A light blue Chevrolet pickup truck is parked on a dirt path. The driver-side door is open, and the truck has a rusted metal container attached to the front. The word "CHEVROLET" is visible on the rear tailgate.

A surveying instrument, likely a total station or theodolite, is mounted on a yellow tripod. The instrument is positioned on a grassy area to the right of the truck.

Yellow evidence markers are placed on the ground. Markers 1, 2, and 3 are on the dirt path near the truck. Markers 4, 5, and 6 are on the grassy area in the foreground.

In the background, a yellow caution tape cordons off an area. Behind the tape, a red fire truck and other vehicles are visible. The scene is set in a wooded area with bare trees, suggesting a late autumn or winter setting.
