

# Ohio Victims of Crime Compensation Program

2007 ANNUAL REPORT

---

Crime Victims Compensation Section

Dear Fellow Ohioan:

Few events in life are as potentially devastating as being an innocent victim of violent crime. While we all recognize that no amount of money can bring back a loved one who has been murdered or adequately compensate for physical injuries and psychological damage that may linger for years, the state of Ohio created the Crime Victims Compensation Fund in 1976 to help victims and their families cope with the financial hardship they often experience as they attempt to rebuild their lives.

As your Attorney General, I am responsible for administering the Fund, for protecting its financial stability, and for ensuring that it meets the needs of eligible victims and their families as quickly and efficiently as possible.

I am gratified to report that over the past year my office has met each of those responsibilities.

Most importantly, we have worked hard to eliminate the red tape and bureaucracy that once bogged down the benefit approval process and forced victims and their families to wait far too long to receive the financial assistance they need and deserve.

Thanks to the hard work and dedication of our staff, the average time needed to process an application for benefits has fallen from 125 days in 2005 to 64 days for a non-homicide claim in 2007 even though the number of claims filed rose by more than 1,000 during that two-year period. I am confident that we will continue to make significant strides in this area in the years ahead.

Finally, I want all Ohioans to know that along with doing everything possible to ensure that the Fund meets the needs of victims and their families, I am working diligently with federal, state, and local police and prosecutors to fight crime and make and keep our communities safe and secure. As we strive to achieve those goals, please feel free to contact my Crime Victims staff at 1-800-582-2877 or visit my website, [www.ag.state.oh.us](http://www.ag.state.oh.us) for more information on the services we provide.

Very Truly Yours,

## I. Introduction

The Ohio Victims of Crime Compensation Fund (the Fund) was created in 1976 to help innocent victims of violent crime to ease the financial impact inflicted on their lives as a result of crime. From 1976 until July 1, 2000, the primary responsibility for the Fund rested with the Court of Claims of Ohio — the Attorney General would make recommendations to the court concerning the applications for reparations and the court would render the decisions. On July 1, 2000, responsibility for the Fund was transferred to the Attorney General and additional benefits have been added through legislation over the years. This transfer has resulted in a less bureaucratic system, a more streamlined compensation process, and victims are receiving financial assistance faster. The benefits of these changes can be seen in the statistics provided within this report. This report covers the period from July 1, 2006, to June 30, 2007.

## II. Overview of the Program

The Ohio Revised Code, Chapter 2743, governs the compensation program and provides that applicants may be reimbursed up to \$50,000 for economic losses they incur as a result of a violent crime. The following is a list of types of economic losses that may be recovered:

- Medical and related expenses.
- Funeral and burial expenses (up to \$7,500)
- Dependents' economic losses resulting from the death of a victim.
- Counseling expenses for family members of victims of domestic violence, sexual assault, homicide, or a crime that has resulted in a severed and permanent incapacitating injury such as paraplegia (up to \$2,500 per family member and \$7,500 in the aggregate for all family members).
- Crime scene clean-up expenses (up to \$750).
- Compensation for property held as evidence (up to \$750).

One cannot receive compensation for pain and suffering, and stolen, damaged, or lost property. Also, the program is the payer of last resort and will not compensate for economic losses that can be recovered from another source.

In order to participate in the program:

- the application must have been filed with the Attorney General's Office within two years of the date of the crime (for claims resulting from the victimization of minors, the application must, in almost all cases, have been filed by the minor's 20<sup>th</sup> birthday);
- the crime that gave rise to the claim must have been reported to law enforcement within 72 hours of its occurrence (unless good cause can be shown for the delay);
- the victim and/or applicant must have cooperated with law enforcement; and the victim must not have engaged in any conduct that substantially contributed to the injuries sustained.

Except for dependents' economic loss or family counseling for minor children, no compensation is paid on a claim where, within 10 years of the crime that gave rise to the claim, or during the pendency for the claim: the victim

was convicted of a felony offense, engaged in an offense of violence or drug trafficking; also, where the applicant was convicted of a felony, domestic violence, or child endangering offense, engaged in an offense of violence or drug trafficking compensation will be denied. Additionally, no compensation will be paid on a claim based upon the victimization of an adult person incarcerated and serving a sentence at the time of the incident. Finally, compensation is paid on claims arising from motor vehicle incidents only in five limited circumstances:

- 1) the offending driver was driving in violation of OMVI laws;
- 2) the offending driver acted intentionally;
- 3) the offending driver was immediately fleeing the commission of a felony;
- 4) the offending driver drove in a manner constituting vehicular assault or aggravated vehicular assault; *or*
- 5) the offending driver left the scene *and* caused serious physical harm.

### III. Administrative Costs

Administrative costs for Fiscal Year 2007 saw a slight, 7 percent, increase. This increase can be attributed to modest increases in personnel expenses and a sizeable increase in maintenance expenses for the Assistance Unit. With the exception of increases in equipment expenses for the Compensation and Court of Claims Units, most expenses for these units saw just a slight increase or even a moderate decrease in Fiscal Year 2007.

## IV. Attorney Fees

Attorney's fees may be provided by two separate means under the Crime Victims Compensation Statute. First, the Attorney General shall pay attorney's fees, commensurate with services rendered, for assisting an applicant in processing a crime victim's claim at a rate of \$60 per hour<sup>2</sup>. This payment does not reduce any award granted to the victim. The attorney fees issued in Fiscal Year 2007 slightly increased from the previous year. (See Chart 1). Second, attorneys who assist the claimant with successfully obtaining a restraining order, custody order or other order to physically separate the victim from the offender, may receive reasonable attorney fees not exceeding \$2,500, at a rate not exceeding \$150 per hour<sup>3</sup>. An attorney may only receive payment under this section if he has not received payment for assisting an applicant with a crime victim's claim. Further, this payment does not reduce an award granted to the victim. As Chart 2 demonstrates, the amount the fund has paid attorneys who have assisted with these orders has increased by thirteen times since Fiscal Year 2004, and this amount more than doubled over Fiscal Year 2006.

In addition, the amount paid to attorneys assisting with the above mentioned orders in Fiscal Year 2007 is approximately three times the total amount paid for mental health counseling for victims of crime (See "Awards by Type of Benefit Paid," Table 2).

### V. Awards by Incident Type

As has been the case in past years, the overwhelming majority of awards are paid to victims of Assault (48.08 percent). After Assaults, the most frequently paid awards related to incidents of Domestic Violence (14.98 percent) or Robbery (10.99 percent). After those two classifications, remaining classes of crimes such as Homicide and Sexual Assault each account for approximately 7 percent of claims paid.

## VII. Subrogation

The Attorney General continues to honor his statutory duty to subrogate and hold offenders financially accountable for their crimes. The subrogation unit's collection efforts against offenders, insurance companies, and other liable parties allow for the crime victims fund to be reimbursed. The chart below depicts the results of the subrogation unit's efforts.
