Incident Summary/Overview

Throughout this summary the term "Subject Vehicle" will be used in identifying the vehicle operated by the sole occupant, Holly Graham (Graham). The subject vehicle is further described as a blue Toyota Corolla with Ohio license plate HCG9829.

On February 7, 2024, at approximately 1523 hours, CPD officers responded to the area of Burger King on E. Dublin-Granville Road for a report of a stolen vehicle being seen in the area. At approximately 1536 hours, Ofc. Pizzadaz located the subject vehicle and advised it was taking off, away from him.

Additional units responded to the area in an attempt to get the subject vehicle stopped. However, they were unsuccessful as the subject vehicle kept traveling in circles while entering and exiting various parking lots of businesses.

Ultimately, the subject vehicle entered the parking lot of Huntley Square Plaza. As officers were preparing to deploy stop sticks at the exits the subject vehicle, while traveling in reverse, appeared to attempt to avoid officers. However, as [REDACTED] was approaching the subject vehicle from the front with his firearm drawn and issuing commands, the subject vehicle accelerated forward and hit [REDACTED]. The force caused [REDACTED] to go on top of the hood and windshield. The subject vehicle continued traveling and appeared to be accelerating when [REDACTED] who was still on top of the subject vehicle, discharged his firearm into the windshield towards the driver area of the vehicle. He fired multiple shots. [REDACTED] was thrown from the subject vehicle by the force of it stopping in a ditch or median area. [REDACTED] landed in the roadway of E. Dublin-Granville Road.

The records also indicated [REDACTED]

[REDACTED] Graham was discharged on February 7, at 0939 hours.

On February 7, at 1003 hours, Fairfield Medical Center Police received a call from Dave Murray advising them that a vehicle (a blue 2015 Toyota Corolla) had been stolen. This is according to a stolen vehicle report obtained from the Lancaster Police Department.

On February 7, at 1503 hours, CPD received a 911 call reference to a subject locating his friend's stolen vehicle (blue Toyota Camry). At 1523 hours, officers were dispatched to the area of Burger King on E. Dublin-Granville Road. Officers responded to the area and the subject vehicle was located. However, when Officer Pizzadaz attempted to approach the subject vehicle on foot, the subject vehicle "bolted as I was getting out of my cruiser." According to statements and radio traffic, officers attempted to get the subject vehicle to stop. However, Graham did not comply with the emergency lights and sirens utilized by officers in the area. Officers also attempted to use stop sticks but were unable to get them deployed due to Graham traveling back and forth in parking lots and doing circles, as described by officers.

At approximately 1547 hours, [REDACTED] referring to the subject vehicle advised they were not going to "follow this forever" and he advised units to clear the area. Based on radio traffic it appeared units began to leave the area.

At approximately 1551 hours, Ofc. Callaghan advised the subject vehicle was stopped at Sheetz gas station. Again, officers responded to the subject vehicle's location and attempted to coordinate utilizing stop sticks at the exits. The subject vehicle again began exiting and entering various parking lots of businesses in the area.

[REDACTED] and [REDACTED] (two-man unit) responded to the area since they were at a nearby substation.

At approximately 1559 hours, just as Lt. Sweeny and Unit 605 were advising officers to disregard the vehicle; [REDACTED] was approaching the subject vehicle from the front, as it was traveling in reverse (away from [REDACTED] just as this transmission was airing the radio.

The subject vehicle accelerated forward, into the direction of where [REDACTED] was standing. The front passenger side wheel of the subject vehicle could be seen turned or angled to the vehicle's right (passenger side). The subject vehicle struck [REDACTED] and he landed on the hood/windshield of the subject vehicle. [REDACTED] was on top of the subject vehicle as it accelerated forward. The subject vehicle crossed a service road and impacted a ditch or median area just before making it to the westbound lane of Dublin-Granville Road. With the vehicle stopping abruptly, [REDACTED] was thrown from the hood of the car onto the roadway (Dublin-Granville Road).

[REDACTED] got to his feet and the subject vehicle traveled east (wrong way) in the westbound lane of travel before crashing into oncoming traffic.

Graham exited the vehicle as police responded to the crash site to take her into custody. Officers rendered aid by assessing Graham's injuries and applying tourniquets.

Bosch Crash Data showed the subject vehicle was traveling at approximately 36MPH at the time of the collision with the civilian vehicle. The data did not appear to provide information related to the incident involving [REDACTED] being struck.

Physical Evidence and Laboratory Reports

Various items of potential evidence were submitted to the BCI Laboratory for analysis. The actual reports should be consulted as the following synopsis does not include many of the details from the full reports.

The BCI Firearms Section performed an analysis of the officer's firearm, as well as the firearm-related evidence collected from the scene, vehicles, and autopsies (casings and bullets). By comparing evidentiary cartridge casings/projectiles to known standards from each weapon, identifications were able to be made related to which casings/projectiles were fired from the firearm. Of the casings/projectiles recovered, the following identifications were made:

- White Box containing a Smith and Wesson model M&P 2.0, 9mm, semi-automatic pistol (serial# [REDACTED])
- 2-12. Are multiple fired cartridge casings recovered from Scene #1.
- 14-21. Are multiple fired projectiles recovered from the subject vehicle and the body of Holly Graham.

SA Collins reviewed the laboratory report and noted the following:

Items 2-12 and 14-21 were all found to have been fired from Item #1, the Smith and Wesson pistol [REDACTED].

Wahlberg dealership. Davis said he heard police yelling, "Put your hands up or get out of the fucking car or something." Davis said the vehicle eventually entered the Huntley Square plaza parking lot near the Mexican restaurant. Davis said, "The one cop was right in front of him, gun out. Probably shot 10 rounds maybe through the windshield." Smith described the subject vehicle doing loops in the parking lot as officers attempted to block "her" in. Smith stated, "They were all trying to block her so that she couldn't leave. And then she does a loop, and the cop gets in the way, and he gets ready to pull out his gun and she just floors it and he jumps on the roof and just pops a couple of rounds." Smith described the subject vehicle hitting a ditch and the officer landing in the roadway. Smith believed the officer on the hood fired his weapon seven or eight times. Officers-

CPD [REDACTED] Involved-officer; [REDACTED] is a twelve-year (12 yr.) veteran of CPD. He was wearing his CPD uniform which consisted of navy pants, navy shirt and CPD jacket with patches, as well as an external vest. [REDACTED] said he and [REDACTED] and Sgt. Velalis were at CPD Precinct #1 when [REDACTED] heard radio traffic of officers locating a stolen vehicle. [REDACTED] said this specific encounter seemed odd as typically stolen vehicles flee and leave the area. However, that was not the case with this particular vehicle, as it seemed to keep circling the area. Specifically, that it sounded like the subject was "purposefully seeking out officers." [REDACTED] responded to the area.

[REDACTED] said he and [REDACTED] responded to the area. Once in the area [REDACTED] allowed [REDACTED] to exit, to deploy stop sticks at the south entrance of the Huntley Square Plaza parking lot. [REDACTED] said he positioned his vehicle on Huntley Road and exited in order to provide lethal cover for [REDACTED] and others while they were deploying the stop sticks.

[REDACTED] stated the subject vehicle was going in reverse and he stepped in front of it, pointing his weapon forward. [REDACTED] said he ordered the subject to "stop the car." He initially believed the subject was going to give up and they were going to order her out of the car and to take her into custody. [REDACTED] said the vehicle stopped briefly and he witnessed Graham look directly at him. [REDACTED] said the subject vehicle suddenly accelerated towards him and he attempted to move to his left but he was struck by the subject vehicle. [REDACTED] said the force of the impact "threw" him onto the hood of the car, which was accelerating towards Dublin-Granville Road. [REDACTED] described feeling significant pain on the left side of his body and believed he'd sustained "serious injury." [REDACTED] described his upper body being on the windshield, while his legs were on the hood of the car, when he placed his firearm on the windshield and began firing downward into the vehicle at Graham. [REDACTED] stated he fired multiple times over the course of three to four (3-4) seconds. He further stated, "at the time I fired my weapon, I was in fear for my life as well as the lives of the other officers and civilians in the area." [REDACTED] said the vehicle hit a

[REDACTED] stated he noticed his left arm was "not functioning properly." He got to his feet and recalled reloading his weapon because he was unsure of how many rounds he fired. [REDACTED] said the subject vehicle began moving again and traveled eastbound on Dublin-Granville Road in the westbound lane of travel.

As it relates to why [REDACTED] fired his weapon, he stated, "before I fired my weapon, the suspect had been given multiple opportunities to leave the area... Immediately before discharging my firearm, I had given the suspect multiple opportunities to surrender and had ordered her to stop the car. Instead of complying, the suspect switched the stolen car from reverse into drive, accelerated the vehicle, and hit me. I was on the hood of the vehicle as the suspect accelerated towards 161 when discharged my firearm." [REDACTED] said he was very familiar with the area of St. Rt. 161 and knew it was typically a high traffic area, specifically around 1600 hours. [REDACTED] stated, "I knew that when the suspect hit the ditch I would very likely be thrown from the vehicle and I would be seriously injured or killed. I do not believe I had any other reasonable alternative to protect my life or the lives of the other officers and civilians in the area of 161 and Huntley Road at the time I fired my weapon. I did have a Taser on my duty belt. However, the use of the Taser would not have been reasonable in this incident as a Taser cannot pierce a windshield. In addition, she was using the stolen car as a deadly weapon and it would not have been reasonable to use a less lethal weapon when the suspect was utilizing deadly force."

According to [REDACTED] he received medical treatment at both Grant Medical Center and Riverside Hospital for [REDACTED]

[REDACTED] further described being on the side of the building near an exit when he witnessed the subject vehicle appear from the side of the building and [REDACTED] was on top the hood. [REDACTED] said he witnessed [REDACTED] firing several rounds into the vehicle. [REDACTED] said he witnessed [REDACTED] "...flying off the vehicle, onto the road..." He stated he did not hear all the details when in the original dispatched transmission. Ofc. Dickson said the subject vehicle entered the Huntley Square Plaza. Again Ofc. Oldham attempted to deploy stop sticks, this time at the south entrance of the plaza. Ofc. Dickson believed the driver of the subject vehicle may have seen this, because "they" went in reverse. Ofc. Dickson stated [REDACTED] was approximately ten to fifteen (10-15) yards away from Ofc. Dickson, on the same side of the vehicle. SA Collins asked for clarification related to [REDACTED] being in the path of the vehicle. Ofc. Dickson said, it appeared to him, [REDACTED] was to the left or on the passenger side of the vehicle, telling the subject to stop the car. Ofc. Dickson said the subject vehicle went into reverse and he doesn't recall exactly how [REDACTED] got struck but... Ofc. Dickson stated it was at that point he saw [REDACTED] *"somehow get struck by the vehicle. I saw the vehicle come at him and strike him. At which point, I saw him on the hood of the car, as the car was accelerating, with him still on the hood. Um, I saw [REDACTED] discharge several rounds into the windshield of the vehicle. At which point, the crew--, or the stolen vehicle continued to pick up speed and accelerate and they ended up hitting an embankment or some type of ditch. Which then shot [REDACTED] up, off, the hood and into the middle of 161 lanes of travel."*
