Investigative Report

Title / Subject: FIELD INTERVIEW JOHN

12/12/21

WITNESS: JOHN DASHER

D.O.O. 12/12/21

On the above date and time this detective spoke with John Dasher who resides at 1701 East 12th Street Apartment [REDACTED] Cleveland, Oh (Reserve Square). Dasher had cell phone video sent to him by two eye witnesses of the incident being investigated.

Dasher came forward to advise detectives that two students from India who live directly beside him had recorded the incident and sent it to his cellphone. Dasher reports that he himself heard the incident but was too busy watching the Cleveland Browns game. Detectives asked Dasher if he seen anything and he responded by saying "I didn't necessarily say I saw anything, I heard all the gun fire I heard everything". Dasher immediately shows detectives cell phone footage of the incident, which is partially viewed on my body worn camera. Detectives asked Dasher where the two individuals were at who took the video and he immediately said "They do not want to get involved". This detective was able to send both videos from Dasher's phone to my county email.

Detectives advised Dasher that we would need to speak with both parties who filmed the incident. Dasher agreed to go and speak with both individuals to let them know that we needed to talk to them in regards to what they both seen.
