

regular voting precinct in which they resided for school officers and on all school questions, but since your letter states that this is a village school district and not a rural school district, it is my opinion that the reasoning in said opinion would not obtain in this case.

Answering your question specifically, you are therefore advised that under the provisions of Section 4711, General Code, the electors residing in the territory attached to the Winchester Village School District may vote for school officers and on all school questions at the proper voting place in the village to which the territory is attached. If the village of Winchester is divided into precincts it is the duty of the board of education of said village school district to assign the attached territory to the proper adjoining precinct or precincts of the village and prepare a map showing such assignment. Thereafter the electors residing in such attached territory may vote in the precinct to which they are assigned, and should there be no assignment, then said electors may vote in the precinct in the village nearest their residence.

Respectfully,
EDWARD C. TURNER,
Attorney General.

HON. RICHARD T. WISDA, *Superintendent of Public Works, Columbus, Ohio.*

DEAR SIR:—You have submitted for my approval a contract between the State of Ohio, acting by the Department of Public Works, for the Board of Trustees, Bowling Green State Normal School, and The Clague and Strohl Company, of Bowling Green, Ohio. This contract covers the construction and completion of General Contract for Stone Sidewalks, Thurstin, Ridge and Wooster Streets, Bowling Green State Normal School, Bowling Green, Ohio, and calls for an expenditure of four thousand three hundred and eighty-four and 19/100 dollars (\$4,384.19).

In addition you have submitted a contract bond upon which the Ohio Casualty Insurance Company appears as surety, sufficient to cover the amount of the contract.

APPROVAL, ABSTRACT OF TITLE TO LAND OF THE COMMERCE
GUARDIAN TRUST AND SAVINGS BANK OF TOLEDO, LUCAS
COUNTY, OHIO.

COLUMBUS, OHIO, December 28, 1928.

HON. FRANK D. HENDERSON, *Adjutant General, Columbus, Ohio.*

DEAR SIR:—You have submitted for my opinion an abstract of title last certified by The Title Guarantee and Trust Company of Toledo, Ohio, on December 15, 1928, covering the following described premises:

"The North Six (6) acres of the North One-half ($\frac{1}{2}$) of the North-east One Quarter ($\frac{1}{4}$) of the Southeast One Quarter ($\frac{1}{4}$) of Section Eighteen (18), Town Nine (9) South, Range Seven (7) East, in Washington Township, Lucas County, Ohio, except therefrom the South Forty-eight (48) feet of the East One Hundred and Fifty (150) feet thereof, said excepted premises being the premises conveyed by the Grantor to Samuel B. Wood and J. M. Wilson."

An examination of said abstract in my opinion discloses a good and merchantable title to said premises to be in the name of The Commerce Guardian Trust and Savings Bank of Toledo, Ohio, subject to the following encumbrances:

1. The taxes for the year 1928 are undetermined, unpaid and a lien, including installments of assessments certified for collection during said year.
2. At Section 26 there is shown an easement granted by Pearl E. Heskett and Nellie P. Heskett, on June 14, 1928, to The Toledo Edison Company, wherein the right is given to said grantee to construct, operate and maintain a line for the transmission of electric energy, etc., with all necessary poles, wires, cables, guy wires, stubs, anchors, fixtures and appliances in, over and upon the following described roads or public highways in Washington Township, upon which the real estate heretofore described abuts or adjoins. Inasmuch as said easement apparently relates only to the permission to construct said lines in the roads upon which the lands under consideration abut, said objection would not seem to be of a serious nature. However, your department should take into consideration the provisions of said easement to determine to what, if any, extent the same may interfere with the state's enjoyment of the premises.
3. At Section 28 there is shown an installment for an assessment for a stone road, amounting to \$1.64, which is unpaid and a lien.
4. At Section 29 there is shown an assessment for a sanitary sewer, payable in the years 1927 to 1936, payable in nine installments of the amount of \$17.58 each. Eight of said installments remain unpaid, totaling the amount of \$140.64, all of which is a lien upon said premises.

Inasmuch as you state that said premises are being conveyed for armory pur-
