## Vehicle Use

### 703.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a system of accountability to ensure department vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of department vehicles and shall not be construed to create or imply any contractual obligation by the City of Marion to provide assigned take-home vehicles.

### 703.2 POLICY

The Marion Police Department provides vehicles for department-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department, requirements for tactical deployments and other considerations.

### 703.3 VEHICLE RECORDS

The fleet manager shall maintain all records of vehicles that are operated by Department members.

### 703.4 USE OF VEHICLES

#### 703.4.1 SHIFT ASSIGNED VEHICLES

The fleet manager shall ensure the vehicle fleet board is updated indicating member assignments and vehicle numbers

#### 703.4.2 OTHER USE OF VEHICLES

Members utilizing a vehicle for any purpose other than their normally assigned duties or normal vehicle assignment (e.g., transportation to training, community event) shall first notify the Patrol Lieutenant. A notation will be made on the vehicle fleet board. Members shall not take a vehicle that is assigned to someone who is working or will be working their normally assigned shift.

This subsection does not apply to those who are assigned to vehicle transportation duties to and from the maintenance garage or carwash.

#### 703.4.3 INSPECTIONS

Members shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle into service and at the conclusion of their shifts. Any previously unreported damage, mechanical problems, unauthorized contents or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

The vehicle inspection module shall be started at the beginning of the shift and completed at the end of the shift. The module shall be completed as completely as possible (e.g., equipment condition, beginning and ending gas level, beginning and ending mileage, etc).

The interior of any vehicle that has been used to transport any person other than a member of this department or authorized ride-along should be inspected prior to placing any other person in

the vehicle and again after the person is removed. This is to ensure that unauthorized or personal items have not been left in the vehicle.

When transporting any suspect, prisoner or arrestee, the transporting member shall search all areas of the vehicle that are accessible by the person before and after that person is transported.

All department vehicles are subject to inspection and/or search at any time by a supervisor without notice and without cause. No member assigned to or operating such vehicle shall be entitled to any expectation of privacy with respect to the vehicle or its contents.

#### 703.4.4 SECURITY AND UNATTENDED VEHICLES

Unattended vehicles should be locked and secured at all times. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, temperature above 90 degrees or below 10 degrees Fahrenheit). Vehicles should not be left running unattended under any other circumstances.

Officers who exit a vehicle rapidly in an emergency situation or to engage in a foot pursuit must carefully balance the need to exit the vehicle quickly with the need to secure the vehicle.

Members shall ensure all weapons are secured while the vehicle is unattended.

#### 703.4.5 MDT

Members assigned to vehicles equipped with a Mobile Data Terminal (MDT) shall log onto the MDT with the required information when going on-duty. If the vehicle is not equipped with a working MDT, the member shall notify Marion County Central Dispatch. Use of the MDT is governed by the Mobile Data Terminal Use Policy.

#### 703.4.6 VEHICLE LOCATION SYSTEM

Patrol and other vehicles, at the discretion of the Chief of Police, may be equipped with a system designed to track the vehicle's location. While the system may provide vehicle location and other information, members are not relieved of their responsibility to use required communication practices to report their location and status.

Members shall not make any unauthorized modifications to the system. At the start of each shift, members shall verify that the system is on and report any malfunctions to their supervisor. If the member finds that system is not functioning properly at any time during the shift, he/she should exchange the vehicle for one with a working system, if available. A notation should be made on the vehicle fleet board if the system is not working.

System data may be accessed by supervisors at any time. However, access to historical data by other than supervisors will require Staff Commander approval.

All data captured by the system shall be retained in accordance with the established records retention schedule.

On 7-31-2019 I conducted a search in the back of my cruiser at the beginning of shift.

While conducting the search I located a plastic bag on floorboard of the rear passenger seat on the driver side. The plastic bag looked to contain a white powder substance and several smaller baggies containing a brown powder substance. I contacted Lt Adkins who advised to secure the suspected drugs as found property.

A copy of this report will be forwarded to Lt Adkins per his request.

The suspected drugs were photographed and secured in the MPD property room.

Nothing further.// [REDACTED]

On 07-30-19, I assisted with a search warrant at 235 Pearl Street in Marion. I sat in the area and watched the house while waiting for members to make entry. Just prior to the warrant, I saw the target (Larry Lewis) walk out front door and set on the front porch. Another black male came out of the house and onto the porch and two other females. By the time they served the warrant one of the females went back into the house.

Inside the house, I was assigned as the property officers. I took possession of 4 total items of evidence. All evidence was secured at MPD.

Prior to Larry being arrested, I overheard him tell his Parole Office that the code to his phone was 1977.

I completed an evidence testing form.

Nothing further at this time.

At approximately 1833 hours, the MARMET Drug Task Force executed a search warrant at 235 Pearl Street. Subjects that were on the front porch of the residence were detained. After the subjects were detained the entry team entered and cleared the residence. An initial search was conducted by MARMET units. During my search of the residence and outside, I did not locate anything of evidential value. /RAB

On 07/30/2019 I prepared a search warrant, affidavit, and seal for 235 Pearl St, which was emailed to Marion Municipal Court Judge Teresa Ballinger. I spoke with her over telephone and swore to the contents. There was no oral testimony given. The search warrant was signed/granted, and sent back to me.

We then took part in a pre-operational brief. Larry Lewis was the target of the investigation, and Lt. Adkins was conducting surveillance on the residence. He advised Larry and 2 others were on the front porch. We pulled in front of the residence, and ordered all of them on the ground. An unknown black male was not being compliant with officers and was taken to the ground. I secured him into handcuffs and he was identified as Kenneth Savage from Chicago. Larry Lewis, and Margaret Thomas were located on the porch. Angela Anderson was located in the house. I read all 4 subjects their Miranda Rights and they all advised they understood them.

Larry said that he lived at this residence with his wife only, who was not home. He said the rest of the subjects were just visitors which they confirmed. Larry said that they had no property inside the house, and only him and his wife did. Larry told me that there were no drugs inside the house other than a little bit of marijuana on the dining room table.

I assisted in searching the residence. 2 digital scales were located in a kitchen cabinet above the stove. A small baggie of marijuana was located on the dining room table. A baggie of white powder suspected to be heroin/fentanyl was located in a small black bag with needles in the downstairs room off of the dining room. All these items along with Larrys cell phone was seized and documented on the inventory sheet. A copy of the search warrant and inventory sheet were left at the residence.

Larry was arrested for a Parole Violation per his Parole Officer, Chace Bass who was on scene. All other subjects were released without incident. Charges are pending while the heroin/fentanyl is tested. //CML

On July 30, 2019, I responded to 235 Pearl St. to assist with a search warrant.

Lt. Marsh, Officer [REDACTED], Officer Kindell and myself responded to the address in an unmarked patrol car to execute the entry of a search warrant. I carried a shotgun during my involvement.

Upon arrival, Lt. Adkins notified us that there were multiple people on the porch including the main suspect Larry Lewis. Officer [REDACTED] was to approach first and I followed him. When we approached the porch from the South of the house, Officer [REDACTED] and I began giving verbal commands for people to get on the ground. The first male sitting on the steps would not listen and just sat there.

Officer [REDACTED] and I passed the first male up and Officer's behind us took custody of him. Officer [REDACTED] attempted to kick the door open and it did not open. I gave a follow up kick to the door and it opened. We made entry to the house and located one female laying on the ground in the front room of the house. We cleared the remainder of the house and no one else was located. Once cleared, we secured out long guns and stood by with those at the house as investigations processed the scene.

Lt Eric W. Marsh

On 07-30-19 MARMET requested the assistance of a few patrol officers to execute a drug search warrant at 235 Pearl St. Myself, Officer Kindell, Officer [REDACTED], Officer Robinson, and Det Lowe responded and assisted in securing the home. I drove the unmarked Ford Explorer with Officers [REDACTED] Kindell, and Robinson inside with me. We approached in the vehicle from the south and stopped just to south of the target house. When we exited the vehicle we encountered two persons on the front porch. One was the person MARMET was looking for and the other was a female. Both were ordered to the ground at gunpoint and taken into custody without incident. I remained with the male that was handcuffed on the front porch while other officers cleared the house. After the scene was clear I remained at the location during the duration of the search for security reasons.

We announced ourselves and ordered them to the ground. I assisted Lt Marsh in handcuffing the people on the porch. Officers entered the residence and began clearing it. I heard there was a female in the living room so I went inside and ordered her our side. I placed her in handcuffs and had her sit on a chair on the porch under Lt Marsh's supervision. I went inside and assisted in clearing the house. Nobody else was found inside and after leaving I cleared from the scene and went back on patrol.

On 7-30-19 I assisted MARMET with a search warrant at 235 Pearl St. Once deployed I encountered a young black male who did not responded to orders, he was then placed on the ground. I then approached the door which was locked we knew there was at least one person at the time. I then kicked the door, Off. Robinson followed with a second kick which opened the door.

Once inside I encountered a female who had already laid down on the floor. She was secured by Off. Kindell. We searched the residence but did not locate anyone else in the house. The scene was secured and the investigators took over. I have nothing further to report. [REDACTED]

Victim	Offense
RISNER, REBEKAH RUTH	VIOLATE PROTECTION ORDER OR CONSENT

THE INFORMATION BELOW IS CONFIDENTIAL - FOR USE BY AUTHORIZED PERSONNEL ONLY

On 8-11-2020 I responded to MPD for a TPO violation. When I arrived I spoke with Rebekah Risner. Rebekah was very embarrassed. I suggested going some where more private to talk. I took Rebekah to an interview room. Once in the room she told me about her soon to be ex- husband. She advised she had a protection order against him, and went on to tell me how he broke into her house in Kenton and stole some guns. Which she already has open cases for the previous violation and theft.

Rebekah advised she works at Smith Clinic on Delaware Ave. She told me she was approached by HR because some one made a fake linkedin account with her information. Rebekah said the person, who she believes was Gregory Risner, her soon to be ex., created the account. On the account there are pictures of her nude. The account also states she works for Ohio Health.

Rebekah had a screen shot from her cell phone from the HR. conversation. In the screen shot is the fake account with a picture of her nude. The linkedin.com account was Rebekah Risner- Registered Nurse- OhioHealth.

I explained I would do a report and send a request to our investigative unit to see if they can get a subpoena to access the linkedin account and see when and where it was created or by who.

I filled out a follow up request form to send a copy of this report to investigations to follow up with linkedin on this case. I looked at the linkedin site but could not see how to contact them.

I have nothing further at this time. [REDACTED]

On 08/12/2020, I received a follow up request from Officer [REDACTED] in reference to this case. Specifically, he wanted to me to contact linkedin to determine if we could find out who created the account Rebekah Risner-Registered Nurse-OhioHealth. I pulled up LinkedIn Corporation on the ISP list and found that in order to obtain any information from them I needed either:

- (1) the full name of the member and email address associated with the account, or
- (2) the LinkedIn public profile URL.

I went to the public search engine for LinkedIn and searched for Rebekah Risner. There were only two results, one who is listed as a human resource generalist at Community Choice Credit Union and the other is a student at Ashford University. It appears that this fraudulent account has been taken down and removed from the site.

I called and spoke with Rebekah and she told me that she had turned over the screen shot to the officer last night. She said that her human resource director had already notified LinkedIn that this was a fraudulent account. I told her that it appears the account had already been deleted. I checked the report and found that the screen shot was not put into evidence. I went to records and found where it was placed in records to be attached to the report.

There were two pages of screen shots. The screen shots were actually of a conversation between the victim and someone named Mariah which I believe would be someone with human resources with the Smith Clinic. Unfortunately, the screen shot of the photo from LinkedIn does not have the URL or email address associated with the account attached to it.

I sent an email to LinkedIn, their preferred course of correspondence, and asked if the data would still be available if the account was removed. I also asked if it would be possible to obtain any information with the limited information that I did have and provided that information. I then secured the screen shots into evidence in lieu of having the attached to this report. I attempted to contact Rebekah again to see who may have access to these photos to create this account. She did not answer.

On 08/18/2020, I had a response email from LinkedIn that had been sent to me the night before. The email explained: "Do you have a screenshot of the profile? If the account had been restricted by LinkedIn for any reason, we would still have the information. If the member closed the account, we would have some information for up to 20 days. If you are sending a request, please provide what you have provided and a screenshot if possible."

I explained that I do not have a screen shot of the profile page but did have a copy of a screenshot photo that was not of very good quality. I explained the photo to them and requested information for the account and the set up. As part of

On 08/25/2020, I received a response from LinkedIn stating that they had received my request. It continues to advise that the account has been closed but the data that was still available has been preserved. It also advised that in order for LinkedIn to provide member data, they do require a valid legal process. I prepared an affidavit in support of a warrant as well as a warrant to serve to LinkedIn. I will present these to Judge Edwards on 08/26/2020.

On 08/26/2020, I presented the search warrant and affidavit to Judge Edwards and he granted the warrant with no verbal testimony. I filed both documents with the clerk of Marion County Common Pleas Court. At 1623 hrs., I served the search warrant to LinkedIn Corporation through email (lera\_us@linkedin.com) which is their preferred course of service. A return will be completed once the data is received. Nothing further at this time.

On 09/14/2020, I received an email from Robin Breazier with LinkedIn. The email stated that LinkedIn objects to the non-disclosure order. I was also told that they object to some of the data requested by the search warrant, specifically, data that is beyond the control of LinkedIn. Attached were eleven downloads containing the documents requested by the warrant. I downloaded the eleven documents and burned them to a disk. The disk was secured into the property room as evidence. I completed a return on the search warrant which was filed with the clerk of Common Pleas Court. A copy of the filed return was filed in records to be attached to this report along with the original email from LinkedIn.

I began going through the data sent by LinkedIn. There is only one email associated with the account, "kinkylilcarrie@yahoo.com". The report states that this was updated on 02/15/2020 @ 7:40 PM. In reviewing the settings for the account, most all items were turned on allowing this to go more public. The connects section shows who all she is connected to on this site. It appears that the first connection was on 01/22/20. There was a comments tab. There were only four comments, the first two were on 02/16/2020 and the second two were on 02/18/2020. The first comment was posted at 1717 hrs. and stated, "i just started dating a doctor I work with. That takes my mind off me leaving my stbx." The next comment was at 1906 hrs. on the same date, "I think I need to place an order." The first one on the 18th of February was at 6:29, "Here take my money" and the last was at 6:58, "I need this in every color if there are more." I could not determine what the last three messages were related to.

In reviewing the logins to the account, IP addresses were provided. There was also a user agent and it appears that six of the seven logins were from the same user agent. I began checking the IP addresses through an online IP location finder, "tools.keycdn.com". The following results were found:

I then began to go through the text messages associated with the account. The messages are very pornographic in nature. In reading through them, the person who portrays to be Rebekah, makes very derogatory remarks about herself including, "Yeah I'm kinda a slut, I'm a very kinky slutty nurse." The person also talks about having sex with her father and gives out a Snapchat name of "reru03". The person even mentions living in Kenton, Ohio. The rest of the conversations are her taking back and forth in dirty sex talk.

The registration page shows that it was registered at 01/22/2020 @ 12:56 AM and also shows a registration IP address of 75.90.32.32. This comes back to Chagrin Falls, Ohio. Windstream is the provider and the GPS coordinates are 41.3893 (lat)/ -81.3049 (long). I plugged these coordinates into Google maps and looking at the sateline image, it appears to me in the right outfield of Kenston High School Freshman baseball Field outside of Chagrin Falls.

There was only one "share" on this page which stated, "Dating Dr. Beebout it fun, His wife may not like me but oh well." This was followed by some emojis which do not translate into the document. There was no date on this. Also attached to the data was a screenshot of the page. The other attached documents did not have anything of evidentiary value.

I called and spoke with Rebekah about this due to the GPS coordinates hitting all over Ohio. Specifically, I asked her what Gregory does for a living. She told me that he is unemployed but he works with computers and does programming. I mentioned to her that we did get the GPS coordinates and explained that most are running through Windstream. She told me that this is one of the bigger internet providers in Kenton.

We continued to speak and she explained to me that she gets messages all the time from people saying that they had been communicating online and she has no idea who these people are. She gets texts and messages through FAcbook Messenger like this. When I asked, she confirmed that her Snapchat name is reru03. She thinks that Gregory is basically harassing her through all of these other people, getting them to contact her.

I told Rebekah the name of the email address used to set up the account. She told me that Gregory's ex-girlfriend from prior to their marriage is Carrie Detwiler. They have been married seventeen years. Rebekah advised that she has heard that Carrie was being "stalked" by Gregory when they broke up, as well.

I asked Rebekah if there was anyone else besides Gregory that has access to the photo that was posted on LinkedIn. She told me that she did not know of anyone else that had access to this photo. I told her that in reading the texts, it

On 12/15/2020, I received an email from Snap Inc. that the information requested off of the search warrant in this case was ready for download. I logged onto their portal and downloaded three zipped files that were provided. I unzipped the files and saved both the zipped and unzipped files to a disk which I secured into the property room at MPD. I completed a return on the search warrant which was filed with the Clerk of Common Pleas Court. A letter and certificate of authenticity were attached to the search warrant results. I printed these off and placed them in records to be attached to this report. On 12/17/2020, I reviewed the Snapchat account. I did not find any messages in there that appeared to come from anyone other than people that Rebekah knows. There did not appear to be anyone reaching out to her for a date. There was one photo that I saw that was really dark but it appeared that she was not wearing a shirt but nothing inappropriate was in the photo. I attempted to call Rebekah to let her know what I had found and left a message for her to call me back. At this time, I have nothing further.

On 1-22-2021 Lt. Brown and I spoke about this case, he advised we should send the report up for review to the Law Director. I contacted Rebekah to confirm Gregory's address which from what she last knew he was living at 421 W. Columbus St. in Kenton Ohio. I also followed up with asking her if anyone else had access to the photo's which were posted of her. She said Gregory was the only one who had the photographs. I asked her about the open case she had in Kenton with Gregory and the violation of the protection order. She mentioned it was going to court soon.

I will be sending up charges for review with the Law Director. I have nothing further to report. [REDACTED]

Ms. Dunn,

I received the citizen complaint form that you filed with Lt. Reese on 03-31-2022 following an interaction you observed between our Grant Middle School SRO and a student in that building.

I conducted an investigation of your complaint which included an analysis of the submitted reports and multiple reviews of both the officer's body worn camera recording and exterior video footage from the school. The officer's direct supervisor was also present and observed this incident, though he could not hear the interaction from inside the building.

In reading your complaint, I do understand your perspective on this interaction, particularly as you are unaware of the reason for the encounter and the surrounding context, both of which are important to know in assessing the appropriateness of a situation.

While the actions of the involved officer do not violate a policy of this department, we should still look for areas of improvement and there are opportunities for improvement here. The involved officer will be re-trained on de-escalation and optimal escorting tactics of non-compliant persons.

Thank you for bringing this matter to our attention as it provides us with an opportunity to get better, which is always our goal.

Respectfully,

Major B.J. Gruber

On 3-31-22 I was notified a student walked out of the school by another staff member at Grant Middle School. While sitting in my office, Elizabeth Taylor stopped by and advised a student just left the building. I looked out my window and witnessed the student walking away. I went outside and asked the student Isabella Griffith to stop. She continued walking and I told her to stop again, which she did. I then went up to her and touched her arm and asked her to come back inside the school. She pulled away, I noticed her arm was wrapped. I explained to her I realized she doesn't like to be touched and I really did not want to have to put my hands on her. I asked her several times to just walk back into the school. She would not answer me. When I asked her what happened to her arm, she said she was pushed on the bus. I then explained if she would not go in freely I would have to make her go. I told her if I put my gloves on I would make her go back into the school. I asked her one more time to just walk back into the school. She passively ignored my request. I then put on my gloves and pushed on the mid to upper part of her back. She pushed back against me but eventually started to walk towards the school. When it was time for her to turn to walk towards the front of the door she continued straight. I then pushed her in the direction of the school. When we reached the steps I said, "Stupid, this whole thing is stupid."

I heard a ladies voice from behind yelling at me. I turned around to see Alisha Dunn yelling that I had no right pushing the girl. I tried to explain, but it was obvious she was not going to listen so I shut the door behind me. I then escorted Isabella to the office, where she sat down. I then went back to the front door and asked Alisha what she was there for. She advised she was picking up her nieces. I let her in along with two ladies who had a meeting with a counselor. I tried to explain myself with Alisha once more but she was not going to listen to anything I had to say. I then left it to Lt. Brown to talk to her.

I saved the surveillance video of the situation along with my body camera video into evidence. There will be no charges sent up at this time. I have nothing further to report. [REDACTED]

To Whom It May Concern:

Please let this letter serve as confirmation that [REDACTED] was a student of mine during the Marion Police Academy at Marion Technical College which graduated June 2009. I am a certified instructor in less lethal munitions, gas deployment and distraction devices through Defense Technology. Additionally, I am also a unit instructor through the Ohio Peace Officer Training Commission for Civil Disorders.

One of the academy units covered under the topic of Civil Disorders was Chemical Agents, which took place in June 2009. [REDACTED] received classroom instruction on the use of force, storage and deployment of chemical defense spray. This instruction also included taking an exposure of Defense Technology Mk-4 (.2%) chemical defense spray.

After being exposed to the Mk-4 spray, students had to call for back up then defend themselves from an unarmed attack while ensuring weapon retention. Next the student ran to the second station where they had to recognize and appropriately respond to a possible threat (gun, knife, or cell phone). Next they ran to a suspect and had to successfully handcuff them. Lastly, they were allowed to enter the decontamination area. The training initiates the student to the psychological and physical effects of the spray and builds confidence that they can function while being mildly incapacitated by the spray.

[REDACTED] was present for this training and had no problems successfully completing each stage. If you have any questions pertaining to Joe's chemical defense spray training please feel free to contact me. I can most easily be reached on my cell phone at (740)225-1943.

Sincerely,

for the successful performance of an act of extraordinary heroism while engaged in personal combat with an armed adversary at imminent personal hazard of life and the performance of duty. On July 3, 2018, you were going to warn people that an armed suspect who had attempted to murder his estranged girlfriend by shooting her may be on his way to their location to murder her current boyfriend. When you arrived, the armed suspect was already there. You quickly began giving the suspect commands. The suspect acted as if he was going to comply, instead reached for his waist band and pulled out a pistol. You exchanged multiple gunshots with the suspect. You moved quickly while continuously placing accurate fire which resulted in the suspect being struck five times. After being struck, the suspect dropped to the ground while also dropping his weapon. You secured the suspect and then provided lifesaving first aid to him. You displayed great courage in the face of an armed and extremely dangerous suspect. You quickly switched gears and showed incredible compassion for the suspect who had attempted to kill you just moments before and ensured that he survived.

May 16, 2015

Sirs,

On May 16, 2015, Officers of the Marion Police Department responded to a structure fire at 495 N. Prospect St. Dispatch reported that there were people trapped inside the residence and there was possible one person already deceased. When we arrived, we made every attempt to make sure that the building was unoccupied. Officer Woods, Officer [REDACTED] and Deputy Kelly from the Marion County Sheriff's Office were three of the officers involved. These officers entered the smoke filled building in order to try and find the people who were reportedly still inside. The smoke inside the building was overwhelming, but numerous attempts were made to find anyone still left inside. With the information at that time, they placed themselves in harm's way in order to try and protect or save the lives of others. It was not until the Marion City Fire Department cleared the smoke and extinguished the remaining fire that the building was found to be unoccupied.

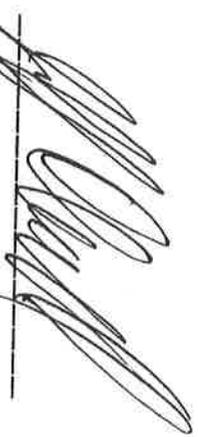

I believe that these three officers went above and beyond the call of duty by placing themselves at risk of burns and smoke inhalation for the goal of preserving human life. I would like these officers to be recognized for their bravery and dedication to the high standards of our organization. I would also request that a copy of this letter and the attached report be forwarded to Sheriff Tim Bailey to recognize Deputy Kelly's bravery and willingness to assist our agency. I thank you for your time in this matter.

Sincerely,

LT.  +14  
Lt. Shane M. Gosnell
