

**Ohio Attorney General's Office
Bureau of Criminal Investigation
Investigative Report**

2025-0151

Officer Involved Critical Incident - 350 South Arch Avenue,
Alliance, Ohio 44601, Stark County

Investigative Activity: Video Productions Created with Amped Replay
Involves: [REDACTED] (S), [REDACTED] (S), Officer
Kevin Brown (W)
Activity Date: 03/28/2025
Activity Location: BCI, 4055 Highlander Parkway, Richfield, OH 44286
Authoring Agent: SA Nick Valente #139

Narrative:

On March 28, 2025, Ohio Bureau of Criminal Investigation (BCI) Special Agent (SA) Nick Valente (Valente) used Amped Replay software to create additional video productions from the body-worn camera (BWC) videos of [REDACTED] and Officer Kevin Brown (Officer Brown). These productions were created solely for demonstrative purposes.

SA Valente created a single video production from each officer's BWC video. The Amped Replay program created a PDF report for each of these productions noting the changes and annotations made to the videos. The Amped Replay reports for these productions were attached to this report.

Each of these video productions were abbreviated in length from the original recording. Video before and after the shooting incident were removed from each production. Each video production was produced at 10 frames per second (one-third speed). Each production included a rectangular magnification annotation overlaid on the video showing the subject and victim.

The production created from Officer Brown's BWC recording included two magnification annotations. Better quality (bicubic) interpolation was used on both occasions. The magnification of the first annotation was 4.5 times size and 4.0 times size on the second occasion.

The production created from [REDACTED] BWC recording included a single magnification annotation at 4.5 times size. Better quality (bicubic) interpolation was used in this production.

The production created from [REDACTED] BWC recording included a single magnification annotation at 4.5 times size. Exact pixels (nearest) interpolation was used in this production.
