Test item submission establishes an agreement for testing between the submitting customer and the BCI laboratory. The laboratory employs standardized methods to fulfill customer test requests. Specific method selection, application and sequence are at the discretion of the laboratory, unless otherwise directed by the customer. Investigative information obtained as a result of the laboratory testing may be disseminated to other law enforcement agencies for the administration of justice. The BCI laboratory may subcontract testing to meet operational needs. Subcontracted work will be performed by a competent subcontractor and that work will be clearly identified to the customer.

Prior to the commencement of work, please review the submission receipt to ensure the items submitted and laboratory testing requested are correct. Signature signifies acceptance of the agreement specified above and accuracy of the submission receipt to the best of the signatory's knowledge.

Completed Laboratory reports, Notarized Statements, and Statements of Qualification are available for download from the OHLEG portal ([www.OHLEG.org](http://www.OHLEG.org)).

**Comments:** Case Synopsis: On Sunday, May 12, 2024, BCI was requested by the Shaker Heights Police Department to independently investigate the facts and circumstances surrounding an officer-involved shooting incident. US Marshals and members of the EDGE and OSP SWAT teams were attempting to serve an arrest warrant on an individual charged with murdering a Euclid police officer. After a barricade/standoff lasting several hours, and after multiple instances of gunfire, the subject was found deceased in the apartment (possibly due to a self-inflicted gunshot wound).

Analysis Request Details: firearm comparison of subject weapon to bullets removed from Office Jacob Derbin at autopsy Investigations Case 2024-1472. Comparison of casings to subject and Officer weapons. DNA comparison of subject weapon and casings to known standard
