

In the case of Industrial Commission of Ohio et al. vs. Snyder, the decision of the Supreme Court rendered October 22, 1925, held in part as follows:

"The provisions of such code require the administration of the affairs of that department by the Director of Industrial Relations and provide for the keeping within the department such records and journals as are necessary to exhibit its official acts and proceedings. A letter addressed to the board of education, signed only by the Chief of the Division of Factory Inspection, giving notice that the use of the school building is prohibited, unless designated changes are made by a specified time, there being no record of any official action by the department with reference to such matter, or showing any authority conferred upon the chief of the division of factory inspection relative thereto, is not an order of the department whereon may be predicated action by the board of education to issue and sell bonds of the district for the erection of a school building pursuant to the provisions of section 7630-1, General Code, as it existed April 9, 1923."

You are, therefore, advised not to purchase said bonds.

Respectfully,
C. C. CRABBE,
Attorney General.
