipment needs recommendations.
- (d) Policy revision recommendations.

Officer-Involved Shootings and Deaths

305.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of other action of a deputy.

In other incidents not covered by this policy, the Sheriff may decide that the investigation will follow the process provided in this policy.

305.2 POLICY

The policy of the Medina County Sheriff's Office is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner.

305.3 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect's actions.
- A criminal investigation of the involved officer's actions.
- An administrative investigation as to policy compliance by involved deputies.
- A civil investigation to determine potential liability.

305.4 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer. Further, Ohio BCI&I or The Buckeye State Sheriff's Deputy Involved Shooting Team maybe called.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

305.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the Medina County Sheriff's Office would control the investigation if the suspect's crime occurred in Medina.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Sheriff and with concurrence from the other agency.

Medina County Sheriff's Office

Policy Manual

Officer-Involved Shootings and Deaths

305.4.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS

The control of the criminal investigation into the involved deputy's conduct during the incident will be determined by the employing agency's protocol. When a deputy from this agency is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Requests made of this agency to investigate a shooting or death involving an outside agency's officer shall be referred to the Sheriff or the authorized designee for approval.

305.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

305.5 INVESTIGATION PROCESS

The following procedures are guidelines for use in the investigation of an officer-involved shooting or death.

305.5.1 UNINVOLVED DEPUTY RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting or death, the first uninvolved MCSO deputy will be the deputy-in-charge and will assume the responsibilities of a supervisor until properly relieved. This deputy should, as appropriate:

- (a) Secure the scene and identify and eliminate hazards for all those involved.
- (b) Take reasonable steps to obtain emergency medical attention for injured individuals.
- (c) Request additional resources from the Agency or other agencies.
- (d) Coordinate a perimeter or pursuit of suspects.
- (e) Check for injured persons and evacuate as needed.
- (f) Brief the supervisor upon arrival.

305.5.2 SUPERVISOR RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved MCSO supervisor should ensure completion of the duties as outlined above, plus:

- (a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
 1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.
- (b) If necessary, the supervisor may administratively order any MCSO deputy to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
 1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident

Medina County Sheriff's Office

Policy Manual

Officer-Involved Shootings and Deaths

- scene, identity of known or potential witnesses and any other pertinent information.
2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.
- (c) Provide all available information to the Shift Supervisor and the Communications Center. If feasible, sensitive information should be communicated over secure networks.
- (d) Take command of and secure the incident scene with additional MCSO members until properly relieved by another supervisor or other assigned personnel or investigator.
- (e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
1. Each involved MCSO deputy should be given an administrative order not to discuss the incident with other involved officers or MCSO members pending further direction from a supervisor.
 2. When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other deputies.

305.5.3 SHIFT SUPERVISOR RESPONSIBILITIES

Upon learning of an officer-involved shooting or death, the Shift Supervisor shall be responsible for coordinating all aspects of the incident until he/she is relieved by the Sheriff or a Division Commander.

All outside inquiries about the incident shall be directed to the Shift Supervisor.

305.5.4 NOTIFICATIONS

The following persons shall be notified as soon as practicable:

- Sheriff
- Detective Division Commander
- Outside agency investigators (if appropriate)
- Psychological/peer support personnel
- Chaplain
- Medical Examiner (if necessary)
- Involved officer's agency representative (if requested)
- Public Information Officer

305.5.5 INVOLVED OFFICERS

The following shall be considered for the involved officer:

Medina County Sheriff's Office

Policy Manual

Officer-Involved Shootings and Deaths

- (a) Any request for legal or union representation will be accommodated.
 - 1. Involved MCSO deputies shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
 - 2. Requests from involved non-MCSO officers should be referred to their employing agency.
- (b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.
- (c) Discussions with agency representatives/employee groups will be privileged only as to the discussion of non-criminal information.
- (d) A licensed psychotherapist shall be provided by the Agency to each involved MCSO deputy. A licensed psychotherapist may also be provided to any other affected MCSO members, upon request.
 - 1. Interviews with a licensed psychotherapist will be considered privileged.
 - 2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
 - 3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).
- (e) Communications between the involved deputy and a peer support member or a critical incident stress management team member are addressed in the Wellness Program Policy.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved MCSO deputy shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Shift Supervisor to make schedule adjustments to accommodate such leave.

305.6 CRIMINAL INVESTIGATION

The County Prosecutor's Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting or death.

If available, investigative personnel from this agency may be assigned to partner with investigators from outside agencies or the County Prosecutor's Office to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

Medina County Sheriff's Office

Policy Manual

Officer-Involved Shootings and Deaths

- (a) MCSO supervisors and Internal Affairs personnel should not participate directly in any voluntary interview of MCSO deputies. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer's statement, involved deputies shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
- (c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

305.6.1 REPORTS BY INVOLVED MCSO DEPUTIES

In the event that suspects remain outstanding or subject to prosecution for related offenses, this agency shall retain the authority to require involved MCSO deputies to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved MCSO deputy may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved MCSO deputy of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

305.6.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available law enforcement personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.

Medina County Sheriff's Office

Policy Manual

Officer-Involved Shootings and Deaths

1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, attempts to identify the witness prior to his/her departure should be made whenever feasible.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Agency.
1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

305.6.3 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Detective Bureau supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Agency investigators will be assigned to work with investigators from the County Prosecutor's Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the County Prosecutor's Office.

All related agency reports, except administrative and/or privileged reports, will be forwarded to the designated Detective Bureau supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Division Commander.

305.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this agency will conduct an internal administrative investigation of involved MCSO deputies to determine conformance with agency policy. This investigation will be conducted under the supervision of the Internal Affairs and will be considered a confidential deputy personnel file.

Interviews of members shall be subject to agency policies and applicable laws.

- (a) Any deputy involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the deputy, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.

Medina County Sheriff's Office

Policy Manual

Officer-Involved Shootings and Deaths

- (b) If any deputy has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved deputy.
 - 1. If a further interview of the deputy is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved deputy shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.
- (c) In the event that an involved deputy has elected not to provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
 - 1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the deputy's physical and psychological needs have been addressed before commencing the interview.
 - 2. If requested, the deputy shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual deputy's statement, involved deputies shall not consult or meet with a representative collectively or in groups prior to being interviewed.
 - 3. Administrative interviews should be recorded by the investigator. The deputy may also record the interview.
 - 4. The deputy shall be informed of the nature of the investigation. If a deputy refuses to answer questions, he/she should be given his/her *Garrity* rights and ordered to provide full and truthful answers to all questions. The deputy shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.
 - 5. The Internal Affairs shall compile all relevant information and reports necessary for the Agency to determine compliance with applicable policies.

305.10.1 TACTICAL DEBRIEFING

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Sheriff should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.
