2026-2190
Officer Involved Critical Incident - 2600 Navarre Ave.,
Oregon, OH 43616, Lucas County

Investigative Activity: Review - Dispatch Related Information
Involves: Mercy Police Department (O)
Activity Date: 06/17/2026
Activity Location: BCI - Richfield
Authoring Agent: SA John P. Tingley #154

Narrative:

On Wednesday, June 17, 2026, Ohio Bureau of Criminal Investigation (BCI) Special Agent (SA) John Tingley (SA Tingley) reviewed requested records and recordings from the Mercy Police Department (MPD). SA Tingley had previously requested all dispatch records, audio recordings (radio, 911, and phone), mobile data terminal (MDT) communications, and any other dispatch/communications-related information related to the Officer Involved Critical Incident (OICI). As a result of that request, the following items were received and reviewed:

Computer Aided Dispatch (CAD) Records:

The documented CAD entries do not list all the CAD entries in the report that covered the time, during and/or after the incident. Rather, the information listed documents the CAD entries and general CAD information that were deemed by the author to be the most relevant and useful in obtaining an understanding of the CAD report related to the OICI.

The CAD report reference number is [REDACTED] and the location is listed as: Mercy Health: St Charles Hospital South Building: 1st Floor Emergency Department.

The following excerpts are taken directly from the CAD entries as they appear on the CAD report and will be documented on the table below. All entries occurred on June 6, 2026.

Time	Narrative
1625	ER staff called for a subject pushing subject into a vehicle. Staff advised it might have been a maroon Jeep
1626	Officer 130 called to have Oregon PD en route. Also advised shots were fired
1626	[REDACTED] advised shots fired. Suspect down

Radio Traffic Recordings:

The summary below is not intended to be a word for word translation of every radio transmission, except where indicated, which occurred before, during, or after the incident. Rather, the information listed documents the radio traffic that was deemed by the author to be the most relevant and useful in obtaining an understanding of the radio traffic related to the OICI.

The MPD provided eight (8) recordings (which will be listed separately) which have a time as part of the identifier. However, some of the recordings have multiple transmissions recorded on the same listed recording which will be documented individually. Accordingly, the times listed in the narrative will be the time elapsed from the beginning of the recording. The recordings will be listed as they were received from the MPD.
