Columbus

Investigative Activity: Interview with Witness
Involves: Scott Rawlins RN-Triage Nurse
Activity Date: 2/9/2024
Activity Location: Riverside Methodist Hospital
Authoring Agent: SA Matt Collins, #151

Narrative:

On Friday, February 09, 2024 at 1205 hours, Ohio Bureau of Criminal Investigation (BCI) Special Agent (SA) Matt Collins (SA Collins) and SA Chad Holcomb (SA Holcomb) interviewed Riverside Triage Nurse Scott Rawlins (Rawlins), relative to the officer-involved shooting which took place on Wednesday, February 7, 2024. The interview took place at Riverside Methodist Hospital, Columbus. Also present during the interview was City of Columbus- Division of Police (CPD) Detectives Journey and Lemmon. The purpose of the interview was due to SA Collins being made aware of possible comments made by either Holly Graham or CPD [REDACTED] during their respective care while at Riverside. Those comments were said to be related to the incident involving the two of them on Huntley Road.

When SA Collins identified his purpose for the interview, Rawlins stated he understood the female involved in the incident, where a police officer was struck, was in fact at Riverside Hospital; However, he did not have any contact with her nor hear of any comments made by her.

Rawlins stated the officer who was involved in the incident had come into Riverside on February 8, 2024. Rawlins initially began to speak on the officer's injuries and SA Collins explained he did not necessarily need information related to his treatment. Rawlins said he only understood the officer was struck by the involved-vehicle and sustained injuries as a result of.

SA Collins asked Rawlins specifically, did the officer disclose if he had discharged his firearm and also if he said why he discharged his firearm. Rawlins stated he understood the officer was involved in the incident where a firearm was discharged but did not have any other details related to the incident. Rawlins continued, stating there was no discussion of the female subject or any of her injuries.

The interview concluded at approximately 1212 hours.

The interview was audio recorded. The recording is attached to this report. Please see the attachment for further details.
