

armory site in the same city park which has not yet been used by the state.

In view of the foregoing, it appears that there is sufficient evidence of the title to the premises under consideration being in the name of the city of Chillicothe. An examination has been made of the deed which seems to have been executed in proper form, and will be sufficient to convey the premises to the state when accepted. Inasmuch as the premises are being donated, there is no requirement for a certificate of the Director of Finance.

The abstract, certificate and other data submitted are being herewith returned.

Respectfully,
C. C. CRABBE,
Attorney General.
