

Ohio Attorney General's Office
Bureau of Criminal Investigation
 Investigative Report

2022-1356

Officer Involved Critical Incident - 1659 S. Main Street, Akron, Ohio
 44301

Investigative Activity: Timing and Action Summary from Video Review
 Involves: OOCIC (O), BCI (O)
 Activity Date: 1/20/2023
 Activity Location: BCI – 4055 Highlander Parkway, Richfield, Ohio 44286
 Authoring Agent: SA Charles Moran #67

Narrative:

On Friday, January 20, 2023, at 1545 hours, Ohio Bureau of Criminal Investigation (BCI) Special Agent (SA) Chuck Moran (Moran) completed a “Timing and Action” summary spreadsheet that was derived from an in-depth review of a video presentation created by the Ohio Organized Crime Investigations Commission (OOCIC). The OOCIC video presentation reviewed was titled, “22-00060 Synchronized Presentation – Speed Views.” SA Moran documented the in-depth video review in a BCI Investigative Report titled, “2022-08-31 Video Review – OOCIC Synchronized Presentation.”

As part of the in-depth review, SA Moran created a condensed “Timing and Action” summary spreadsheet documenting significant events that were noted during the video review. The spreadsheet listed the timecode (TC) number of the marked image (MI). SA Moran included brief notes below each of the marked images for reference.

Below some of the notes, SA Moran placed symbols (*) to assist with timing and action and to document the following information:

- Jayland Walker began to turn around in the parking lot to face the officers. *
- Jayland Walker began to raise his right hand/arm. **
- Jayland Walker raised his right hand/arm up near shoulder/armpit height. ***
- Possible first gunshot fired (possibly [REDACTED]). ****
- Jayland Walker made initial contact with his lower-right side on the ground and continued falling (start of roll, 0 degrees). Numerous gunshots heard. *****
- Jayland Walker rolled onto his back (x3, reversed rolling direction -90 degrees) and his left arm/hand moved to the ground. Numerous gunshots heard. *****
- Jayland Walker's lower body and hips rolled back to his left. Numerous gunshots heard. *****
- These were the approximate frames of the last gunshot heard and observed ([REDACTED] BWC, unknown exactly which officer fired). The pace of the gunshots leading up to this frame had slowed. *****

This document is the property of the Ohio Bureau of Criminal Investigation and is confidential in nature. Neither the document nor its contents are to be disseminated outside your agency except as provided by law - a statute, an administrative rule, or any rule of procedure.

Investigative Report

2022-1356

Officer Involved Critical Incident - 1659 S. Main Street, Akron, Ohio
44301

SA Moran also used the spreadsheet to count the frames between the MI frames to determine approximately how much time elapsed between certain actions and events. SA Moran used the formula, =COUNTA(COLUMN LETTER BEGINNING ROW NUMBER:SAME COLUMN LETTER END ROW NUMBER) to calculate the number of frames between MI frames.

SA Moran multiplied the total number of frames in the columns by 0.033333333 (1/30 of a second) to determine the approximate elapsed time between the MI frames. The time was rounded up or down to the nearest hundredth place to make it easier to comprehend. For example, 23 frames multiplied by 0.033333333 equaled 0.766666667 of a second. This number was rounded to 0.77 of a second.

Note: The MIs in this report are JPEG files to accommodate file size. The MIs in Bitmap (BMP) file format and JPEG file format were included in Reference Item R.

This document is the property of the Ohio Bureau of Criminal Investigation and is confidential in nature. Neither the document nor its contents are to be disseminated outside your agency except as provided by law - a statute, an administrative rule, or any rule of procedure.

Reference Item:

The MIs (both BMP files and JPEG files) were copied to a DVD-R. The Timing and Action spreadsheet in PDF format and Microsoft Excel format were copied to the same DVD-R. The MIs (BMP files) converted to PDF files were copied to the same DVD-R. The DVD-R was submitted to the BCI SIU case file as Reference Item R.
