12/12/21

WITNESS: KEITH WILLIAMS

D.O.O. 12/12/21

On the above date and time Detectives Roberts and Harvey spoke with Keith Williams who is a resident at 1701 E.12th Street Cleveland, Oh 44114 Apartment [REDACTED] (East Tower Reserve Square).

Williams stated he was in his apartment watching the Cleveland Browns game and heard one to two gunshots. Williams came out to his balcony and seen people running into Masthead Brewing Co. (1261 Superior Ave. Cleveland, Oh) and further observed people running from behind this location. Williams thought it to be a typical Cleveland bar shooting and walked back inside his apartment. Williams reports maybe five minutes later he heard people screaming and he came back outside to his balcony and began to record video on is cellphone. Williams recorded west of his building and picked up part of the shooting incident. Williams reports he heard the police yelling at the suspect "drop the gun, something like that", but did confirm he could not see it clearly due to him having contacts in and having bad vision. Williams reports he did observe the suspect moving around and it appeared he was dancing. Williams reports he does not know who shot first, but states there was one shot then a lot of shots. Williams did allow detectives to view his video on his cellphone and is partially seen on this detectives body warn camera.
