

submitted for my approval. At this time I made a memorandum for the use of your office in which memorandum it was pointed out that the taxes and assessments previously noted had been paid and discharged. In this memorandum it was further noted that the transactions for the purchase of this property were in such a situation that a voucher and warrants covering the purchase price of the property might then be issued and the suggestion was made that two warrants should be issued, one covering the Federal Land Bank mortgage and the other covering the equity of Curtis E. Minsel and Anna Minsel in and to this property, and that before the warrants were delivered representatives of the Conservation Division having the purchase of this property in charge should see that the foreign execution in the amount of \$1092.50 and \$11.75 costs should first be released.

I am advised that voucher and warrants covering the purchase price of this property have been issued as suggested in my memorandum under date of December 19, 1932, and the purpose of this communication is that the same shall serve as a formal opinion with respect to the title to this property so as to conform to the requirement of the law with respect to property purchased by the State of Ohio.

Respectfully,

GILBERT BETTMAN,

Attorney General.

4878.
