Officer-Involved Critical Incident- 6042 Huntley Rd,
Columbus

Investigative Activity: Interview with Officer
Involves: CPD: [REDACTED] # [REDACTED]
Activity Date: 3/13/2024
Activity Location: Law Offices of Harshman, Wannemacher, Tipton, Lipperman
Authoring Agent: SA Matt Collins, #151

Narrative:

On Wednesday, March 13, 2024 at 1344 hours, Ohio Bureau of Criminal Investigation (BCI) Special Agent (SA) Matt Collins (SA Collins) and SA Ryan Scheiderer (SA Scheiderer) interviewed City of Columbus-Division of Police (CPD) Sergeant [REDACTED], who was accompanied by his attorney, Nicole Wannemacher, consulted by the Fraternal Order of Police. The interview took place at Wannemacher's Law Office in Columbus. The interview was audio recorded.

[REDACTED] was explained, understood, and signed the BCI Criminal Investigation Notification form.

This report only summarizes the information deemed by the author to be of the most relevance to the investigation and does not purport to contain all questions and answers from the interview. Further, this report was placed in a chronology to aid the reader's overall understanding of the information elicited during the interview and may not be reflective of the actual sequencing of questions. It is suggested that the full recording be reviewed to clarify any content or contextual questions regarding the information from the interview.

While the involved-subject Holly Graham's (Graham) identity was not known during the incident, her name is used in this report for clarification purposes. Also, for clarification purposes, the term *subject vehicle* used in this report refers to the vehicle driven by Graham. It is more particularly described as a blue Toyota Corolla with Ohio registration number **HCG9829**.

Officer-Involved Critical Incident- 6042 Huntley Rd,
Columbus

Preliminary and Demographic Information:

Name: [REDACTED]	Rank: Sergeant [REDACTED]
Badge Number: # [REDACTED]	Cruiser/Vehicle Number: [REDACTED]
Radio Call Sign: [REDACTED]	Immediate Supervisor: Lt. Brian Sweeney
Radio Channel Utilized: [REDACTED]	Mobile Data Terminal: Present; Not Used
Cruiser Description: Marked SUV	Occupants of Cruiser and Seating Positions: [REDACTED]
Assignment: [REDACTED]	Normal Shift: 1400-2200
In-Car Camera: Operational & Utilized	Spotlight: Present; Not utilized
Emergency Lights: Present & Utilized	Siren: Present & Utilized
Shift Day of Incident: 1400-2200	Duty Status: On-Duty
Days Off: Sat/Sun	Prior Overtime or Extra Details within Preceding 48 Hours: No
Hours of Sleep Prior to Incident: Well Rested	Consider Self Well Rested?: Yes
Total Length as Officer: 12+years	Length at Current Agency: 12+years
Physical Disabilities (to include hearing aid): No	Corrective Lenses: Glasses
Uniform Worn: Navy Pants, and shirt, CPD jacket with patches, exterior vest and ball cap	Equipment and Less-Lethal Options Carried on Person/Belt/Vest: Taser
Ballistic Vest: External Armor	Body Worn Camera: Present & Used
Other Recording Devices: N/A	Partner: [REDACTED]
Injuries: yes; left shoulder, arm, wrist	
Training or Areas of Specialty: No	
Military Experience/Training: No Military; Master's degree	Use-of-Force Training: Annually
Prior Shooting Incidents: yes	Prior Discipline or Use-of-Force Complaints Sustained: No
Medications, Prescriptions, or Drugs that might Impair Your Duties at Time of Incident: No	Medications, Prescriptions, or Drugs that might Impair You Now for Interview: No
Alcohol in Past 24 Hours? No	Last Consumed Alcohol Prior to Incident: No

Officer-Involved Critical Incident- 6042 Huntley Rd,
Columbus

Officer's Firearm(s):

Weapon #1

Make: Smith & Wesson	Model: 2.0
Caliber/Gauge: 9 mm	
Type: Semi-Auto Handgun	Method of Carry: hip holster
Discharged During Incident? Yes	Primary or Backup Weapon: Primary
Rounds Remaining After Incident: 5 in mag, █████ did a reload with no further shots fired	Number of Rounds Fired: █████ believed 13 based on watching BWC*
Right/Left-Handed Carry: Right-Handed	Ownership: Department Owned
Last Qualification Date: 2023	

*SA Collins reviewed the CSU photos (AMG_8051; ALC_6609): The gun was collected with 17+1, along with an additional magazine with 17 rounds; the magazine collected at the hospital contained five (5) rounds. With each magazine (3) capable of holding 17; $17 \times 3 = 51$, plus one (1) originally in the chamber (52 total). It was only possible that a total of 11 or 12 rounds could have been fired.

2024-0431

Officer-Involved Critical Incident- 6042 Huntley Rd,
Columbus

Narrative:

████████ stated he, as well as ██████████ and Sgt. Velalis were at the CPD Precinct #1 (not 18th), completing administrative paperwork, when he'd heard radio traffic in reference to a stolen vehicle being found. ██████████ could not recall where that location was, as there were several locations provided, to due to the subject vehicle going in and out of multiple locations. He believed ██████████ had instructed the officers not to pursue the vehicle. SA Collins asked why that was. ██████████ stated their current division policy directs them not to pursue a vehicle, when or if there are no other charges related to the incident (i.e. robbery, assault, etc.). After approximately five to ten minutes had elapsed, officers reported seeing the vehicle again in relatively the same area as earlier. At that time, it was reported to be at either the Shell or Speedway gas stations on E. Dublin-Granville Road (St. Rt 161). ██████████ stated he believed this to be odd, since stolen vehicles typically encountered by the police and flee, flee the area entirely. ██████████ described the driving habits of the subject vehicle as erratic. SA Collins asked him to elaborate. ██████████ stated, initially it was understood the subject vehicle was just a stolen vehicle. When officers attempted to stop it, the subject vehicle fled but did not flee the area. Instead, ██████████ stated he thought it sounded like the subject was "purposefully seeking out officers." He was asked to further explain. ██████████ said the subject vehicle was, again not leaving the area, traveling to locations where officers had just encountered the vehicle or would otherwise possibly still be there. He said the subject vehicle was driving in circles and nearly hitting objects. ██████████ stated the vehicle was violating traffic laws and becoming an increased risk to the public.

████████ stated he and ██████████ decided to respond to the area since it was only approximately three (3) miles from the substation they were at. ██████████ drove while ██████████ was the passenger. ██████████ stated he responded with both his lights and siren activated. When they arrived in the area, the subject vehicle was seen preparing to exit the Shell gas station. ██████████ said he attempted a stopping tactic which was unsuccessful. SA Collins asked him to elaborate on what he meant. ██████████ stated he was not performing a PIT or a swoop maneuver; but as the subject vehicle traveled directly in front of his patrol car, he moved his vehicle forward about a foot into a position that would make contact with the subject vehicle and possibly immobilize it. He said the subject vehicle continued crossing St. Rt. 161 in a northeastern direction before entering a strip mall parking lot on the northeast corner of St. Rt. 161 and Huntley Road. ██████████ stated there was a service road which ran parallel (east/west) with St. Rt. 161. ██████████ utilized this road, allowing ██████████ to exit with the stop sticks, before ██████████ turned north onto Huntley Road. ██████████ described parking

Ohio Attorney General's Office
Bureau of Criminal Investigation
Investigative Report

2024-0431

Officer-Involved Critical Incident- 6042 Huntley Rd,
Columbus

his patrol vehicle on the east side of Huntley Road at or near the entrance/exit of the strip mall parking lots southwest corner.

██████████ stated he exited his patrol vehicle and ran east in the parking lot, into the direction of where the subject vehicle was. ██████████ stated the subject vehicle was traveling south in the parking lot before turning east, near the Mexican restaurant. ██████████ recalled seeing ██████████ and an unknown officer (now known to be Ofc. Oldham) at the south entrance/exit of the strip mall.

██████████ stated the subject vehicle began driving in reverse (north) along the strip mall. ██████████ estimated the subject vehicle speed at approximately five to ten miles per hour (5-10 mph). ██████████ said he drew his firearm and walked toward the subject vehicle. ██████████ described doing so, in order to conduct either a felony stop or to provide lethal cover for ██████████ who was deploying stop sticks at the south entrance/exit. ██████████ continued, explaining, while the subject vehicle was in reverse, he stepped in front of the vehicle and pointed his weapon. ██████████ ordered the subject to "stop the car." ██████████ said the subject appeared as though they were "going to give up." ██████████ said the vehicle was initially traveling slowly in reverse and when it briefly stopped, he believed they were just going order her out of the car and go through their normal procedures of arresting someone out of a car, when it's high risk. He said the subject vehicle was approximately twenty (20) feet away from him, when they briefly stopped. ██████████ stated Graham was looking directly at him, but he could not recall or make out any specific facial expressions. ██████████ stated the subject vehicle suddenly began to accelerate towards him and he attempted to move to his left, however, ██████████ was unsuccessful and was struck by the subject vehicle. ██████████ further stated he "had very little, uh, to do anything." ██████████ said the force of the impact, "threw" him onto the hood of the car, which was accelerating towards St. Rt. 161. ██████████ described feeling his left side of his body sustained "serious injury." He further stated, his shoulder was the most significant impact and was hurting, as well as his ribs and back. ██████████ described his upper body being on the windshield, while his legs were on the hood of the car, when he placed his firearm on the windshield and began firing downward into the vehicle at Graham. ██████████ stated he fired multiple times with one hand (right). He estimated the shooting incident occurred within three to four (3-4) seconds. ██████████ said his point of aim was the subject's midsection and thigh area. He explained he did not have any concealment or cover while on the top of the car. He further stated, "at the time I fired my weapon, I was in fear for my life as well as the lives of the other officers and civilians in the area."

As the vehicle continued traveling south towards, St. Rt. 161, it hit a ditch that separates the service road from St. Rt. 161. ██████████ described, upon impact he was

Ohio Attorney General's Office
Bureau of Criminal Investigation
Investigative Report

2024-0431

Officer-Involved Critical Incident- 6042 Huntley Rd,
Columbus

thrown from the hood of the vehicle into the roadway (St. Rt. 161). [REDACTED] believed he'd stopped firing his weapon as he was being thrown from the vehicle. After being thrown from the vehicle, [REDACTED] realized his left arm was *"not functioning properly."*

[REDACTED] said he got to his feet and conducted a reload of his weapon, because he was unsure how many rounds he had fired. [REDACTED] said the subject vehicle began moving again, Graham appearing to be uninjured, and traveled eastbound in the westbound lanes of St. Rt. 161 while other officers pursued. [REDACTED] said he radioed for medics to respond since he knew he was at least injured. When the medics arrived, he was treated and then transported to Grant Medical Center.

As it relates to why [REDACTED] fired his weapon, he stated, *"before I fired my weapon, the suspect had been given multiple opportunities to leave the area... Immediately before discharging my firearm, I had given the suspect multiple opportunities to surrender and had ordered her to stop the car. Instead of complying, the suspect switched the stolen car from reverse into drive, accelerated the vehicle, and hit me. I was on the hood of the vehicle as the suspect accelerated towards 161 when discharged my firearm."* [REDACTED] said he was very familiar with the area of St. Rt. 161 and knew it was typically a high traffic area, specifically around 1600 hours. [REDACTED] stated, *"I knew that when the suspect hit the ditch I would very likely be thrown from the vehicle and I would be seriously injured or killed. I do not believe I had any other reasonable alternative to protect my life or the lives of the other officers and civilians in the area of 161 and Huntley Road at the time I fired my weapon. I did have a Taser on my duty belt. However, the use of the Taser would not have been reasonable in this incident as a Taser cannot pierce a windshield. In addition, she was using the stolen car as a deadly weapon and it would not have been reasonable to use a less lethal weapon when the suspect was utilizing deadly force."*

[REDACTED] received medical treatment at both Grant Medical Center and Riverside Hospital for torn tendons in his wrist, torn labrum, fractured humerus (shoulder). [REDACTED] was asked if he would consent to SA Collins obtaining copies of those medical records and he agreed. SA Collins had previously filled out the form and provided it to Atty. Nicole Wannemacher in advance of the interview. [REDACTED] provided a signed copy of the medical records release. Later, SA Collins realized [REDACTED] had not provided his identifying (DOB, SSN, etc.) information on the form. SA Collins contacted Wannemacher and received permission or authorization to fill that information in on the signed form. SA Collins later spoke with [REDACTED] on the phone, obtained that information and confirmed with [REDACTED] understood the purpose of it.

The interview concluded at approximately 1411 hours.

Criminal Investigation Notification

1. This investigation is being conducted in order to determine whether any criminal laws have been violated on the part of those involved in this incident. Specifically, to collect facts and information to be provided to the prosecutor and/or grand jury in order for them to determine whether the conduct involved is authorized or prohibited by criminal statutes.
2. Your participation in this interview is voluntary and you may decline to answer or cease the interview at any time. You are entitled to have an attorney present if you wish.
3. The criminal investigation is separate from any internal, administrative investigation which your employer may or may not be independently conducting. You are not being compelled to give any statement or answer any questions. This is not a "Garrity" interview (where you could be required to answer).

STATEMENT OF [REDACTED] BADGE NO. [REDACTED]

This statement is in regard to my involvement with an incident that occurred between approximately 3:45 p.m. and 4:00 p.m. on Wednesday, February 7, 2024, in Columbus, Ohio. I am making this statement voluntarily as part of the criminal investigation being conducted by the Bureau of Criminal Investigation (BCI) regarding this matter.

My date of hire as a police officer with the Columbus Division of Police ("CPD") is June of 2013. My regular assignment was [REDACTED] but I was temporarily assigned to [REDACTED] and officially accepted that assignment but I am not sure if it was posted to the database to reflect that at the time of this incident. My regular duty hours are from 2:00 p.m. to 10:00 p.m., with Saturday and Sunday off. On the date of this incident, I was assigned cruiser [REDACTED]. I was working with a partner, [REDACTED]. I was wearing the CPD patrol uniform consisting of navy pants and shirt. I was also wearing a ballistic vest and I was wearing a Columbus Police Jacket with CPD patches on each shoulder and the words Columbus Police on the back. I had my Body Worn Camera (BWC) mounted to the front of my jacket. My badge was clearly visible on the front of my shirt. I was not wearing gloves. I was carrying my Division-issued, Smith & Wesson M&P 2.0 9mm caliber semi-automatic pistol. It was loaded with Division-issued ammunition. I was current in my range qualifications with this weapon. I was not carrying a backup weapon.

I do not have any law enforcement experience prior to joining CPD. I do not have any military experience. I do have a bachelor's degree and master's degree.

I wear glasses and I had them on at the time of this incident. I do not wear a hearing aid and I do not have any problems with my hearing. I do not take any prescription or over-the-counter medications that interfere with my ability to perform my duties as a Columbus Police

Officer. I was in good health at the time of this incident and I do not suffer from any disabilities that would impair my ability to perform my duties. I was not under the influence of any alcohol or drugs at the time of this incident. I had not worked any special duty in the 24 hours prior to this incident. I arrived at the start of my shift well-rested.

Immediately prior to this incident, I was at the CPD 18 Precinct Substation with [REDACTED] and Sergeant Velalis completing administrative work. I heard over the radio that officers had located a stolen car. I believe [REDACTED] got on the radio and instructed the officers to attempt a traffic stop but if the suspect did not stop, they were not to pursue the vehicle. The officers attempted a stop but the suspect fled and officers aired they were not going to pursue it. Approximately 5-10 minutes later, officers aired that they ran into the vehicle again at a gas station (cannot remember if it was Shell or Speedway) on 161 (which is also E. Dublin Granville Road in this area). I found this to be odd, as suspects typically flee the area when officers don't pursue them. From the radio traffic, it sounded as if the suspect was driving erratically from one gas station or parking lot to another. Based on the information being relayed over the air, the suspect was violating multiple traffic laws and becoming an increasing risk to the safety of the public as that is a busy, high traffic area. [REDACTED] and I decided to go assist the officers since this location was only about 3 miles from the substation.

I got into the driver's seat of [REDACTED] and [REDACTED] got into the passenger's side. He had stop sticks in his hands. If the suspect was in a parking lot, he as we were going to attempt to utilize them to stop the car. Stop sticks were the most reasonable choice as the suspect was going from parking lot to parking lot and deploying them at the entrance/exit would stop the suspect vehicle with little to no risk to the public. I drove with the cruiser's lights and sirens activated south on Sancus Blvd (which turns into Huntley Road) towards 161. It took about 2-3

minutes to reach 161. As I crossed over 161 the suspect pulled out of the Shell gas station in front of me. I briefly attempted a stopping tactic with the cruiser but it was unsuccessful and the suspect went northeast across the intersection of Huntley Road and 161. I turned around and went north on Huntley Road. The suspect went into a strip mall parking lot on the northeast corner of Huntley Road and 161. I crossed 161 and turned right (east) onto a service road that runs east and west on the north side of 161. [REDACTED] exited the cruiser with the stop sticks and went east down the service road. I put the cruiser in reverse and backed up and then turned to go north on Huntley Road. I parked the cruiser on the east side of Huntley Road, at an entrance that led into the west side of the parking lot of the strip mall. There was another cruiser already parked blocking that entrance and I parked a few feet north and west of that cruiser.

I exited my cruiser and I ran east through the parking lot. I saw the stolen vehicle driving south and then turning east (towards the Mexican restaurant at the south end of the strip mall). As I ran east through the parking lot, the suspect turned south towards the south entrance/exit of the parking lot/strip mall that leads to the service road. [REDACTED] and another officer (who I now know was Officer Oldham) were at that south entrance/exist. I saw the suspect put the stolen car in reverse and she was driving north while in reverse, along the strip mall. As I was closing in on the suspect vehicle, I drew my firearm. I intended to conduct a felony stop and to provide lethal cover to [REDACTED] and who I know now to be Officer Oldham as they were attempting to deploy/position stop sticks at that south entrance/exit. The suspect was still in reverse and driving backwards (north) in the parking lot. The suspect was not driving fast in reverse, I would guess approximately 5-10 miles per hour. I stepped in front of the car as it continued moving in reverse (away from me) and pointed my weapon at the suspect and yelled

"Stop the car!" I walked north in the parking lot, towards the stolen vehicle, as the suspect continued driving in reverse.

The suspect stopped the car for a moment and I would estimate that I was approximately 20 feet south of the suspect's vehicle. Suddenly, the car was accelerating towards me. I tried to move to my left to get out of the way but I was not successful and the suspect struck me with the vehicle. The force of the impact threw me onto the hood of the vehicle and the suspect was accelerating towards 161. I immediately felt that the left side of my body had been seriously injured. I placed my firearm on the windshield and I fired down, through the windshield, at the driver. I fired multiple rounds and the suspect hit the ditch south of the service road, just before 161. I was thrown from the vehicle and into 161. I jumped up to my feet and dropped my magazine to reload as I was not sure how many rounds I had fired. During the re-load, I realized that my left side/upper extremity would not function properly. I looked at the suspect and she did not appear to be injured. She drove away and went east in the west lane, down 161.

I knew I was injured and radioed requesting a medic to respond to the scene. I saw other officers get into their cruisers and go after the suspect. I was in the intersection when Sergeant Kane pulled up and asked where the suspect was, I stated she had fled in the blue Corolla. I also believe FCSO Deputy Severance pulled up and I asked him to start taping off the scene. I waited for medics to arrive and I was transported to Grant Hospital. This ended my involvement in this incident.

I know now that I fired 13 rounds at the suspect. During the incident, I did not know how many rounds I fired, but I knew I had fired multiple and I was not sure how many rounds remained in my magazine, which is why I reloaded. I fired with a one handed (right hand) grip at a downward angle, through the windshield of the car, while the vehicle was moving. I was on

top of the car, with my feet on the hood and my upper body on the right (driver's side) of the windshield. I fired in rapid succession, and I believe I fired all my shots in 3-4 seconds. The direction of my shots was straight down into the car and my backdrop was the parking lot asphalt/concrete. My target was the the suspect's midsection and thighs as I was on top of the vehicle and had to aim based upon where I knew the suspect's body was positioned in the driver's seat. I did not use my sights. I did not have any cover or concealment. I stopped firing when I was thrown from the hood of the car and landed on 161.

At the time I fired my weapon, I was in fear for my life as well as the lives of the other officers and civilians in the area. Before I fired my weapon, the suspect had been given multiple opportunities to leave the area. Officers were ordered not to pursue the stolen car. However, instead of permanently leaving the area, the suspect initially fled and then returned to the area and continued to erratically drive around between multiple parking lots and gas stations while violating multiple traffic laws. It was as if she was taunting the officers. Immediately before discharging my firearm, I had given the suspect multiple opportunities to surrender and had ordered her to stop the car. Instead of complying, the suspect switched the stolen car from reverse into drive, accelerated the vehicle, and hit me. I was on the hood of the vehicle as the suspect accelerated towards 161 when I discharged my firearm. I knew there was a large ditch separating the service road and 161. I am very familiar with this area and I knew that 161 is generally a heavy traffic area, especially around 4:00 p.m. during the workweek and the date of this incident was no exception. I knew that when the suspect hit the ditch I would very likely be thrown from the vehicle and I would be seriously injured or killed. I do not believe I had any other reasonable alternative to protect my life or the lives of the other officers and civilians in the area of 161 and Huntley Road at the time I fired my weapon.

I did have a taser on my duty belt. However, the use of the taser would not have been reasonable in this incident as a taser cannot pierce a windshield. In addition, she was using the stolen car as a deadly weapon and it would not have been reasonable to use a less lethal weapon when the suspect was utilizing deadly force.

I have now had an opportunity to watch the Body Worn Camera video footage of this incident. After reviewing this footage, it appears that there was not as much distance between me and the suspect's vehicle when it began accelerating towards me. I thought there was about 20 feet but in review the footage, there appears to only be about 10-12 feet. It also appears that when the suspect hit the ditch between the service road and 161, I initially landed on my feet and then due to the momentum, I fell backwards and did a reverse somersault. It also appears that once I got back to my feet, the suspect's vehicle was stopped and I walked around the front of it, I do not specifically recall making a conscious decision to do this.

I now know the suspect is Holly Graham. I do not believe I have ever had any prior encounters, personal or professional, with this individual.

This concludes my statement and I am now prepared to answer any additional questions you may have at this time.

8. EXPIRATION	This authorization for release of protected health information for the date of service indicated is effective until _____ or for a maximum of one year from the date signed below. I hereby authorize Ohio Health (name of entity) to disclose to the party (parties) named in this document, information from my medical record for the reasons and time specified below.																		
	X Signature of Patient _____ Date <u>3/11/24</u> Time _____ Signature of Individual Authorized by Patient _____ Date _____ Time _____ Relationship to Patient _____																		
9. REDISCLOSURE	Prohibition on Redisclosure: I understand this information has been disclosed from records whose confidentiality is protected by Federal Law. Federal Regulations (42 CFR part 2) prohibit you from making any further disclosure of this information except with the specific written consent of the person to whom it pertains. A general authorization for the release of medical or other information, if held by another party, is not sufficient for this purpose. Federal Regulations state that any person who violates any provision of this law shall be subject to prosecution under Federal Law.																		
FEES	According to Ohio Revised Codes there is a per page fee for records. The fee will be dependent upon the number of copies requested and other reasons as specified in ORC 3701.741 at codes.ohio.gov/ORC.
