Officer Involved Critical Incident – 913 Lebanon Street, Monroe,
Ohio (L)

Investigative Activity: Records Received
Involves: Dustin Booth (S)
Date of Activity: 02/18/2022
Activity Location: Monroe Police Department – Business – 233 South Main Street,
P.O. Box 330, Monroe, OH 45050
Author: SA Richard Ward, #55

Narrative:

On February 12, 2022, Ohio Bureau of Criminal Investigations (BCI) Special Agent Richard Ward requested from the Monroe Police Department all documents, audio and/or video recordings related to the Officer-Involved Critical Incident from the previous day.

On February 18, 2022 and throughout the investigation, Agent Ward promptly received information attached below from Captain David Chasteen of the Monroe Police Department, but not all inclusive. The items will be made a permanent part of the case file. Chasteen also provided additional audio/video information, which was transferred to an external hard drive. The additional audio/video information received contained fleet cruisers audio/video; traffic camera video positioned at State Route 63 and New Garver Road; and additional body worn camera videos of Officers Michelle Ebbing, Aspacher and Buddo and Sergeant Myers.

4 USE OF FORCE

4.1.1 USE OF REASONABLE FORCE

A. DEFINITIONS

Definitions related to this policy include:

Active Resistance- Active resistance is the force or threat of force used by a subject to counter an officer's lawful objective, or authority.

Passive Resistance- Passive resistance is the non-violent opposition to an officer's lawful objective, such as a refusal to cooperate with legal requirements.

De-Escalation- reduce the intensity of (a conflict or potentially violent situation).

Force - The application of physical techniques or tactics, chemical agents or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed or restrained.

Serious Physical Harm- any physical harm which creates a substantial risk of death, permanent incapacity, permanent disfigurement, or acute pain of such duration as to result in substantial suffering.

Reasonable Force- the amount of force necessary to protect oneself or another.

Less Lethal Force- any force which is intended to incapacitate or stop a subject or action without the likelihood of causing death.

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or serious physical harm.

B. The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

1. Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.
2. The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.
3. Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.
4. The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.
5. Given that no policy can realistically predict every possible situation an officer might encounter; officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.
 - a. It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons or methods provided by the Department. Officers may find it more effective or reasonable to improvise their response to uncertain, tense and rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that appears necessary to accomplish a legitimate law enforcement purpose.
 - b. While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.
 - c. Only officers who have successfully completed department-approved training in the use of physical or subject control techniques, control equipment and/or firearms are authorized to carry and initiate the use of them.

C. USE OF FORCE TO AFFECT AN ARREST

1. Any officer who has reasonable cause to believe that the person to be arrested has committed a crime or public offense may use reasonable force to effect the arrest, to prevent escape or to overcome resistance.
2. An officer who makes or attempts to make an arrest need not retreat or desist from his/her efforts by reason of resistance or threatened resistance on the part of the person being arrested, nor shall an officer be deemed the aggressor or lose his/her right to self-defense by the use of reasonable force to effect the arrest, prevent escape or to overcome resistance.

D. DUTY TO INTERCEDE

1. Any officer present and observing another officer using force that is clearly beyond that which is reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of

unreasonable force.

2. An officer who observes another employee use force that exceeds the degree of force permitted by law should promptly report these observations to a supervisor.

4.1.2 FIREARMS AND USE OF DEADLY FORCE

A. Use of deadly force is justified in the following circumstances:

1. An officer may use deadly force to protect him/herself or others from what he/she reasonably believes would be an imminent threat of death or serious physical harm.
2. An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the person has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious physical harm or death, and the officer reasonably believes that there is an imminent risk of serious physical harm or death to any other person if the subject is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.
3. Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if an officer reasonably believes any of the following:
 - a. The person has a weapon or is attempting to access one and it is reasonable to believe the person intends to use it against the officer or another.
 - b. The person is capable of causing serious physical harm or death without a weapon and it is reasonable to believe the person intends to do so.

4.1.3 WARNING SHOTS

- A. Warning shots are inherently dangerous. Therefore, a warning shot must have a defined target and shall not be fired unless
1. The use of a deadly force is justified;
 2. The warning shot will not pose a substantial risk of injury or death to the officer or others; and
 3. The officer reasonably believes that the warning shot will reduce the possibility that deadly force will have to be used.

4.1.4 USE OF AUTHORIZED LESS LETHAL WEAPONS

A. Less Lethal weapons approved for use by officers include:

1. Oleoresin Capsicum (OC) Pepper Spray = Oleoresin capsicum is an organically based, less lethal aerosol designed to impair a subject's ability to cause harm to others with no lasting effects. OC is bio-degradable and classified as an inflammatory agent causing swelling of the mucous membranes.
2. TASER X2 = The TASER is an electronic control device designed to disrupt the sensory and motor nervous system of the human body. Its use is intended to incapacitate a subject with a

minimal potential for causing death or serious physical injury when compared to conventional projectiles.

3. Baton, Collapsible or Straight= When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.
4. 40mm Launcher = 40mm Launchers are a single shot shoulder fired less lethal specialty munitions delivery system. This system utilizes the Exact Impact Sponge round which is a point of aim, direct fire application that provides maximum deliverable energy to incapacitate an aggressive and/or non-compliant subject. The Exact Impact Sponge round has a minimum standoff distance of 5 feet and a recommended maximum range of 120 feet.
5. CS GAS (CHLOROBENZYLIDENEMALONONITRILE()) (aka tear gas)(particulate or liquid) = CS Gas is used in tactical applications to temporarily impair a subjects ability to cause harm to another person or persons. The chemical in CS re-acts with moisture on the skin and in the eyes causing lachrymation, a burning sensation, tearing and the immediate forceful and uncontrollable shutting of the eyes. CS may be deployed by hand or 40 mm launching platform, in powder or liquid form.
6. DIVERSIONARY DEVICES= Diversionary Devices are less lethal explosive devices used to temporarily disorient a subject by a bright flash of light and sound. Diversionary Devices are deployed by hand and produce a light level of 6-8 million candelas and a sound level of 175 db at 5 feet.
7. CANINIE
 - a. APPREHENSION
 - i. A canine may be used to locate and apprehend a suspect that is Actively Resisting by way of displaying force or the threat of force to counter an officer's lawful objective, or authority.
 - b. DISPLAY OF CANINE
 - i. The display of a canine may be used to gain compliance from a subject that is Passively Resisting by way of displaying non-violent opposition to an officer's lawful objective or authority, such as a refusal to cooperate with legal requirements
 - c. NON-APPREHENSION
 - i. Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention).
 - ii. The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions and the particular abilities of the canine.
8. EDGED WEAPONS_(Refer to Edged Weapons Training Plan)
 - a. Any tool that by design or improvisation can slash, cut or penetrate (human flesh) or otherwise cause serious injury or death.
 - b. Non-issued officer owned knives. The a knife is not intended for use as a weapon and officers are discouraged from using it in this capacity. However, it may be used in defensive capacities under

exigent circumstances. Under such circumstances, it shall be deemed a use of deadly force and is governed by this department's policies on use of force to include, but not be limited to, summoning a supervisor and reporting it as a use of force.

At the discretion of the Chief of Police, a specific make, model or style of edge weapons may be determined to be unsuitable for carry while on duty.

9. SUBJECT CONTROL TECHNIQUES

- a. Physical Pain Compliance Techniques
- b. Carotid Control Holds
- c. Handcuffs/Restraints (Wrist, Ankle or Flexible)

10. OLEORESIN CAPSICUM (OC) PEPPER SPRAY

- a. First Defense MK-3, 1.47 oz canister of 0.7% OC Pepper Spray "Stream" shall be issued to all sworn personnel.
- b. When carrying OC, uniformed personnel shall carry the OC in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry OC as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.
- b. Training Requirement
 - i. Only sworn officers who have successfully completed a departmental approved training course in the proper use and deployment of the OC shall be authorized to use it during actual operations.
- c. Deployment
 - i. OC Pepper Spray shall be deployed utilizing a stream sprays that targets above the eyes of the subject while moving the canister in a side to side motion.
- d. Prohibitions
 - i. OC spray should not be deployed within a distance of less than 4 feet from a subject unless exigent circumstances exist, due to the risk of injury to the subject's eyes from the pressurized contents.
 - ii. OC shall not be deployed indoors, in cars, or in close proximity to others unless exigent circumstances are present or other force options are not practical. OC shall not be deployed if small children are present or if the officer has reason to believe the subject is pregnant or is suffering from a respiratory condition
- e. Follow-Up Procedures
 - i. After successful deployment of OC Pepper Spray and after the individual is under control, immediately notify the shift Supervisor and request emergency medical services.

- ii. The shift Supervisor shall report to the scene and/or the police department and conduct his/her investigation.
- iii. A departmental Use of Force Report shall be completed anytime OC Pepper Spray is deployed.

11. TASER

- a. Road patrol officers shall carry a TASER X2 with two (2) air cartridges on their duty belt or external carrier while on duty or working off duty details.
- b. Officers shall inspect the TASER X2 for damage, battery life, and conduct a spark test to ensure proper functioning and prior to the start of each shift and/or detail.
- c. Training Requirement:
 - i. Only sworn officers who have successfully completed a departmental approved training course in the proper use and deployment of the TASER shall be authorized to use them during actual operations.
 - ii. Policy review and proficiency testing shall be conducted annually.
- d. Deployment:
 - i. When deploying the TASER, a officer shall give verbal warning to the subject when feasible.
 - ii. Prior to deploying the TASER, a officer will shout "TASER, TASER, TASER" to alert other officers of the intent to deploy the TASER.
 - iii. The preferred target area for TASER deployment shall be the subject's back and legs. When back targeting is not possible, a officer should avoid targeting the chest area and target the muscle mass of the abdomen and thigh when practical to do so.
 - iv. Incidents involving force are typically rapidly evolving and dynamic rather than static, however, if a situation allows for sufficient time to intentionally aim the TASER, target the preferred areas.
 - v. An officer will deploy the TASER for one cycle (5 seconds) and re-evaluate the threat. Additional cycles may be necessary to control the subject.
 - vi. TASERs may also be used in a "drive stun" mode with or without an air cartridge. When utilizing this mode, a officer should target muscular areas of the body.
- e. Prohibitions:
 - i. TASERs shall not be used on subjects that are known to the officer to be under the age of 12 or above the age of 70.
 - ii. TASERs shall not be used on subjects that are visibly pregnant or if pregnancy is disclosed.

- iii. An officer shall not use a TASER if the officer smells an odor associated with flammable liquids or gasses or if the subject has doused him/herself with a flammable liquid.
 - iv. An officer shall not use a TASER on subjects behind the wheel of any vehicle when the operation of the vehicle is likely or unknown.
 - v. An officer shall not simultaneously display both their TASER and firearm.
- f. Follow-Up Procedures:
- i. After successful deployment of the TASER and after the individual is under control, immediately notify the shift Supervisor and request emergency medical services.
 - ii. Only appropriate medical personnel and trained Police Officers should remove TASER device probes from a person's body.
 - iii. Any probes that are lodged in a sensitive area (e.g., groin, female breast, head, neck, face), or that might be in bone or cartilage shall be examined by paramedics or qualified medical personnel before removed.
 - iv. Used TASER device probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.
 - v. All subjects shall be medically evaluated prior to booking. The shift Supervisor shall report to the scene and begin his/her investigation. Photographs of the area where the barbs were embedded in the skin are not required unless the barbs are embedded in soft body tissue i.e.; genitals, breast tissue, or any area above the collar bone.
 - vi. A departmental Use of Force report shall be completed any time the TASER is used. The shift Supervisor should be sure to obtain written statements from anyone involved in the incident and/or from witnesses who can provide relevant information.
- g. The TASER instructor shall download the data from the TASER and include a copy of the download report with the Use of Force Report.
12. 40MM LAUNCHER – Exact Impact Sponge Round (40mm)
- a. 40mm launchers are available for trained officers during their shift or operation.
 - b. The 40mm launcher, along with (3) Exact Impact Sponge rounds,- will be assigned and secured in each patrol vehicle by the means of a locked trunk mounted weapons tray or a soft case with an integrity tag.
 - c. Upon conclusion of the shift or operation, the officer shall account for all Exact Impact munitions.
 - d. The 40 mm launcher is a less lethal system and only departmental approved munitions shall be loaded into and deployed from the launcher.
 - e. Training:

- i. Only sworn officers who have successfully completed a departmental approved training course in the proper use and deployment of the 40mm launcher shall be authorized to use them during actual operations.
 - ii. Policy review and Proficiency testing shall be conducted annually
- f. Deployment:
- i. When feasible, a officer will make radio notification of the deployment of the 40mm launcher unless circumstances require immediate intervention.
 - ii. An officer should give verbal commands to the subject(s) to cease his/her disorderly actions or the 40mm launcher will be utilized.
 - iii. A deploying, officer will shout "IMPACT" to warn officers of the intent to use the 40mm launcher when practical.
 - iv. An officer deploying the 40mm launcher will have a cover officer able to deploy deadly force or another force option if warranted.
 - v. When using the 40mm launcher with Exact Impact sponge round munitions, an officer should deploy at a minimum distance of 5 feet and a maximum distance of 120 feet.
 - vi. When deploying the 40mm launcher, officers should fire one (1) Exact Impact sponge round at the intended target zone of the subject, immediately reload the 40mm launcher with a live Exact Impact sponge round then reassess the subject.
 - vii. An officer shall target the subject's buttocks, thigh and calf area to achieve the desired effects.
- g. Prohibitions:
- i. Impact Munitions shall not be used on subjects that are known to the officer to be under the age of 12 or above the age of 70 unless exigent circumstances exist that can be clearly articulated by the officer.
 - ii. Impact Munitions shall not be used on subjects that are visibly pregnant or if pregnancy is disclosed unless exigent circumstances exist that can be clearly articulated by the officer.
 - iii. Exact Impact sponge round munitions shall not be fired at subjects at a distance less than 5 feet unless exigent circumstances exist.
 - iv. Exact Impact sponge round munitions should never be targeted at the head, chest, or spine unless in the ultimate measure of self-defense or the defense of another when deadly force is justified.
 - v. Officers shall not simultaneously display both the 40MM Impact Munitions Launcher and another firearm.
- h. Follow up Procedures:

- i. After successful deployment of the 40mm Exact Impact sponge round and after the individual is under control, immediately notify the shift supervisor and request emergency medical services if needed
- ii. The shift supervisor shall report to the scene to take photographs of any injuries caused by the Exact Impact round.
- iii. Officers shall summon EMS to the scene and request transport for further medical evaluation if needed.
- iv. A use of force report will be completed anytime the Exact Impact round is deployed.
- v. The shift supervisor should be sure to obtain written statements from anyone involved in the incident and/or from witnesses who can provide relevant information .

4.1.5 RENDERING AID AFTER USE OF FORCE

- A. Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who is rendered unconscious. Any individual exhibiting signs of physical distress after an encounter and should be continuously monitored until he/she can be medically assessed.
- B. Based upon the officer's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel.
- C. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible. The on-scene supervisor, or if not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

4.2 Use of Force Reporting and Review

4.2.1 REPORTING USE OF FORCE

- A. Any use of force by a member of this department shall be documented promptly, completely and accurately in the standard incident report narrative. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances.
 1. To collect data for purposes of training, resource allocation, analysis and related purposes, the officer who uses/displays force shall complete a use of force report form located in the department's Records Management System.
 2. If for any reason the officer is unable to complete the use of force report, the officer's supervisor will complete the report on their behalf.
- B. A Use of Force report is submitted whenever an employee:
 1. Discharges a firearm, for other than training, or destruction of an animal.

2. Takes an action that results in, or is alleged to have resulted in, injury or death to another person;
3. Applies force through the use of lethal or less lethal weapons, or;
4. Applies weaponless physical force.
5. Or threats to use force verbally or display a firearm or less than lethal weapon.

C. OFFICERS AND OIC NOTIFICATION REQUIREMENTS

1. Officers shall make notification to the shift sergeant or OIC as soon as practicable following the application of force in any situation.
2. In the event that the shift sergeant is off duty, the OIC will notify the shift sergeant and patrol commander via telephone, or other electronic means such as text or email. If using an electronic means of notification, (which is preferred) one message will be sent to both the shift sergeant and the patrol commander.
3. In the event that the Use of Force situation has resulted in an injury to a subject or officer then notifications will be made by telephone. The shift Sergeant should be notified first. The shift Sergeant may make notification to the Patrol Commander on the OIC's behalf.
4. An OIC in command of a Use of Force situation will prepare a review of the incident and forward that review to their shift sergeant by email within two working days of the incident.

4.2.2 REVIEW OF USE OF FORCE

A. When a shift sergeant or OIC responds to an incident in which there has been a reported application of force, he/she shall:

1. Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
2. Ensure that any injured parties are examined and treated.
3. When possible, separately obtain a recorded interview with the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/her *Miranda* rights, the following shall apply:
 4. The content of the interview should not be summarized or included in any related criminal charges.
 5. The fact that a recorded interview was conducted should be documented in a property or other report.
 - a. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
6. Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.
 - a. Identify any witnesses not already included in related reports.

- b. Review and approve all related reports.
 - c. Determine if there is any indication that the subject may pursue civil litigation.
- B. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
1. Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.

C. SHIFT SERGEANT REVIEW RESPONSIBILITY

1. The sergeant shall review each use of force report and Use of Force Review that is submitted by any personnel within his/her command to ensure compliance with this policy and to address any training issues.
2. The sergeant will then complete and submit a review of the incident on an interoffice memo via email to the patrol commander.
 - a. This review shall include any/all facts from interviews and any/all evidence, audio, video or photographs that are involved in the case.
 - b. This review will be completed and submitted no later than two days after the date of occurrence.
3. The patrol commander shall conduct a meeting with the sergeant after the use of force review has been submitted.
 - a. The patrol commander shall at that point evaluate the circumstances of the incident and determine if the actions taken were appropriate and if any follow up training is necessary.
 - b. Any and all corrective action and/or training will be completed at the direction of the patrol commander.
4. The patrol commander will then prepare an administrative review of the use of force for the chief of police that will officially address the UOF incident. An after action report will be completed to address any policy compliance and training concerns along with the course of follow up action necessary.
5. The patrol commander will administer a use of force reporting system that will notify each member of the command staff of a use of force that has occurred within a designated time period. (24 hour daily reports). The patrol commander will administer the annual tabulation of use of force report statistics .

4.2.3 ADMINISTRATIVE REMOVAL FROM DUTY

- A. Administrative Leave: Whenever an employee is involved in any incident which results in a death or serious physical harm to another, the employee will be removed from duty upon the completion of the preliminary investigation and placed on administrative leave until the incident has been reviewed by the Chief of Police. This action will be taken:

1. To protect the community's interest when personnel may have exceeded the scope of their authority.
 2. To shield personnel who have not exceeded the scope of their authority.
- B. Relief from duty can also occur after an employee has been involved in a critical incident. A critical incident is defined as an occurrence that brings an overwhelming emotional response from the person(s) witnessing it, and whose emotional effect goes beyond the person's normal coping abilities.
- C. To insure a fair and impartial investigation and to protect the officer and/or the community, officers may need to be temporarily assigned during an investigation that does not rise to administrative leave.
1. Officers may be assigned to beats other than the beat where the incident occurred.
 2. Officers may be assigned other duties temporarily, such as dispatch, investigations, or other non-patrol function.
 3. If the Officer is assigned to investigations at the time of the use of force, case assignments should not be made to the same area of the use of force during the investigation.
 4. These temporary accommodations are not a presumption of policy violation on the part of the officer. The intent is to assist the quick and fair investigation of the incident. It is also intended to protect the officer from community harassment and the perception by the community that "nothing is being done".
- D. Administrative leave will be without loss of pay or benefits, and such leave shall not be interpreted to imply or indicate that the employee has acted improperly. While on administrative leave the employee must remain available at all times for official departmental interviews and statements regarding the action response incident, and may be subject to recall to duty at any time. The Chief of Police is empowered to change administrative leave to administrative duty.
- E. **Psychological Services:** In cases where any person has been seriously injured or killed as a result of any action taken by a City of Monroe employee, the involved employee will be required to undergo a debriefing with the departmental psychologist. The debriefing will be to allow the employee to express his/her feelings and to deal with the psychological effects of the incident. The debriefing will not be related to any departmental investigation of the incident. Based on the recommendation of the psychologist, the employee may return to his/her full duties upon official notification to the Police Command Staff.
- F. **Police Chaplain Counseling:** In cases of serious injury or death as a result of any critical incident, involved employees will have available the services of a chaplain of the Monroe Police Department Police Clergy Team and any other stress debriefing team(s) deemed appropriate by the Chief of Police.

4.2.4 Annual Use of Force Analysis

- A. Annually, the agency conducts an analysis of its use of force activities, policies and practices. The review will be conducted by the Patrol Commander and will include reviewing each use of force report and determining over all if department procedures and practices should be changed due to legal decisions, requirements of the department or in the interest of the community served.

- B. The Patrol Commander will administer a use of force reporting system that will notify each member of the command staff of a use of force that has occurred within a designated time period. (24 hour daily reports). The Patrol Commander will administer the annual tabulation of use of force report statistics.
- C. This analysis and all revisions/recommendations shall be submitted to the Chief of Police. The Chief of Police shall upon review, determine if additional or alternative training is necessary for department personnel dealing with any aspect of the application or reporting of the use of force.

4.2.5 Assault on Sworn Officer Review

- A. In conjunction with the annual use of force analysis, the Patrol Commander will also conduct a review of all assaults on law enforcement officers.
- B. The purpose of this review will be to identify trends or patterns that are contributing to assaults on officers. The data analyzed should include:
 - 1. Felony, misdemeanor, or related charges
 - 2. Time of day
 - 3. Call type
 - 4. Number of officer's present
 - 5. Suspect factors, including criminal history.
- C. Based on this analysis, the Patrol Commander will make recommendations on any policy revisions, training issues or other recommendations in order to enhance officer safety.

4.3 AUTHORIZED WEAPONS AND AMMUNITION

4.3.1 Authorized Weapons and Ammunition

- A. Members of the Monroe Police Department shall only use firearms that are issued or approved by the Department and have been thoroughly inspected by the Range master. Except in an emergency or as directed by a supervisor, no firearm shall be carried by a member who has not been qualified with that firearm by the Monroe Police Department Range Master (CALEA 41.3.1(C)).
- B. All other weapons not provided by the Department, including, but not limited to, edged weapons, chemical or electronic weapons, impact weapons or any weapon prohibited or restricted by law or that is not covered elsewhere by department policy, may not be carried by members in the performance of their official duties without the authorization of the Chief of Police. This exclusion does not apply to the carrying of a single folding pocketknife that is not otherwise prohibited by law.

C. HANDGUNS (CALEA 41.3.1(A))

1. Agency approved handguns for on duty use as the primary duty weapon is the Glock Semi-automatic handgun
 - a. Uniform Patrol – Glock model 17 chambered in 9mm
 - b. Investigators – Glock model 17 or 19 chambered in 9mm. Investigators assigned to undercover work may also use the Glock 43 chambered in 9mm.
2. Officers while on duty will carry the weapon charged and secured in the agency approved duty holster with all retention devices on the holster in place and activated. Two fully loaded magazines will be carried in the agency approved magazine pouch.
3. Tactical Lights are approved for use and are optional to each officer. Any Officer choosing to install a Tactical Light may do so however, the lighting device will not be used for duty purposes until the Officer has satisfactorily completed a live fire training session under the direction of the Range Master.

D. AUTHORIZED SECONDARY HANDGUNS (CALEA 4.3.1 (A))

1. GLOCK 43 in 9MM

E. AUTHORIZED OFF DUTY HANDGUNS (CALEA 4.3.1.(A))

1. Officers are authorized, but not mandated, to carry a handgun while off duty. An officer who elects not to carry a handgun while off duty shall not be subjected to disciplinary action if an occasion should arise in which he could have taken police action if he were armed.
2. The off-duty weapon and ammunition must be of reliable quality and manufacture and approved by the range master. The range master may require the weapon be inspected by a department armorer before qualification. The range master will maintain a current listing of all authorized off-duty weapons as it relates to each officer.
3. Agency issued ammunition will be provided for primary and secondary firearms. Ammunition used in off duty weapons other than an agency issued weapon will be provided by the Officer.
4. Primary, secondary and off duty weapons qualifications will be conducted in accordance with the OPOTA courses of fire applicable to the type of weapon.
5. The off duty handgun shall be carried concealed at all times and in such a manner as to prevent unintentional cocking, discharge or loss of physical control.
6. Officers must have their agency identification card on their person when carrying a concealed firearm.

F. LAW ENFORCEMENT OFFICER SAFETY ACT OF 2004 (HB 218)

1. The Law Enforcement Officer Safety Act of 2004 (HB 218), permits current and retired law enforcement officers to carry concealed firearms (other than machine guns, silencers or other destructive devices) throughout the United States.
2. Officers retiring in good standing from the agency will be permitted to re-qualify annually with a certified instructor.
3. Retirees will communicate with the Range Master annually to gain access to range schedules.

G. SHOTGUNS (CALEA 4.3.1.(A))

1. Agency approved shotguns:
 - a. 12-gauge pump action
 - b. 12-gauge semi auto loading action.
2. Uniform patrol will be assigned the pump action shotgun.
3. Each marked police cruiser will be assigned a shotgun. Officers assigned to unmarked vehicles may elect to have a shotgun assignment. The shotgun will be secured in the vehicle and based on vehicle year, make and model will be carried in one of the following formats.
 - a. Locked cab mounted gun rack
 - b. Locked trunk mounted weapons tray.
 - c. Secured soft case with integrity tag.
4. Each shotgun will be carried in the "CRUISER READY" condition of empty chamber, de-cocked trigger mechanism and safety selector in the on position with the magazine tube fully loaded.
5. Officers are responsible to inspect their shotgun at the beginning of each shift to ensure it is operating properly. Any problem found during inspection will be reported to the Shift Sergeant.
6. Officers working tactical assignments may be issued the Semi Auto Loading Shotgun.
7. Shotguns will be removed from the patrol vehicle and secured in the Sergeants Gun locker anytime a vehicle is sent for maintenance.
8. Each shotgun assigned to patrol vehicles that are manufactured in 2016 and newer will be equipped with an extended magazine tube, illuminated sighting system, tactical light and sling.

H. PATROL RIFLES (CALEA 4.3.1 (A))

1. The agency-approved patrol rifle is based on and is consistent with the AR 15 platform, chambered in .223 and/or 5.56 NATO caliber. Each rifle will be equipped with an illuminated sighting system,

tactical light and rifle sling. Each rifle will be accompanied by no less than two fully loaded magazines.

2. Each marked police cruiser will be assigned a patrol rifle. Officers assigned to unmarked vehicles may elect to have a patrol rifle assignment. The patrol rifle will be secured in the vehicle, based on vehicle year, make and model and will be carried in one of the following formats.
 - a. Locked cab mounted gun rack
 - b. Locked trunk mounted weapons tray.
 - c. Secured soft case with integrity tag.
3. Each patrol rifle will be carried in the "CRUISER READY" condition of empty chamber, slide forward, and safety selector in the on position with a fully loaded magazine in the magazine well.
4. Officers are responsible to inspect their patrol rifles at the beginning of each shift to ensure it is operating properly. Any problem found during inspection will be reported to the Shift Sergeant.
5. Officers assigned to tactical units may carry their assigned patrol rifles on duty.
6. Patrol rifles will be removed from the patrol vehicle and secured in the Sergeants Gun Locker anytime a vehicle is sent for maintenance.
7. Officers may deploy the patrol rifle in any circumstance where the member can articulate reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying the patrol rifle may include, but are not limited to:
 - a. Situations where an Officer reasonably anticipates an armed encounter.
 - b. When an Officer is faced with a situation that may require accurate and effective fire at long range.
 - c. Situations where an Officer reasonably expects the need to meet or exceed a suspect's firepower.
 - d. When an Officer reasonably believes that there may be a need to fire on a barricaded person or a person with a hostage.
 - e. When an Officer reasonably believes that a suspect may be wearing body armor.
 - f. When authorized or requested by a supervisor.

I. TACTICAL UNIT APPROVED WEAPONS (CALEA 4.3.1 (A))

1. Firearms approved for tactical Officers include:

J. AMMUNITION (CALEA 4.3.1. (B))

1. Officers shall carry only agency-approved ammunition. Officers shall be issued new duty ammunition in accordance with the Departments ammunition replacement schedule which requires the replacement of duty ammunition every other twelve months.
2. Replacements for unserviceable or depleted ammunition shall be dispensed by the Shift Sergeant when needed. The Range Master will maintain a supply of all agency-approved ammunition for the Shift Sergeants and which will be secured in the Sergeants Weapons Locker.
3. Officers carrying personally owned agency-approved firearms of a caliber differing from department issued firearms shall be responsible for obtaining new duty ammunition in accordance with the Departments ammunition replacement schedule.
4. The Range master will evaluate and select ammunition for all agency approved weapons on an annual basis.

K. Removal of Unsafe Weapons: Any Officer experiencing an issue with a weapon will notify their supervisor who will remove the weapon from service. If the weapon is an essential duty weapon, that supervisor will arrange to have another weapon issued to them. While officers are at the range completing their yearly qualifiers the training range team will inspect the officers issued duty weapons. Any range training team member shall be authorized to suspend authorization to utilize weapons based on an unsafe condition of a weapon. The range training team member shall immediately seize any department owned weapon found to be in an unsafe condition and forward a report concerning the circumstances to the applicable Commander. (CALEA 4.3.1 (D))

L. Weapons records: All department owned and issued weapons will be recorded in Authority

1. Assets. Make, Model, and serial numbers of all departments owned firearms will be maintained in the software and updated when the status of the weapon changes (in or out of service) or who the weapon is issued to. (CALEA 4.3.1. E))

M. Securing weapons: Out of service weapons or weapons not issued will be secured in the armory, or stored in the appropriate weapons storage locker while cruisers are being serviced. Sworn officers will make reasonable efforts to keep issued or authorized personally owned firearms safe and secure at all time, e.g. locking in a drawer, officer's locker, weapons locker, or cabinet when not being carried. A firearm lock will be provided for each agency issued firearm to be used on the firearm to keep the firearm safe during off duty hours. This would not preclude the officer from using other reasonable means, e.g. gun safe, locker, etc., to secure an agency issued firearm during off duty hours. (CALEA 4.3.1 (F))

N. OTHER EQUIPMENT

1. HOLSTERS

- a. Only agency approved holsters shall be used by Officers on duty. All levels of security offered by a particular holster will be utilized at all times. Officers shall periodically inspect their holsters to make sure they are serviceable and provide the proper security and retention of the handgun.
- b. The Range Master will address holster inspection and proper use during firearms training and/or range sessions.

2. TACTICAL LIGHTS

- a. Tactical lights may only be equipped on handguns that are carried on- or off-duty after they have been examined and approved by the Range master.
- b. Once the approved tactical lights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

3. OPTICS OR LASER SIGHTS

- a. Optics or laser sights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Range master. Any approved sight shall only be installed in strict accordance with manufacturer specifications.
- b. Once approved sights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

O. SHOOTING AT OR FROM MOVING VEHICLES: Shots fired at or from a moving vehicle are rarely effective. Officers should move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants

- a. An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.
- b. Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle unless under a supervisor's order during controlled tactical situations.

4.3.2 WEAPONS PROFICIENCY

A. Every officer of this agency will receive training in both lethal and less lethal weapons upon employment and annually thereafter. Training shall include issuance of policy and procedures, policy review, written testing, and proficiency testing. Officers must successfully complete all phases of proficiency testing before carrying and/or utilizing any weapon.

1. Less Lethal Weapons:

- a. Officers must successfully complete a written test containing policy and deployment procedures.

- b. Officers must demonstrate proficiency through an approved course of fire.
 - c. Testing and proficiency will be conducted by a certified instructor for the approved device.
2. Firearms:
- a. Officers must successfully complete a written test containing policy and procedure.
 - b. Officers must demonstrate weapons proficiency through a course of fire approved by the Ohio Peace Officer Training Commission (OPOTC).
 - c. Testing and proficiency will be conducted by an OPOTC certified Firearms Requalification Instructor.
- B. All lethal and less lethal weapons proficiency testing and qualification attempts will be recorded by the evaluating instructor. Officers failing to demonstrate proficiency shall not be permitted to carry and/or resume official duties until proficiency/qualification is completed.
- C. Any lethal or less lethal weapons instructor may recommend individual officer use be suspended based on an officer's inability to demonstrate proficiency. The recommendation shall be made in writing to the Lieutenant in charge of Training.
1. If the officer fails a weapon proficiency test, written or practical, the instructor shall provide the employee with remedial training tailored to the officers recognized deficiency and shall require the officer to attempt a second qualification immediately following the retraining.
 2. If the officer fails to qualify after the second proficiency test, the officer will again receive remedial training tailored to the officers recognized deficiency and shall be required to attempt a third qualification immediately following the retraining.
 3. If the officer does not qualify after the third qualification attempt, the officer will be relieved of his/her duty. He/she will be temporarily re-assigned to desk duty for five (5) days, during which time he/she will receive one (1) additional retraining session.
 4. If the officer does not qualify after the fourth qualification attempt, he/she will be placed on a thirty (30) day suspension and will be required to qualify upon returning to work.
 5. If the officer does not qualify after the fifth qualification attempt, he/she will be terminated.
 6. At any time during the qualification process, disciplinary action may be initiated if the failure to perform satisfactorily is determined to be due to a failure to follow the directions or suggestions of the instructor(s) and apparent attempt to deliberately fail to qualify, or any other conduct which would violate the disciplinary code of conduct of this agency, or would indicate the officer cannot or will not qualify with agency authorized weapons.
- D. Training/Re-Training shall be conducted by a certified instructor authorized to provide instruction in the lethal or less lethal weapons .

4.3.3 TRAINING

- A. Officers will receive annual training on this policy and demonstrate their knowledge and understanding through written and/or practical training. All lethal or less-lethal tools that have been authorized for use by the Monroe Police Department require proficiency testing each year.
- B. The frequency of proficiency testing for Lethal and Less-Lethal equipment will be determined by the Range Master and the individual topic instructors then approved by the Chief of Police. The Training Plans listed below are the only authorized training formats to be used for training on Lethal and Less-Lethal weapons. Only certified instructors will conduct training on these critical topics
- C. Training Plans

 - 2. [Edged Weapons](#)
 - 3. [Handcuffing and Restraints](#)
 - 4. [Taser](#)
 - 5. [Subject Control](#)
 - 6. [Semi Auto Pistol](#)
 - 7. [Shotgun](#)
 - 8. [Patrol Rifle](#)
- D. Additional Reference Material
 - 1. [US Marine Corp Close Combat Manual](#)

4.3.4 Issuance and Instruction on Use of Force Policy

- A. Each officer will display understanding and proficiency through qualification and testing during the field training program and thereafter, annually (firearms & Taser) or biennially (expandable baton, chemical agent & weaponless control techniques) under the department's use of force and use of deadly force directive and policy statements in order to be authorized to carry or use any firearm or less lethal weapon.
- B. A receipt showing that an officer has access to, has read and understands the police department's use of force and use of deadly force directive and policy statements will be signed by the officer and maintained by the training coordinator as indicated.
 - 1. Upon initial employment;
 - 2. Upon any revised issuance of this directive.

Exhibit 2

2. Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely.
 - a. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion .
- F. Except as otherwise directed by the Shift Sergeant or other department-established protocol, all calls for service assigned by a should be communicated by voice over the police radio and electronically via the MDC unless security or confidentiality prevents such broadcasting. MDC and voice transmissions are used to document the member's daily activity. To ensure accuracy:
 1. All contacts or activity shall be documented at the time of the contact.
 2. Whenever the activity or contact is initiated by voice, it should be documented by a [dispatcher].
 3. Whenever the activity or contact is not initiated by voice, the member shall document it via the MDC.
- G. All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDC system.
 1. Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDC.
- H. If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member.
 1. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.
 2. Members should ensure a field supervisor and the Shift Sergeant is notified of the incident without delay.
 3. Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency .
- I. In case of a malfunction of the MDC, a notification shall be given to the Operations Commander through the department email system.
 1. Whenever possible, members will not use vehicles with malfunctioning MDCs.
 2. Whenever members must drive a vehicle in which the MDC is not working, they shall notify Monroe Communication Center. It shall be the responsibility of the [dispatcher] to document all information that will then be transmitted verbally over the police radio.
- J. When investigating reports of possible bombs, members should not communicate on their MDCs when in the evacuation area of a suspected explosive device.
 1. Radio frequency emitted by the MDC could cause some devices to detonate.

41.3.8 In-car and/or Body-worn Audio Video

- A. The Monroe Police Department has equipped marked patrol cars with Mobile Video Recording (MVR) systems.
- B. The Monroe Police Department has issued each officer assigned to the Patrol Unit a Body Worn Camera (BWC).
 1. The MVR and the BWC are designed to provide records of events and assist officers in the performance of their duties.
 2. This policy provides guidance on the use of these systems.
- C. Definitions related to this policy include:
 1. Activate - Any process that causes the MVR and/ or BWC system to transmit or store video or audio data in an active mode.
 2. Axon Docking Station - Defined as a six-port docking system which uploads video files and charges the Axon BWC. The Axon Docking Station allows units to transfer recorded events to EVIDENCE.COM via an internet connection
 3. EVIDENCE.COM - Defined as an AXON system used for accessing recorded events. Officers have a unique login to enable viewing or uploading recorded events. The website address is <https://monroepdoh.evidence.com>.

4. Body Worn Camera System (BWC) - is defined as any department approved and authorized recording device that is issued to officers to record audio and video consistent with Department policy and procedure.
 5. In-Car Camera System and Mobile Video Recorder (MVR) - Synonymous terms which refer to any system that captures audio and video signals, that is capable of installation in a vehicle, and that includes at minimum, a camera, microphone, recorder and monitor. This system may work together with a body worn camera.
 6. Incident - Defined as any situation in which an Officer has the legal authority to act or is involved in any lawful purpose.
 7. Recorded media - Audio-video signals recorded or digitally stored on a storage device or portable media.
- D. It is the policy of the Monroe Police Department to use mobile video recording technology to more effectively fulfill the department's mission and to ensure these systems are used securely and efficiently.
- E. Prior to going into service, each officer will properly equip him/herself to record audio and video in the field.
1. Officers will wear all supplied components of the BWC systems and ensure it is properly positioned to record events.
 2. Officers shall inspect the BWC prior to the shift to ensure proper functioning of the system.
 3. Officers will immediately report a malfunctioning BWC to a supervisor.
 4. Officers will only use the BWC assigned to them, and will not use a BWC assigned to another officer.
 5. At the end of the shift, each officer will follow the established procedures for providing to the Department any recordings.
 - a. Connect the Axon BWC to the Axon Docking Station to automatically upload recordings and charge the unit.
 - b. This should be completed at the end of an Officers shift or intermittently during the shift as reports are generated.
 - c. The MVR shall not be removed from the assigned vehicle without authorization from a supervisor.
 - i. All digital information and images obtained in the MVR system is downloaded to the department's Evidence.com account over a secure wireless transmission through the vehicle.
- F. The MVR and the BWC shall be used to record all calls involving law enforcement incidents and activities.
1. If an Officer assists as a backup/cover unit, that Officer must ensure that they are added to the CAD call.
 2. The Officers will refrain from using the MVR or the BWC under the following circumstances:
 - a. Officers will not use the BWC to record confidential informants or undercover officers unless requested to do so by the undercover officers involved.
 - b. Officers will not use the BWC to record department personnel during routine, non-enforcement related activities, unless recording is required by a court order or is authorized as part of an administrative or criminal investigation.
 - c. Officers will not use the BWC to record In any place where there is a reasonable expectation of privacy (e.g., restroom, locker room) except during an active incident (e.g., foot pursuit that leads into a locker room).
 - d. Officers will not use the BWC to record during discussions/briefs regarding tactics and/or strategies .
 3. The MVR system is designed to turn on whenever the unit's emergency lights are activated.
 4. The rear seat camera of the MVR must be turned on manually by the officer.
 - a. This camera shall be activated whenever any prisoner or suspect is placed in the rear seat of the cruiser.
 5. The BWC is activated manually by the officer.
 6. The systems remain on until it is turned off manually.

- G. Once activated, the MVR and/or BWC system should remain on until the incident has concluded.
1. For purposes of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported and all witnesses and victims have been interviewed.
 2. Recording may cease if an officer is simply waiting for a tow truck or a family member to arrive, or in other similar situations.
 3. If at any time the MVR or BWC is deactivated during an incident, written documentation will be completed with a detailed explanation of the reason for the deactivation.
 - a. This documentation will be forwarded to the Operations Commander.
- H. Officers will use the BWC system inside a private home as long as they have a legal right to be there (e.g., call for service, valid search or arrest warrant or consent of the owner).
- I. Under the majority of scenarios, Officers are not required to inform citizens they are being recorded with the BWC.
1. An officer must inform a citizen that the MVR or BWC is recording the citizen if that person is placed in the back of a police car or a department interview room.
- J. Under extenuating circumstances, utilization of the BWC system may not be possible/feasible (e.g., ambush/assault on a police officer, compromising the tactical advantage of police).
1. When this occurs, officers will report the incident to their supervisor.
 2. The supervisor will investigate and document these incidents.
- K. Officers who fail to use the equipment as required or fail to report damage to the equipment are in violation of section (E) and section (F) of this policy and are subject to the disciplinary process of the Monroe Police Department.
- L. Activation of the MVR or BWC system is not required when exchanging information with other officers or during breaks, lunch periods, when not in service or actively on patrol.
- M. No member of this department may surreptitiously record a conversation of any other member of this department except with a court order or when lawfully authorized by the Chief of Police or the authorized designee for the purpose of conducting a criminal or administrative investigation.
- N. All recording media, recorded images and audio recordings are the property of the Department.
1. Dissemination outside of the agency is strictly prohibited except to the extent permitted or required by law.
 2. Officers shall not use non-agency equipment or devices to record or download video from MVR or BWC.
 3. Officers shall not edit, alter, erase, duplicate, copy, share, or otherwise distribute in any manner BWC recordings.
- O. All access to MVR or BWC footage is automatically logged to create an electronic audit trail.
1. Officers may view BWC footage utilizing vendor-approved software and equipment.
 2. Officers will inform a supervisor of any recorded sequences that may be of value for training purposes.
- P. Court and Evidentiary Video Files
1. When a MVR or BWC video file is required for court/evidentiary purposes, the Prosecutor's Office/Officer will contact Monroe Police Department Records Division at least 48 hours in advance to request the redaction process be initiated.
 2. The Monroe Police Department Records Clerk will determine the media which video/audio footage will be released to the court or public.
 - a. This release will be in accordance to established courtroom procedures, rules of court, and current public record laws.
- Q. Recording Auto Accidents Involving Police Equipment.
1. If an officer is involved in an auto accident, they should activate the MVR or BWC if physically able.
 - a. When activated, the BWC will record 30 seconds of buffered video. (Possibly recording the events prior to the accident)
- R. Users of the MVR and BWC systems and supervisors shall successfully complete an approved course of instruction prior to being deployed with the systems.
- S. Video files will be reviewed by supervisors prior to the completion of any critical incident review. Additionally, video files will be reviewed by supervisors periodically for the purpose of quality assurance and preparation for employee performance evaluations.

- T. Once quarterly the “Advisory Board” chaired by the Training Coordinator will randomly select case files with video evidence from each patrol shift and correlate the video file and case file documents for quality assurance and training evaluation purposes. The “Advisory Board” will generate a report based on an evaluation of professionalism, efficiency, officer safety and communications. This report will be forwarded to the Operations Commander.
- U. The Operation’s Commander will review the quarterly report and prepare an analysis report for the Chief of Police. This report will be maintained in the agencies internal Guardian Tacking software module.

NARRATIVE

On listed date and time, DUSTIN BOOTH was stated to be going manic by his wife BRANDI BOOTH and smashed a cell phone with a hammer in the front yard.

Upon arriving I spoke to Brandi who stated he had smashed the phone because he could. I then observed the phone off the sidewalk in the snow and it was clearly disabled. I then located Dustin and spoke to him and he stated he did have an amount of time that he was upset and now he felt great. I asked both Brandi and Dustin separately if either of them believes Dustin would cause harm to himself or others, and "no" were both of their answers. I observed signs while talking with Dustin that suggested he was going through a manic episode and that he was "coming down" off of it.

I then advised both parties and Troopers that I have no reason, by law, to remove him from the home for a hold. I did suggest to Dustin that he follow up with Kathy Becker and he stated that he would take my suggestion. I spoke to Kathy Becker and provided his Name, DOB, and Phone number, and she stated she would follow up with him. I advised Dustin to call Access Counseling tomorrow (2/10) and he stated he would.

NARRATIVE SUPPLEMENT

INCIDENT NUMBER

VICTIM	OFFENSE	INCIDENT DATE AND TIME
--------	---------	------------------------

2/11/22 at 2:11PM I responded to the area of Steeplechase Ln for a distraught male later identified as DUSTIN BOOTH. His wife, BRANDI BOOTH, was the caller and stated Dustin is in a manic state and she is currently following his green GMC pickup on Steeplechase Ln, and Dustin is throwing objects from the vehicle.

I remained stationary at the intersection of Bridle Creek and Steeplechase, activating my overhead lights, and observed the green GMC traveling south towards the intersection.

I exited my patrol car, commanding Dustin to stop. He stated, "No! I'm not stopping. Follow me home!" then continued west then south onto Blue Grass. Booth parked his truck in his driveway at 120 and began walking toward the open garage. Dustin exclaimed that he is not armed. Dustin is a CCW holder and has weapons in his residence according to Brandi.

I commanded Dustin to stop and informed him I just want to talk to him and check on him, that his wife is worried about him. He told me he is cold and I can "talk to him in his office." I returned to my patrol car, apprising other responding officers of this tense, uncertain and rapidly-evolving domestic disturbance.

Officers Worley and Ebbing arrived to assist. We took cover behind my patrol car and I deployed my issued AR15 rifle. I requested Ebbing go to the south side to observe the rear of the residence.

I deployed my service rifle for the protection of the public, fellow officers and myself. I trained this rifle on the residence and Booth when he intermittently appeared for the duration of this incident.

I then briefly spoke to Brandi and she informed me her children are in her vehicle which was parked very close to 120. I instructed her to move the vehicle farther down the street for her and her children's safety.

Additional officers responded and we began calling out to Dustin via the public address system, unable to speak to him directly.

Ultimately officers were recalled from the scene, leaving the area at approximately 5PM. I had no further involvement.
