Narrative:

On August 2, 2023, the Ohio State Highway Patrol (OSHP) requested the Ohio Bureau of Criminal Investigation (BCI) investigate the facts and circumstances surrounding an Officer-Involved Critical Incident (OICI) that occurred on the same date. The incident began in Madison County, Ohio, after the involved subjects, Rodney and Elaine Helman, fled from law enforcement officers and entered a parked tractor unit. The tractor unit was occupied by [REDACTED] whom the Helmans held against his will. At some point during the incident, Rodney shot [REDACTED] in the right hand. The Helmans continued to evade law enforcement officers using the tractor unit. The incident concluded on Dayton International Airport Access Road in Montgomery County, Ohio, where the Helmans were critically wounded from gunshots fired by OHSP SRT members. The Helmans later succumbed to their injuries at the Miami Valley Hospital.

On August 22, 2023, BCI Special Agent Steven Seitzman reviewed OSHP Trooper Hector Burgos body-worn camera footage at the request of BCI Special Agent Richard Ward. SA Ward specifically requested that the video be cropped to the relevant portion of the incident. SA Ward also requested still images depicting a shot fired from inside the truck.

SA Seitzman also created three still images depicting a gunshot fired from inside the truck. The gunshot was fired in the direction of OSHP SRT members on the passenger side of the tractor unit.

The video subclip was uploaded on the AGO Network F: Drive. The still images were added to the case files and are attached below. See SA Ward's investigative report for additional details gleaned from the body-worn camera footage.
