My life's a wreck. I hate feeling like this

I'm glad I lost my laptop and things. I feel better about that

So there's a woodpecker on this metal roof all morning. I'm like what the fuck. I need my butterfly net. Idk. I'll put him in a cage to go nuts

That's what they've done to me.

I hope my truck is worth more

I hope my truck is worth more now that I painted over some of the dirt. Maybe I can afford that 1986 Porsche 911 ? I wish I could have test drive it. Armondo will have a huge tire replacement cost for letting me test drive his cars. I like it.

He smiles like he thinks it's funny. I'm glad. I like him. He's cool 😎

HA HA

Hey. This is really funny and how it's spelled. DumBass. Darton's nick name. Bass. How ironic and I just saw it. Lol 🇩🇪🐶

Yeah, I'm hoping I have the motivation and desire to get out of bed today. 😔

My truck is pretty beat. I won't be selling it any time soon. Witch sucks because I need a faster car to run from the cop cars 🚙

Yeah, you really did beat it up good in the 6 months that you e had it.

HA HA

I'm going to google how to get this governor off this truck. It should atleast do 160 mph.

Maybe go back to dodge dealer and trade this thing in for a older Viper. Fair trade just for dodge avertising. Some of my shananigins would make them a funny but real commercial's. So many 🇩🇪🐶🚙🐋🐋🐋🧡🐓🐓

Nobody should give you a viper 😳

Oh yeah. I'll make a drunk driving crashing video. Everybody would want to try it. Accomplished 2 things at once. I love it. I feel better this morning after a couple beers. Atleast I'm not just sitting here crying.

I'm glad you're feeling better. How's your hand and foot?

Ok with meds. It really hurt when I got up this morning.

Did you ever wrap it? Do you still have your ace bandage in your backpack?

Idk I've been loosing a lot of stuff. Fucking wood pecker is still pecking this metal roof. I guess it's kind of funny

Growing up, the woodpeckers loved the cedar coding on our house. Woke me up all the time. Used to piss me off.

So ..... With me learning my lawyer skills over the years. And thinking quick in situations. I make a good comedian. I might just travel around and do comedy skits in bars and strip clubs. It's so fucking funny. And I like it. It makes me happy. I got way to much baggage to be sad about

I want to get a female GSP girlfriend for Darton so they can have baby GSP puppies 😍🐶🐾

Problem is you'd want a puppy. Then they should wait 2 years. He wants laid like today. Do they make doggie 🐶 condoms?

Maybe I'll invent them. I need a patten lawyer like every day

Think I'd go to jail for sinking the whale 🐋 killers boats? I mean they'd have to catch me first.

The ***Nisshin Maru*** (日新丸) is the primary vessel[4] of the Japanese whaling fleet and is the world's only whaler factory ship.[5] It was the research base ship for the Institute of Cetacean Research for 2002 to 2007.[6] It has a tonnage of 8,145 GT and is the largest member and flagship of the five-ship whaling fleet, headed by leader Shigetoshi Nishiwaki. The ship is based in Japan in Shimonoseki harbor[7] and is owned by Tokyo-based Kyodo Senpaku, which is a subsidiary of the Institute of Cetacean Research.[8]
