Incident Summary/Overview:

On July 14, 2026, at approximately 0529 hours, officers with the Union Township Police Department (UTPD) were dispatched to 640 Daniel Court Apartment 16A, Cincinnati, Ohio 45244, for a loud noise complaint. An unknown female caller stated that her neighbor, Gary Calloway, had been playing a loud video game all night and was urinating outside on the patio. The female told dispatch that Calloway had a warrant for failing to appear for court.

UTPD [REDACTED] and [REDACTED] responded. While in route, [REDACTED] requested radio communications check Calloway's record for warrants. Calloway was found to have an active "Do Not Recite" (aka physical arrest required) misdemeanor warrant for theft.

[REDACTED] and [REDACTED] arrived on scene and made contact with Calloway inside of his apartment. Officers advised Calloway that he had a warrant and stated that he was under arrest. While attempting to place Calloway in handcuffs, he began to physically resist arrest and did not comply with officers' commands. [REDACTED] arrived on scene and assisted with securing the subject in handcuffs. During police interaction, Calloway became unresponsive. Officers requested that medics respond and immediately began to render medical aid, including cardiopulmonary resuscitation (CPR).

Union Township Fire Department medics arrived on scene and took over medical care. Calloway was transported to Mercy Health Anderson Hospital for medical treatment. While at the hospital, Calloway's medical condition continued to decline, and he was pronounced deceased at approximately 2300 hours on July 15, 2026.

On July 16, 2026, Ohio BCI was requested. BCI agents attended the autopsy. Preliminary results indicated that Calloway [REDACTED]. On July 14, 2026, UTPD wrote a search warrant for [REDACTED].

neighbor called and said that there were loud noises coming from the apartment and that the person that resides there had a warrant. [REDACTED] stated that dispatch confirmed that the subject, Gary Calloway, had a warrant from Union Township Police Department through Clermont County for theft. [REDACTED] said that he ran the subject through NCIC/LEADS in order to verify the physical characteristics of the subject and look at a photograph of the subject with the warrant.

[REDACTED] was on Tealtown Road and stated that he responded non-emergent, which took him approximately 10 minutes or less to arrive on scene. He said that the run was a two man call and that he arrived before his partner, [REDACTED]. [REDACTED] used his spotlight to approach and find the correct apartment. Once [REDACTED] arrived, officers walked up to the front of the apartment. [REDACTED] said that while he was standing there, he could smell urine coming from the air conditioning unit and described it as "extremely pungent." [REDACTED] told him that the subject may be bipolar and schizophrenic. [REDACTED] stated that he is Crisis Intervention Team (CIT) certified and it is important to know when officers are handling incidents involving mental health.

[REDACTED] stated that he knocked on the front door and looked in the apartment window. He said that the blinds were open, and he could see a couch and TV lights flashing, but no one answered. [REDACTED] said that he moved his position to see farther into the apartment through the window. [REDACTED] said that he observed Calloway sitting in a chair in front of the TV. He stated that the male inside matched the photograph and physical description of the subject with the warrant.

[REDACTED] knocked on the door again and saw Calloway get up. [REDACTED] addressed Calloway by his first name (Gary), as another step to confirm that he was talking to the correct individual. He said that Calloway responded, and [REDACTED] told him that officers were there for a noise complaint. Calloway told officers that he heard the noise too, stated it was a loud boom, and said that it wasn't coming from his apartment. [REDACTED] explained that someone else called about the noise coming from inside of Calloway's apartment. Calloway invited officers to come inside and listen to the noise. Officers walked inside and [REDACTED] stated that Calloway turned down the TV and the sound bar, which caused the noise to stop.

[REDACTED] said that he told Calloway that he had a warrant. Calloway said that he didn't have a warrant and stated that it was someone else who had been stealing plants. [REDACTED] told Calloway to put his hands behind his back. As soon as [REDACTED] reached out to touch him, he said Calloway threw his hands up. [REDACTED] said that Calloway had a tennis ball in his hand and told him that he was the police.

Officer Involved Critical Incident - 640 Daniel Court #16A,
Cincinnati, OH 45244 (L)

██████████ said that he got a hold of Calloway's left arm and ██████████ got a hold of his right arm. ██████████ said that he believed they were trying to take him to the ground. He said that due to Calloway's large stature, he stumbled forward before losing balance, and they ended up on the couch. ██████████ said that Calloway's midline hit the couch and he was in a kneeling position bent over the couch. ██████████ maintained control of Calloway's left arm, which he had behind his back. ██████████ had lost control of Calloway's right arm, which was now underneath his body.

██████████ said that he had his right leg wrapped around Calloway's legs because he kept trying to "buck up, walk his legs up, and get out from under us." He said that he used his leg to keep Calloway in a position of control. ██████████ said that he got his handcuffs out and was able to get a cuff on Calloway's left arm. ██████████ said that Calloway was still fighting pretty good and kept trying to pull his arm around.

██████████ described that he wasn't on top of Calloway. He said that he had control with the cuff at that point but didn't want to lose control of the handcuffed arm because Calloway could swing it like a weapon. ██████████ said that ██████████ was still trying to get Calloway's right arm. Both officers were giving verbal commands to "stop resisting" and "give us your hand." ██████████ said that Calloway was screaming and stating, "no" and "I can't move."

██████████ said that Calloway was constantly communicating and physically trying to buck up, kick his legs out, and pull his arm from him. ██████████ described it as active tension, where Calloway was trying to get his wrist from him. He said that he was in a good position of control with his shoulder on the arm of the couch, and his forearm on Calloway holding his arm. ██████████ said that he did not have any body weight on Calloway because each officer had a side.

██████████ asked ██████████ if he could get to his ASP baton. ██████████ told him that he could not, so ██████████ deployed his ASP and handed it to ██████████. He said that ██████████ used the ASP to try and gain leverage on the arm tucked under Calloway's body. He said that the ASP was slipping possibly due to the amount of urine on the couch. ██████████ said that him and ██████████ were covered in Calloway's urine. Officers decided to wait for another unit to assist, due to Calloway's large stature. ██████████ said that he got out a second set of handcuffs and attached them to the cuffed left wrist. He described that using a second set of handcuffs would be easier and less stress on Calloway's shoulders.

██████████ arrived on scene and was able to assist ██████████ remove Calloway's right arm and place it in handcuffs. ██████████ told Calloway to sit up and there was no response. Officers rolled Calloway to his side, and ██████████ said

that Calloway's face was blue. [REDACTED] said that he immediately thought that Calloway had suffered from some sort of cardiac event due to the struggle.

[REDACTED] said that he told officers to start CPR and went to retrieve an AED from his cruiser. He went back inside and placed the AED pads on Calloway. The AED advised no shock, and then chest impressions and CPR were started by other officers. [REDACTED] estimated that the AED cycled three times before the medics got there and all three times no shock was advised. When asked, [REDACTED] stated that he is trained and certified to use the AED and administer CPR.

[REDACTED] said that he has been involved with numerous incidents of people resisting arrest. He described this incident as more of a power struggle than anything. He said there were no strikes, blows, or knee strikes. [REDACTED] said that officers had half the control and they were just trying to get his other arm.

[REDACTED] estimated that the struggle lasted around 60 to 90 seconds. [REDACTED] said that Calloway made some unusual statements but there were no other obvious signs of mental health issues. [REDACTED] stated that he has not had any prior contact with Calloway. He said that Calloway was faced down in a gap of the couch during the struggle but said that he could turn his head and his head was moving. [REDACTED] was asked to describe "bucking up" to which he said that Calloway was actively pushing against him with his legs and hips to try and stand up.

[REDACTED] said that the only light was the TV, so it was dark in the residence. He said that he believes Calloway urinated before the struggle because of where the urine was and the strong odor upon entering the apartment. [REDACTED] said that Calloway was not armed with anything other than the tennis ball. [REDACTED] stated that he did not observe any signs of Calloway experiencing a medical emergency.

[REDACTED]

On the date of the incident, [REDACTED] stated that him and [REDACTED] were dispatched to 640 Daniel Court, Apartment 16A, for a loud noise complaint. [REDACTED] stated that the dispatch notes contained information about the involved party being signal 70 (having a warrant), and noted the male was urinating off the balcony. [REDACTED] stated that he looked up previous contacts at the address and observed a check the welfare call, where the subject was identified as being bi-polar and schizophrenic. Prior to arrival, [REDACTED] requested dispatch to confirm if the male involved had a warrant. Dispatch confirmed that he had a "do not recite" warrant for theft.

Upon arrival, [REDACTED] stated that [REDACTED] was walking up to the building. [REDACTED] confirmed the address numbers. [REDACTED] advised [REDACTED]

of the previous call details identifying the male as bi-polar and schizophrenic. [REDACTED] stated he was standing to the side of the door as [REDACTED] made contact with the male. [REDACTED] stated that [REDACTED] advised Calloway of the noise complaint, to which Calloway stated it wasn't him. [REDACTED] stated that he could clearly hear the loud noise coming from inside the apartment. [REDACTED] stated that Calloway invited them inside the residence, where they observed Calloway had a sound bar on, which was emitting loud audio.

[REDACTED] advised Calloway that he had a warrant. [REDACTED] stated that Calloway made a statement to the effect of, "people are stealing plants." [REDACTED] stated that Calloway was told he was under arrest. [REDACTED] observed Calloway holding a tennis ball that he threw. [REDACTED] said he observed [REDACTED] grab one of Calloway's arms and Calloway clinched up. [REDACTED] stated that he immediately went to grab Calloway's right arm. While trying to take control of Calloway's arm they went to the ground. [REDACTED] described that no force was used to take Calloway to the ground, but it was like he went to the ground on his own.

[REDACTED] described that Calloway landed on his knees with his upper body lying face down on the couch. [REDACTED] stated that [REDACTED] still had a hold of Calloway's left arm. [REDACTED] was trying to gain control of Calloway's right arm, which was now positioned under his stomach. He advised that he repeatedly told Calloway to stop resisting, and that he was under arrest. [REDACTED] stated that he was unable to pull Calloway's hand from under his stomach. He said that Calloway may have been holding his shirt/waistline or was just very strong.

[REDACTED] stated that he was aware that Calloway had mental health issues, so he tried to convince Calloway to cooperate and give officers his arm. He stated that Calloway repeatedly said no. [REDACTED] stated that he recalled Calloway at one point saying, "I can't get up." [REDACTED] aired over the radio that officers were "26" (fighting).

[REDACTED] stated that he was not applying any pressure to Calloway, as he was positioned to his side and holding onto Calloway's arm in case it became free. [REDACTED] stated that [REDACTED] handed him an ASP. He attempted to place the ASP in the pit of Calloway's elbow to try and pry his arm out but was unsuccessful. [REDACTED] described that Calloway's arms and the couch were wet and that he could smell urine in the apartment. [REDACTED] stated that dispatch aired a "check" over the radio, and he said additional units were needed. [REDACTED] stated that he told [REDACTED] that they needed to wait for additional units to arrive.

[REDACTED] said that [REDACTED] arrived on scene, and he told him that he was unable to secure Calloway's right arm. [REDACTED] and [REDACTED] got ahold

of Calloway's arm and pulled, at which point Calloway's arm became free, and they placed him in handcuffs.

██████████ said they attempted to move Calloway and observed that he was not responsive. ██████████ advised that he was not sure if Calloway was playing dead to not cooperate. ██████████ stated that when he observed Calloway's face, it had no expression and the color was not good. ██████████ said that ██████████ immediately aired over the radio that they needed EMS. ██████████ stated that he and ██████████ repositioned the handcuffs to the front of Calloway's body.

██████████ described that when they moved Calloway, he heard air but was not sure if it was agonal breathing. ██████████ stated that he checked Calloway's wrist for a pulse. At that point, ██████████ responded with an AED that was placed on Calloway. ██████████ said that the AED advised that no shock was needed and to start CPR. ██████████ said he began doing CPR while counting out loud. ██████████ stated that he recalled getting to 60 or 70 seconds, then Officer Brent James took over CPR.

██████████ did not recall Calloway struggling or moving, just deadweight, not letting his arm free. ██████████ did not recall what ██████████ was doing to control Calloway on the other side. He stated that he observed ██████████ was able to secure two sets of handcuffs on Calloway's left hand. ██████████ believed that the incident lasted three to four minutes. ██████████ described that Calloway had his face on the seat of the couch. He did not recall if Calloway was moving his head, because he was focused on Calloway's arm and hands. ██████████ was unsure if Calloway had urinated and defecated on himself before, during, or after the incident. ██████████ did not observe any physical injuries on Calloway.

██████████

At the time of the incident, ██████████ was at the Union Township Police Department preparing to get off shift when he heard over the radio that officers were involved in a 26 (fight) and needed assistance. ██████████ stated that he responded to the residence, and it took approximately eight (8) minutes to arrive on scene.

██████████ stated that when he walked into the residence, he observed ██████████ and ██████████ on each side of Calloway. ██████████ observed that ██████████ had control of one of Calloway's arms and the other arm was tucked underneath Calloway. ██████████ stated that he attempted to take control of Calloway's tucked arm. ██████████ said he felt resistance and had to use some strength to pull it out from under Calloway. ██████████ stated that once Calloway's arm was free, he assisted with handcuffing and rolling Calloway to his side.

Officer Involved Critical Incident - 640 Daniel Court #16A,
Cincinnati, OH 45244 (L)

He stated that Calloway's eyes were rolled back and he was not responsive. [REDACTED] described that he heard what sounded like snoring from Calloway. [REDACTED] then assisted repositioning the handcuffs from behind Calloway's back to the front of his body. [REDACTED] said that a squad was requested and [REDACTED] retrieved an AED. [REDACTED] stated that officers took turns administering CPR. [REDACTED] said that he provided CPR for approximately three (3) minutes prior to EMS arrival. While administering CPR, [REDACTED] described that Calloway's chest was wet, which he later realized was urine. He also described smelling a strong odor of urine inside the residence.

[REDACTED] stated that he did not hear officers give Calloway verbal commands or hear any verbal statements made by Calloway. [REDACTED] could not recall how Calloway's face was positioned when he arrived on scene. [REDACTED] did not observe any physical injuries on Calloway.

Officer Brent James:

On the morning of July 14, 2026, Officer James stated that he was near Cherry Grove conducting surveillance. He had a portable radio with him and stated that he heard [REDACTED] and [REDACTED] dispatched to a loud music complaint at 640 Daniel Court Apartment 16A. He said that officers made contact with the male and then advised that they were in a 26 (fight). Officer James started that way and stated that while in route, officers asked for additional units and said to step it up. Officer James also recalled officers requesting dispatch to send a squad (medics).

He estimated that it took him three to five minutes to arrive on scene. When Officer James arrived, he said that there were five officers already on scene, including four road patrol officers and one sergeant. At that time, the subject was already in custody, and first aid was being rendered by other officers. Officer James observed the male inside, laying on his back by the couch. He stated that he observed the subject handcuffed in front of his body. There was an AED hooked up to him, which advised "no shock", and he said that [REDACTED] started CPR. Officer James obtained gloves and began doing chest compressions, before Officer Parlier took over. Officer James did not observe the subject make any noises or statements during the incident. Officer James stated that he used a department owned digital camera to take pictures of the subject and the scene.

The subject was transported by medics to Mercy Health Anderson Hospital. Officer James responded separately to the hospital and met with the subject in the Emergency Room. He said that medics had a pulse on the subject when he first got there. Within 10 minutes, he stated that medics lost the pulse and started working on him again. The subject was intubated and regained a pulse. Officer James stated that himself and UTPD

It should be noted that no traumatic injuries were located in the medical records. Calloway's medical history showed that he had a history of the following medical conditions:

Gary & Ethel Calloway Interview:

On Wednesday, August 5, 2026, at 1000 hours, SA Frazier and SA Barkley interviewed the parents of Gary Calloway Jr., Gary and Ethel Calloway. Ethel stated that Calloway lived at 640 Daniel Court Apartment 16A in Union Township, Ohio, for approximately 10 years. She said that the last time that she saw Calloway was on Sunday, July 12, 2026. Ethel

stated that she checked on Calloway and made sure that he had groceries. She said that he seemed healthy and there was nothing unusual observed at this time.

Ethel and Gary stated that Calloway was diagnosed with Parkinson's disease approximately four years ago. Ethel stated that she believed Calloway was taking his medication because without it he would get tremors. Ethel said that Calloway was also diagnosed with schizophrenia and bipolar disorder. Ethel described that in the past few weeks, that Calloway would make statements that didn't make sense, including comments that he was a police officer.

Ethel said that Calloway wore glasses and had cataracts. She described that Calloway had gained a lot of weight recently. She said that Calloway used to be on blood pressure medicine but was not sure if he was still prescribed anything. She also said that Calloway had hernia surgery earlier this year. Ethel advised that Calloway was under a lot of stress recently due to being behind on his utility bills and rent payment.

Ethel and Gary were asked about the recent package theft situation. Ethel described that Calloway was expecting a Walmart delivery. She said that Calloway believed the order was accidentally delivered to the apartment next door. Ethel said that Calloway had taken the package and that it was returned. She was aware that the police were called and had filed charges against Calloway. Ethel said that Calloway was supposed to go to court, but he refused to go and told Ethel that security had taken care of it.

On Tuesday, July 14, 2026, around 0830 hours, Ethel stated that she was contacted by hospital staff at Mercy Anderson Hospital. Medical personnel told her that Calloway was being treated in the Intensive Care Unit (ICU) and requested that family respond. When Ethel and Gary arrived at the hospital, she said that Union Township Police Detective Clay Zimmerman requested to speak with them. Ethel stated that Detective Zimmerman asked numerous questions about Calloway but did not provide them with any information about what had happened.

Ethel described that Calloway remained unconscious at the hospital. She said that he was receiving assisted breathing and was placed in a medically induced coma. Ethel and Gary said that there was no change in Calloway's condition while he was being treated.

On Wednesday, July 15, 2026, Ethel stated that medical staff took Calloway off all medication and performed brain function tests. Medical staff told Ethel and Gary that Calloway had been without oxygen for five minutes or longer, which resulted in him being "brain dead." At the request of the family, Calloway was taken off the breathing machine and passed away on July 15, 2026, at approximately 1400-1500 hours.

Cincinnati, OH 45244 (L)

SA Frazier asked if they observed any injuries on Calloway at the hospital. Ethel stated that she observed a possible black eye/bruise on Calloway's right eye and several stretch marks on his chest. SA Frazier advised that the marks on his chest were most likely due to the external CPR machine (LUCAS device) utilized by EMS.

Gary and Ethel were given the opportunity to view the officer's BWC videos from the date of the incident. After reviewing the video, no additional questions were asked. Ethel commented that the police interaction seemed excessive for a petty theft of only \$38.

Conclusion:
