Officer Involved Critical Incident - 311 25th Street SW, Canton, Ohio

Investigative Activity: Review of Dispatch Related Information
Activity Date: July 31, 2023
Activity Location: BCI - Richfield
Authoring Agent: SA Matthew Armstrong #146

Narrative:

On July 31, 2023, Ohio Bureau of Criminal Investigation (BCI) Special Agent (SA) Matt Armstrong (Armstrong) reviewed the following items related to the June 7, 2023, officer-involved shooting in Canton, Ohio:

- Audio recorded 911 call
- Audio recorded police radio traffic and data
- Canton Police Department (CPD) Computer Aided Dispatch (CAD) report

The documents and recordings were provided on June 20, 2023, by Canton Police Department (CPD) Lt. Mike Talkington. The recorded radio traffic and 911 call have been stored in the BCI SIU case file as Reference Item G. The CAD report has been uploaded to Matrix and attached to this report.

SA Armstrong reviewed the provided files and recordings and noted the following:

Audio recorded 911 Call

There were six duplicate copies of the recorded 911 call. The recording was 1 minute, 30 seconds and titled *10_911_IP_Position_1_2023_06_07_22_06_11_by_Start_Time_asc*.

A female dispatcher answered the call stating “911 what is your emergency?” The female caller who requested to remain anonymous said her neighbors at 311 25th Street SW were fighting and she was worried. She said a male and female were yelling and screaming and they were inside and outside the house. She did not know if they were physically fighting.

Audio Recorded Police Radio Traffic

There were six duplicate copies of recorded radio traffic. After confirming the recordings were duplicate copies, only one set of recorded radio traffic was reviewed. It included 307 radio transmission recorded from “Channel A” and 108 radio transmissions from “Channel 2.” Each transmission was stored in a separate WAV file and was titled with the date and time of the transmission. Two text documents, one titled *311_25th_SW_Channel_A_2207_2338-CDR* and

MDT Records

Mobile Data Terminal (MDT) chat records were not provided. On August 1, 2023, SA Armstrong spoke with Sgt. McWilliams to obtain the records and learned the reason MDT records were not provided was because there were no chat records to provide. Sgt. McWilliams explained Officer Sean Flaherty had queried the records generated by the MDT utilized by Officer Dryden and Officer Wohlheter and found no chat messages existed.
