J.D. DRILLING COMPANY

CONSENT ORDER

Defendant.

This cause came on for hearing on the State's Motion for Preliminary Injunction on the 14th of June, 1983. Before the Court were the Defendant James E. Diddle and counsel for the respective parties.

The court finds that this court has jurisdiction over the parties and over the subject matter of this action.

The court further finds that the complaint states a claim upon which relief may be granted.

The court was informed that the parties had reached an agreement.

Therefore, without further findings by the court, and upon consent of the parties, the court ADJUDGES, DECREES, and ORDERS the following:

I

This order shall be binding upon the Defendant and any other amenable persons having knowledge of the order. The word "Defendant" as used in this order incorporates all of the foregoing parties.

II

This order constitutes a final disposition of only that portion of plaintiff's complaint seeking preliminary and permanent injunctive relief. The issue of whether a civil penalty

against defendant should be assessed, and, if so, in what amount as well as the payment of court costs, shall be determined at a subsequent hearing on the merits of that portion of plaintiff's complaint seeking such relief. This Consent Order shall not be affected in any way by the outcome of the subsequent civil penalty hearing.

The defendant shall dispose of any saltwater produced from the

- Goeglein-Canady Well No. 1,
- T.S. Meadows Well No. 1,
- Edith Lambert Well No. 1,
- Ernest Lambert Well No. 2, and

in a manner approved by the Chief of the Division of Oil and Gas, Department of Natural Resources, pursuant to Ohio Revised Code Section 1509.22.

IV

The Defendant shall complete restoration of the well-site of the Goeglein-Canady Well No. 1 pursuant to the requirements of Section 1509.072 of the Ohio Revised Code within thirty days after the entry of this Consent Order.

V

The Court retains jurisdiction for the purpose of making any order or decree necessary to carry out this order.
