

for in said section and its related sections. This authority would not seem to cover traffic lights. Section 6906 of the General Code, among other things, provides :

“ * * * The board of county commissioners shall also have authority to purchase, erect and maintain automatic traffic signals at such intersections of public highways outside of municipalities, as they deem necessary for the protection of the public traveling upon such highways; provided, however, such power and authority shall not extend to intersections of public highways on the state highway system unless the board of county commissioners first obtain the consent and approval of the director. * * * ”

From the foregoing it will be seen that the legislature has expressly provided for the erection and maintenance of traffic signals. There is no other authority for the erection and maintenance of such signals except that which is granted to the Director of Highways under the provisions of Section 1190 of the General Code. Inasmuch as the legislature has expressly vested such power and authority in different officials than those of the township trustees, the conclusion is irresistible that township trustees are not authorized to expend the township's funds for such purpose.

Based upon the foregoing, and in specific answer to your inquiry, it is my opinion that the township trustees are without authority to maintain traffic lights erected by the county commissioners at road intersections.

Respectfully,
GILBERT BETTMAN,
Attorney General.

APPROVAL, LEASE TO STATE RESERVOIR LANDS AT LAKE ST. MARYS—WILLIAM SWARTZ AND EMIL DOHSE.

COLUMBUS, OHIO, November 24, 1930.

HON. PERRY L. GREEN, *Director of Agriculture, Columbus, Ohio.*

DEAR SIR:—There has been submitted for my examination and approval two certain leases in triplicate executed by the State of Ohio, through the conservation commissioner, by which there is leased and demised, for terms of fifteen years, to
