

contract covers the construction and completion of electrical contract as set forth in the general conditions of the specifications for equipment for Botany and Zoology Building on the campus of Ohio State University, and lighting fixtures based on the use of the Westinghouse list of fixtures as set forth in the general conditions of the specifications for equipment for Botany and Zoology Building on the campus of Ohio State University, both of which are covered by the form of proposal dated November 28, 1930. Said contract calls for an expenditure of eleven hundred and eighty-two dollars (\$1182.00).

You have submitted the certificate of the Director of Finance to the effect that there are unencumbered balances legally appropriated in a sum sufficient to cover the obligations of the contract.

In view of the fact that the amount of the contract is less than three thousand dollars no bond is required.

You have further submitted evidence indicating that specifications were properly prepared and approved, notice to bidders was properly given, bids tabulated as required by law and the contract duly awarded. Also it appears that the law relating to the workmen's compensation has been complied with.

Finding said contract in proper legal form, I have this day noted my approval thereon and return the same herewith to you, together with all other data submitted in this connection.

Respectfully,

GILBERT BETTMAN,  
*Attorney General.*
