

validity of the operation of this act. It is difficult to state a definite rule as to when the business of cleaning hats by means of inflammable liquids comes within the meaning of Section 843-19, of the General Code. It appears to me that this must be determined by the facts in each particular case.

In specific answer to your inquiry, I am of the opinion that a person engaged in the business of cleaning felt and straw hats, by the use of inflammable liquids or substances, may be engaged in the business of dry cleaning, as defined by Section 843-19 of the General Code. Whether or not he is engaged in such business, must be determined from the facts in each particular case.

Respectfully,
 GILBERT BETTMAN,
Attorney General.
