**Narrative:**

On September 8, 2025, at approximately 1915 hours, Ohio Bureau of Criminal Investigation (BCI) Special Agent (SA) Joseph Goudy (Goudy) and SA Jeff Smith (Smith) responded to the Ohio State Highway Patrol, Ashtabula Post, located at 4860 North Ridge Road West, Ashtabula, Ohio, regarding the collection of evidence and officer documentation.

SA Goudy noted that the firearm was a Sig Sauer, Model P320, 9mm handgun bearing serial number [REDACTED]. The magazine with the firearm contained 13, Winchester 9mm luger, hollow point rounds with one round removed from the chamber. Officer Involved Critical Incident - Stanhope-Kelloggsville  
Rd. and Anderson Rd., Denmark Township, OH 44032,  
Ashtabula County

██████████ was wearing an internal vest at the time of the incident. There was no physical altercation between ██████████ and the decedent in this matter. The firearm, magazine and ammunition were collected, photographed and packaged as evidence.

The total amount of ammunition collected from ██████████ was 14 rounds. The two extra magazines were not collected due to them being full and containing 17 rounds a piece. ██████████ advised that he did not conduct a magazine change during the incident. After a round count was conducted on them to confirm this, they were returned to ██████████.

Based on this information, SA Goudy determined the number of rounds fired by ██████████ was a total of 4 rounds.

This evidence was eventually turned over to SA Charlie Snyder to be transported to the BCI Richfield Office, along with the additional evidence collected from the crime scene and the Ashtabula County Sheriff's Office. All the items were placed into Temporary Evidence and the drying room.
