

AKRON POLICE DEPARTMENT

This Citation is awarded to

[REDACTED]

in recognition of

your actions as a police officer for the year 2021.

[REDACTED]

the Akron Police Department has made addressing gun violence in the city a priority. During 2021

you and your partner seized 92 guns from the street. The majority of those weapons were recovered while you worked a district cruiser in patrol, some were recovered while lending your skills to a gun violence reduction special detail. The city of Akron saw a large reduction in gun related crime in 2021. I am sure your efforts were a large part of why we defied the national trends and had a substantial reduction in violent crime in 2021. Your efforts set a high standard for the police department and should be commended.

Paul L. O'Connell
Sub Division Commander
