RapBack Program Notifications and Activity Logs	BCI-ID-011 10551537	The RapBack program generates proactive reports to organizations when an enrollee who has undergone a fingerprint-based background check has subsequent criminal activity. Based on information received from courts and law enforcement, notification is sent to the subscriber that activity has occurred on an enrollee's record. The notifications allow the subscribing organization to research the offense and make decisions concerning whether the event disqualifies the enrollee from employment, licensure, volunteering, etc. Manual and automated logs and emails included in this series track the subscriber's actions within the account.	ORC 109.572(E) - Information in the Retained Applicant Fingerprint Database is confidential and not a public record under 149.43.		Electronic – 2 years  Paper – 2 years	Full and current criminal histories maintained in Computerized Criminal History Database. These rapsheets are moments in time. Subscribers' capture of documentation is what would be used in an employment decisions, not the rapsheet stored in AGO system.	Electronic – Delete  Paper – Shred	1/7/2014

Record Series Title	Agency and Series Authorization Numbers	Record Series Description	Confidential Description	Vital Description	Retention Period	Retention Justification	Method of Disposal	Date Schedule Approved
Criminal History and Biometric Indicator Files	BCI-ID-012 10551589	The Bureau of Criminal Investigation & Identification (BCI) is the central repository for the State of Ohio, per 109.57-.69, for all information required therein, including information necessary to run background checks and criminal identification. These files are made up of data in the Computerized Criminal History (CCH) system, the Automated Fingerprint Identification System (AFIS), and all interconnected subsystems.	Because this information is part of the Computerized Criminal History (CCH) database, it is protected under ORC 109.57 (duties of superintendent).	Mission critical system – hard to recreate.	Electronic – Retain 110 years or 7 years after death is adequately established.  Paper – Retain 110 years or 7 years after death is adequately established. If scanned, dispose of paper file as soon as possible.	110 years follows the FBI’s retention schedule. However, because BCI systems will contain additional information beyond the FBI systems, it is necessary to retain BCI’s data independently. 110 years or 7 years after death should ensure that there is no more need to reference a person’s record for reference in future violations, identifications, investigations, or prosecutions.	Electronic – Delete  Paper – Shred	8/31/2022

State Registry of Sex Offenders	BCI-ID-014 10551590	Pursuant to the requirement of 2950.13, the Office of the Ohio Attorney General/Bureau of Criminal Investigation & Identification (BCI) shall maintain a state registry of sex offenders and child victim offenders. Registry also provides information for public notifications. Demographic information includes, but is not limited to, the sex offender's name, address, personally identifying information, conviction information, victim information, and registration status.	ORC 2950.13 registry itself is not a public record, though portions are used to provide public information about sex offender locations.		Electronic – Retain until terminated by operation of statute or court order, 110 years, or 7 years after adequate proof of death, whichever comes earlier.	Length of time will vary by degrees of classification and nature of offense. 110 years or 7 years after death should ensure that there is no more need to reference a person's record for reference in future violations, identifications, investigations, or prosecutions.	Electronic – Delete	2/11/2016
