APPROPRIATION—MANDATORY FOR CONTRACTS INCIDENT TO COUNTY SEWER OR WATERWORKS SYSTEM—EXCEPTION AS TO PAYROLL OF REGULAR EMPLOYES.

SYLLABUS:

Contracts incident to the operation of a county sewer or waterworks system may not be entered into without the appropriation and auditor's certificate spoken of in Section 5625-33, General Code, excepting contracts with regular employes whose compensation is provided for by payroll. With respect to the current payrolls of regular employes in a county sanitary engineering department engaged in the service of a county in connection with the operation of a county sewer system or systems and a county water supply or waterworks system, appropriations must be made from which those payrolls are to be met, but the fiscal officer's certificate spoken of in Section 5625-33, General Code, is not necessary.
