OH

Investigative Activity: Case Opening, Security Video Review

Date of Activity: 02/07/2024

Author: SA Joseph Wilhelm

Narrative:

On 2/7/2024, at approximately 1800 hours, Ohio Bureau of Criminal Investigation (BCI) Cyber Crime Unit Special Agent (SA) Joseph Wilhelm responded to the intersection of Huntley Road and State Route 161 to assist the BCI Special Investigations Unit (SIU) in an Officer Involved Critical Incident investigation. Security cameras were located by investigators at a nearby business, Mark Wahlberg Chevrolet of Worthington, and believed to possibly contain footage relevant to the investigation.

On arrival, SA Wilhelm made contact with the manager of the car dealership, Shawn Oibman. In speaking with Oibman, SA Wilhelm found that the data for the cameras was controlled by Provigil, a security camera company contracted to maintain the dealership's camera system. Oibman had access to smaller clips of videos from the cameras, and the continuous video was only available by contacting Provigil. Oibman submitted a request to Provigil for the continuous video footage. Oibman provided SA Wilhelm with the video clips which were available to him and agreed to provide the continuous video upon receiving it.

SA Wilhelm provided the video from the business to SIU SA Matt Collins.
