Involves: Delaine Koelliker (O)
Activity Date: 10/9/2023
Activity Location: Delanie Koelliker's Residence –
7524 Van Ness Avenue, Hubbard, Ohio 44425
Authoring Agent: SA Charles Moran #67

Narrative:

On October 9, 2023, at 1216 hours, Ohio Bureau of Criminal Investigation (BCI) Special Agent (SA) Chuck Moran (Moran) interviewed Delaine Koelliker (Koelliker) at her residence.

Previously, on October 4, 2023, SA Moran left a business card in Koelliker's mailbox during a neighborhood canvass due to it being about 0300 hours, when the neighborhood canvass began.

On October 4, 2023, at 1352 hours, SA Moran received an email from Ohio State Highway Patrol (OSHP) Trooper Brian DePizzo (DePizzo). Trooper DePizzo noted that he went back to the scene that morning and spoke with Koelliker. Koelliker told Trooper DePizzo that the subject attempted to force entry into her porch through two different doors and also tried to enter her garage. Koelliker said she retreated to her basement after that occurred.

During SA Moran's interview of Koelliker on October 9, 2023, Koelliker said the subject was in the "ravine" and was hiding. She said she "had no idea" if the subject was trying to enter her house. Koelliker said she always keeps her doors locked and confirmed that she heard the subject trying to open the doors. She said she lives alone.

Koelliker told SA Moran that she did not see the shooting incident. She said her daughter called her and told her to go to her basement and lock her doors. She believed that the subject was "looking for somewhere to hide." Koelliker explained that everything happened in the "ravine." She admitted that she was "scared." Koelliker said the officers were at her residence during the incident. She did not have any cameras attached to the exterior of her residence. She did not know the subject involved, but believed he was "on drugs."

The interview ended at 1224 hours. SA Moran used Axon Capture to audio record the interview and it was uploaded to Evidence.com. SA Moran downloaded the audio recording, placed it in Matrix, and attached it to this report.
