Officer Involved Critical Incident - 1822 Sherrick Road SE,
Canton, OH 44707

Investigative Activity: Canton PD theft from vehicle incident
Involves: Frank Tyson (S)
Activity Date: 05/08/2024
Activity Location: BCI Richfield
Authoring Agent: SA Jon Lieber #50

Narrative:

On May 8, 2024, Ohio Bureau of Criminal Investigation (BCI) Special Agent (SA) Jon Lieber (Lieber) spoke with Canton Police Department (CPD) Lieutenant (Lt.) Mike Talkington (Talkington). SA Lieber learned that on April 18, 2024, prior to Frank Tyson's (Tyson) vehicle accident and subsequent altercation with CPD officers at the Amvets Post #124, there was a vehicle break-in and theft involving a suspect vehicle that matched the description of the vehicle driven by Frank Tyson.

The vehicle driven by Tyson that crashed on Sherrick Road SE, was a 2011 Chevy Malibu, Ohio license plate KGR6251. The crash occurred on April 18, 2024, at approximately 2016 hours.

On April 18, 2024, between 1200 hours and 1330 hours, the work vehicle operated by Mike Edwards of Echols Heating & Air Conditioning, Inc. was broken into, and items were stolen from inside. The vehicle was parked at 916 Lawrence Road NE, Canton, OH. According to Edwards, the following items were stolen: two Ridge toolboxes, a box of sockets, a tool bag with multiple power tools inside, hand tools, and meters. Edwards estimated the value of the items stolen to be \$3,000.00.

Canton PD Officer Versiackas responded and took the vehicle break-in report (CPD Incident #24-03993). In Officer Versiackas' report, it is noted that video footage was obtained, and the suspect vehicle was a Chevy Malibu or Impala, gray in color, with a black passenger front rim.

The narrative portion of a supplemental report written by Officer Jodi Solly is shown below:

2024-1218

Officer Involved Critical Incident - 1822 Sherrick Road SE,
Canton, OH 44707

On April 19, 2024, I was working in the Crime Center when we received an email from Detective Shackle regarding bulletin 24-146, which was issued earlier in the day by Officer Dreussi. The bulletin was an attempt to identify for the suspect vehicle, which appeared to be a dark colored Chevrolet Malibu with silver door handles and a spare tire on the front passenger side. The vehicle was observed in the lot of the business when the incident occurred. The footage of the vehicle shows the driver as a black male wearing a white t-shirt. On the front passenger side seat is a large blue object.

Detective Shackle received information that the suspect vehicle is KGR6251, which was involved in a fatal single vehicle accident on 4/18/24 at 2016 hrs, 2404004 (same day as theft). I ran an LPR report for KGR6251 and compared footage to the pictures used in the bulletin. KGR6251 has all the matching exterior characteristics (door handles, spare tire). Additionally, KGR6251 hit an LPR at

[REDACTED] The theft occurred approximately between 1230-1330 hrs. I traced the vehicle back to the area of the business. Below are the times, direction of travel, and camera information for the vehicle:

In reviewing this footage KGR6251 also has the large blue item in the front passenger seat like the suspect vehicle.

At this time, I am unable to confirm if the driver of KGR6251 is the same individual as the deceased driver of the accident. In the notes of the accident, however, the driver was a black male wearing a white t-shirt, which is the same description as the theft suspect. The driver of the accident vehicle was Frank Tyson, 12/18/1970. The registered owner is Christopher Jones, 4/4/89.

Video, LPR report and snap shot is attached.

Solly 234

The narrative portion of a supplemental report written by Officer Brandon Shackle is shown below:

On 4/19/24 I was assigned this case. After reviewing the report and videos in the report I contacted the victim, Michael Edwards.

I sent screenshots of the video the Crime Center for an attempt to locate to be issued. After the Crime Center issued the attempt to locate I started to receive information that this vehicle was involved in a 1 car fatal accident on Sherrick Rd SE. The car from the fatal accident was a Chevy Malibu with 3 silver rims and one black rim and had silver door handles.

4/22/24 The registered owner of the vehicle has long dreads. It appears that the male in the video of the theft does not and that the suspect resembles the deceased male from the vehicle accident.

I called the victim and will be closing this case without further leads available.
