

principal decides to turn over to the consideration of said agent upon the completion of which the relationship of agency is at an end.

Concerning your second question, you are advised that section 486-17a General Code, authorizes the state civil service commission to:

"Hear, or appoint a trial board to hear, such appeal, etc. * * *."

So, since the new section supplies power to appoint a local municipal civil service commission as agent for carrying out the provisions of this act, and the act already authorizes appointment of a trial board to hear appeals, it follows the commission may designate the agent it is authorized to appoint in amended section 486-5; General Code, as such trial board to hear such appeals.

You are therefore, advised, and such is the opinion of this department, that the designation of a municipal civil service commission as agent is for a specific matter occurring in the county where the municipality is located and the appointment is made from time to time as the state civil service commission may desire; and further that said designated agent may hear an appeal from an order of removal as a trial board when such duty is imposed upon it as agent of the state civil service commission.

Respectfully,

C. C. CRABBE,
Attorney General.
