

attached to the container, I feel that it is "in or on" the container within the meaning of Section 1155-5, supra, and that this is legitimately one of the "other means whereby words or figures may be indicated in or on a container" within the meaning of that section.

In view of what has been said and in answer to your inquiry, I am of the opinion that the Director of Agriculture may lawfully adopt regulations permitting the foods described in Section 1155-3 of the Code to be marked with a tag attached to the container of such food or the cover attached thereto, which tag shall show the date of deposit in and removal from a cold storage warehouse.

Respectfully,

GILBERT BETTMAN,
Attorney General.

Re: Bonds of Williams County, \$17,168.00.

Industrial Commission of Ohio, Columbus, Ohio.

I have examined the three transcripts relative to the above issue of bonds.

The transcript covering the issuance of bonds in the amount of \$3,257.63, being Fountain Lane Road Improvement, C. H. No. 57, discloses that the notice that estimated assessments have been made was published for two consecutive weeks on the same day of each week, the first publication being on November 1, 1928. Said notice fixed the date of hearing objections to assessments as November 10, 1928, upon which date the board of county commissioners levied such assessments.

The transcript covering the issuance of bonds in the amount of \$8,103.03, being Quaker Church Road Improvement, C. H. No. 48, discloses that the notice that estimated assessments have been made was published for two consecutive weeks on the same day of each week, the first publication being on November 1, 1928. Said notice fixed the date of hearing objections to assessments as November 10, 1928, upon which date the board of county commissioners levied such assessments.
