**Narrative:**

On June 7, 2023, at approximately 2445 hours, Ohio Bureau of Criminal Investigation (BCI) Special Agent (SA) Nick Valente (Valente) and SA Bill Conn (Conn) conducted a canvass of the area surrounding the home of Jeffrey Neff (Neff), located at 311 Donald Place SW, Canton, Ohio. Agents observed cameras on the east side entrance door and back patio door of Neff's home. Agents later learned from Neff's widow and sister-in law that these cameras were not operational and had previously been damaged in a fire. Agents noted there were no visible cameras on the surrounding homes located at 315 Donald Place SW, 307 Donald Place SW, 219 Donald Place SW, 316 Donald Place SW, 312 Donald Place SW, 304 Donald Place SW, and 214 Donald Place SW. Agents also knocked on the doors of these homes to confirm the absence of any surveillance cameras. Agents only received a response from the home owner of 307 Donald Place SW who confirmed his home did not have any surveillance cameras.

Agents also noted the Ohio Department of Transportation has a camera placed along Interstate 77 at the intersection of Cleveland Avenue SW. This camera faces southwest but did not cover the scene of the shooting.
