Officer Involved Critical Incident - 640 Daniel Court #16A,
Cincinnati, OH 45244 (L)

Investigative Activity: Family Interview
Involves: Gary Calloway Jr. (S), Gary Calloway (O), Ethel Calloway (O)
Activity Date: 08/05/2026
Activity Location: 950 Locust Corner Rd, Cincinnati, OH 45245
Authoring Agent: SA Lauren Frazier, #129

Narrative:

On Wednesday, August 5, 2026, at 1000 hours, Ohio Bureau of Criminal Investigation (BCI) Special Agents Lauren Frazier (SA Frazier) and Kevin Barkley (SA Barkley) interviewed the parents of Gary Calloway Jr. (Calloway), Gary and Ethel Calloway. The interview took place in a conference room at the Pierce Township Police Department, located at 950 Locust Corner Rd, Cincinnati, OH 45245. The interview was not recorded. The purpose of the interview was to gather all pertinent information known by the family regarding Calloway's history, medical and mental health conditions, and medical treatment received.

Ethel stated that Calloway lived at 640 Daniel Court Apartment 16A in Union Township, Ohio for approximately 10 years. She said that the last time that she saw Calloway was on Sunday, July 12, 2026. Ethel stated that she checked on Calloway and made sure that he had groceries. She said that he seemed healthy and there was nothing unusual observed at this time.

Ethel and Gary stated that Calloway was diagnosed with Parkinson's disease approximately four years ago. Ethel stated that she believed Calloway was taking his medication because without it he would get tremors. Ethel said that Calloway was also diagnosed with schizophrenia and bipolar disorder. Ethel described that in the past few weeks, that Calloway would make statements that didn't make sense, including comments that he was a police officer.

Ethel said that Calloway wore glasses and had cataracts. She described that Calloway had gained a lot of weight recently. She said that Calloway used to be on blood pressure medicine but was not sure if he was still prescribed anything. She also said that Calloway had hernia surgery earlier this year. Ethel advised that Calloway was under a lot of stress recently due to being behind on his utility bills and rent payment.

Ethel and Gary were asked about the recent package theft situation. Ethel described that Calloway was expecting a Walmart delivery. She said that Calloway believed the

order was accidentally delivered to the apartment next door. Ethel said that Calloway had taken the package and that it was returned. She was aware that the police were called and had filed charges against Calloway. Ethel said that Calloway was supposed to go to court, but he refused to go and told Ethel that security had taken care of it.

On Tuesday, July 14, 2026, around 0830 hours, Ethel stated that she was contacted by hospital staff at Mercy Anderson Hospital. Medical personnel told her that Calloway was being treated in the Intensive Care Unit (ICU) and requested that family respond. When Ethel and Gary arrived at the hospital, she said that Union Township Police Detective Clay Zimmerman requested to speak with them. Ethel stated that Detective Zimmerman asked numerous questions about Calloway but did not provide them with any information about what had happened.

Ethel described that Calloway remained unconscious at the hospital. She said that he was receiving assisted breathing and was placed in a medically induced coma. Ethel and Gary said that there was no change in Calloway's condition while he was being treated.

On Wednesday, July 15, 2026, Ethel stated that medical staff took Calloway off all medication and performed brain function tests. Medical staff told Ethel and Gary that Calloway had been without oxygen for five minutes or longer, which resulted in him being "brain dead." At the request of the family, Calloway was taken off the breathing machine and passed away on July 15, 2026, at approximately 1400-1500 hours.

SA Frazier asked if they observed any injuries on Calloway at the hospital. Ethel stated that she observed a possible black eye/bruise on Calloway's right eye and several stretch marks on his chest. SA Frazier advised that the marks on his chest were most likely due to the external CPR machine (LUCAS device) utilized by EMS.

Gary and Ethel were given the opportunity to view the officer's BWC videos from the date of the incident. After reviewing the video, no additional questions were asked. Ethel commented that the police interaction seemed excessive in terms of a petty theft of only \$38.

Earlier on August 5, 2026, at approximately 0920 hours, SA Frazier picked up property, to wit keys belonging to Calloway, from Det. Sgt. Marshall at the Union Township Police Department. SA Frazier transported the property directly to the Pierce Township Police Department. SA Frazier transferred the keys to Gary Calloway at 1000 hours, and he signed the inventory receipt.

A copy of the inventory receipt has been attached to this report for further review.
