This cause came before the Court on an unemployment compensation appeal. The Appellant appealed from the final decision of the Ohio Unemployment Compensation Review Commission (“Review Commission”) that concluded that the Epilepsy Foundation of Western Ohio’s charges could not be mutualized. The Review Commission is unable to file a certified record with this Court pursuant to R.C. 4141.282 (F) as it is unable to produce a transcript of the hearing that occurred on January 22, 2014.

WHEREFORE, IT IS ORDERED, ADJUDGED AND DECREED that the case is REMANDED to the Review Commission for a new evidentiary hearing for those issues which were before the Review Commission on January 22, 2014 only. Court cost shall be paid by the Ohio Department of Job and Family Services.
