so good with him.

Got

Yes, you did . I love him, too.
Are you feeding him? Do you
have dog food with you?

That scene plays over and over
in my head. When Darton came
between us at like 5 feet. Darton
would have fought. That crappy
dog ran away. Darton sounded
so mean. I was like wow.

I wish I had a picture of the look
on that other dogs face. I think
he shit his pants

What I learned out of that whole
mess. Not to try driving drunk
 with no head lights 100 mph.
At night in complete dark. I
missed my turn or that outcome
would have been different

I'm so smart

SMH 🙄

Darton didn't get sick b/c of those chicken bones did he? Our dogs growing up got into chicken bones a few times and were fine. I know it can be bad, tho.

What's cool is I got him to come to the truck horn. So I don't sound like a disgruntled baby momma yelling 🤔 🐶 🇩🇪 🍺

Lmfao 🤔🤔🤔 Now, that gives me a good idea. I need to train you to do the same when you start to have a tantrum in public.

I got thrown out of a bar last night. Again 😂😂🐳🐳🦅

For what this time?

It's so funny

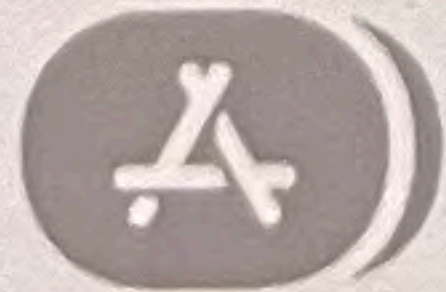

Balls 🏈 flying off table. Over and over. Even after they warned me to stop.

I think I'll go play pool after I duct tape my bumper back on.

And fix my turn signal

If parts keep falling off this truck 🚚 I'll have a dune buggy. So it's a win win.

I'm out of beer 🍺 money though. So,,,, looks like I'll be on the stripper pole again tonight

Just be careful.

It's 5:00 here !! Jimmy buffet song.

I got to stop at Gabe's and get a thong underwear. I think them stripper girls will like that.

You have no ass for the thong to even go 😂😂😂

You have plenty up front, though

Better be sure. They'll pull you over.

They can try. Really though I wish they would stop there crap.

The cup of water is Darton's.

That's just stupid Fred.

I know

Then why do you keep doing it?

If you love being in the woods
with Darton, why are you at the
bar making an ass out of yourself

Text Message

with Darton, why are you at the bar making an ass out of yourself every night when you should be laying low. There's beer at the camper. You're not impressing anyone including Alanis. And what you really should be doing is working on my bathroom like you said you would. You're going to purposely get in trouble and you're going to be fucked 6 ways from Sunday. And so will I. I gave you another \$560 thinking you'd be working on my bathroom. I get that your hand is fucked up. But not too fucked up to work for lan or pole dance upside down.

I'll talk to you later. I'm busy playing soccer. Soccer ⚽

Most fun I had in a long time

Where'd you play soccer?

These are the peach face lovebird morphs that the breeder has. She has 10-12 week old babies. I kind of want the species that I sent you a pic of the other day. Those are Fischer's lovebirds.

Just fyi. This is in the last month. This is why I'm depending on you to finish my bathroom. That's a lot of money. Especially on top of my other bills. I can't afford another contractor to come in and finish. Right before you took off, you even said it would cost me a fortune to hire someone to finish. I need to have a bathroom and soon. lot of money. Especially on top of my other bills. I can't afford another contractor to come in and finish. Right before you took off, you even said it would cost me a fortune to hire someone to finish. I need to have a bathroom and soon. Having to take sponge baths for the last month is damaging my skin in areas. You saw that the other night. When you asked if I wanted my bathroom redone, you said it would "be down" for a week. It's been over a month. And there's no end in sight and I'm on the verge of a nervous breakdown over it. My house is absolutely destroyed right now. It looks like a demilitarized zone. I had it so nice and now I can't even sit on the couch with my cats. I just want a shower. The shower I got at the hotel was nice (besides the water pressure issue), but it was like a cock tease, you know?
😭

I'm sorry. Now that I think about it you did have things nice before I showed up. I'm the worst boyfriend ever 🧡 🐳

I told you I'd pay you while you're working on it. I'm not expecting you to work w/o \$ to live. I think maybe I did that before and that was a problem. I justified it b/c you had my debit card to use. This time, I'll Zelle \$ to you.

No, you're not. Your heart was in the right place. But you lack follow through. And this time it really ended up hurting the kids and I. Instead of paying me back with \$, I'm happy to have you redo my bathroom. But it needs to be finished.
