

Section 2485 reads as follows:

"The county commissioners shall audit and allow a reasonable compensation to any person who is summoned to aid a sheriff or constable or other officer in the execution of any writ or process in favor of the state, but such compensation shall not exceed one dollar per day, and shall be allowed only upon certificate of such officer."

This seems to be the only statute providing for paying anyone for assisting an officer in apprehending a criminal.

Therefore, in regard to your second question, there being no express statutory authority giving mayors right to issue warrants to sheriffs, or for paying them fees, it must be answered in the negative.

There being no statute providing fees for assisting police officers, other than section 2485, General Code, no fee can be charged for a sheriff or deputy for assisting a police officer.

Respectfully,

C. C. CRABBE,

Attorney General.
