

dollars or part thereof of the tax list, plus one and one-half per cent of the tax list in excess of one hundred million dollars. In ascertaining the limitations of this section, the bonds specified in Section 2293-13 and the following bonds shall not be considered:

- (a) Bonds issued prior to April 29, 1902, or to refund, extend the time of payment or in exchange for bonds issued prior to April 29, 1902.
- (b) Bonds issued heretofore to meet deficiencies in the revenue."

The repeal and the new section were effective August 10, 1927. You will observe that the section authorizes the issuance of bonds in an amount not exceeding twenty thousand dollars in any period of five years for the improvement of any one county building without a vote of the people. The provision of Section 5638 limiting the aggregate amount of levies and appropriations has thus been eliminated. The only limitation is upon the issuance of bonds. So long, therefore, as there be unexpended balances in the general fund which may be appropriated for these purposes, I am of the opinion that the commissioners would be authorized to make an appropriation for an improvement of the lands under consideration without regard to the limitations of Section 5638, provided the appropriation was made after August 10th. Such appropriation should be made to the building fund for the improvement so as to make it available for use by the building commission.

Summarizing my conclusions, if it be assumed that the contemplated additional appropriation be a lawful one and within the rule laid down in the case of State, ex rel., vs. Andrews, supra, this department not having sufficient facts to pass on this question, I am of the opinion that where a building commission has been appointed for the construction of a county tuberculosis hospital pursuant to a vote of the people authorizing a bond issue and a supplemental appropriation is made by the county commissioners for the purpose of improvement of the site and furnishing of the building, such appropriation may be taken into consideration in fixing the compensation of such building commission, and such commission is authorized to expend the money so appropriated as a part of the building fund for such improvement.

Respectfully,
EDWARD C. TURNER,
Attorney General.
